

rate previously established for the China-wide entity is 48.91 percent.⁴

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. We intend to instruct CBP to apply an *ad valorem* assessment rate of 48.91 percent (*i.e.*, the China-wide entity rate), to all entries of subject merchandise during the POR which were exported by Ningbo Dongxin.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for Ningbo Dongxin, that has not been found to be entitled to a separate rate, the cash deposit rate will be that for the China-wide entity; (2) for previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the China-wide entity; and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

⁴ See *Order*. We adjusted the dumping margin of 59.45 percent to account for subsidy offsets calculated in the companion countervailing duty proceeding.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 351.221(b)(5).

Dated: March 20, 2023.

The period of investigation (POI) is January 1, 2021, through December 31, 2021.

DATES: Applicable March 27, 2023.

SUPPLEMENTARY INFORMATION:

Background

On November 3, 2022, Commerce published in the **Federal Register** its *Preliminary Determination*, in which it also postponed the final determination until March 20, 2023.¹ Commerce invited interested parties to comment on the *Preliminary Determination*.²

For a complete description of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.³ The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The products covered by this investigation are preserved mushrooms from Poland. For a full description of the scope of this investigation, see Appendix I.

Verification

As provided in section 782(i) of the Tariff Act of 1930, as amended (the Act), in December 2022, we conducted verification of the sales information submitted by Okechamp S.A. (Okechamp) for use in our final determination. We used standard verification procedures, including an examination of relevant sales and accounting records, and original source documents provided by Okechamp.⁴

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in this investigation are discussed in the Issues and Decision Memorandum. A list of the issues raised in the Issues and Decision Memorandum is attached to this notice as Appendix II.

Changes Since the Preliminary Determination

We have made certain changes to the margin calculations for Okechamp, Bonduelle Polska-UL.Michala (Bonduelle Michala) and Bonduelle Polska SA (Bonduelle Polska) since the *Preliminary Determination*. See the Issues and Decision Memorandum for a discussion of these changes.

Use of Adverse Facts Available

As discussed in the *Preliminary Determination*, Commerce assigned to the mandatory respondents in this investigation, Bonduelle Michala and Bonduelle Polska, estimated weighted-average dumping margins on the basis of adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Act.⁵ There is no new information on the record that would cause us to revisit our decision in the *Preliminary Determination*. Accordingly, for this final determination, we continue to find that the application of AFA pursuant to sections 776(a) and (b) of the Act is warranted with respect to Bonduelle Michala and Bonduelle Polska.

Pursuant to section 776(b) of the Act, we examined the dumping margins alleged in the petition, the weighted-average dumping margin calculated in this final determination, and other information of the record of this investigation to determine an appropriate estimated weighted-average dumping margin for Bonduelle Michala and Bonduelle Polska based on AFA. We are assigning the highest transaction-specific dumping margin calculated for Okechamp as the estimated weighted-average dumping margin to Bonduelle Michala and Bonduelle Polska based on AFA. Because we are relying on information obtained in the course of this investigation, we do not need to corroborate this margin pursuant section 776(c) of the Act. For further discussion, see the Issues and Decision Memorandum at “Use of Adverse Facts Available.”

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other

producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding rates that are zero, *de minimis*, or determined entirely under section 776 of the Act.

In this case, Commerce calculated an individual estimated weighted-average dumping margin for Okechamp that is not zero, *de minimis*, or determined entirely under section 776 of the Act. Consequently, the rate calculated for Okechamp is also assigned as the rate for all other producers and exporters.

Final Determination

Commerce determines that the following estimated weighted-average dumping margins exist for the POI:

Producer/exporter	Estimated weighted-average dumping margin (percent)
Okechamp S.A	34.32
Bonduelle Polska-UL.Michala	57.22
Bonduelle Polska SA	57.22
All Others	34.32

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this final determination within five days of the date of publication of this notice or, if there is no public announcement, within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all entries of preserved mushrooms from Poland, as described in Appendix I to this notice, which were entered, or withdrawn from warehouse for consumption on or after November 3, 2022, the date of publication of this *Preliminary Determination* of this investigation in the **Federal Register**.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), where appropriate, Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) the cash deposit rate for the respondents listed above will be equal to the company-specific estimated weighted-average

dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension of liquidation instructions will remain in effect until further notice.

U.S. International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the U.S. International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. Because Commerce's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of preserved mushrooms from Poland no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposits posted will be refunded and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Continuation of Suspension of Liquidation” section.

Administrative Protective Order

This notice will serve as a final reminder to the parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination is issued and published in accordance with sections

⁵ See *Preliminary Determination*, 87 FR at 66273.

735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: March 20, 2023.

Assistant Secretary for Enforcement and Compliance.

The merchandise covered by this investigation is certain preserved mushrooms, whether imported whole, sliced, diced, or as stems and pieces. The preserved mushrooms covered under this investigation are the genus *Agaricus*. “Preserved mushrooms” refer to mushrooms that have been prepared or preserved by cleaning, blanching, and sometimes slicing or cutting. These mushrooms are then packed and heat sterilized in containers each holding a net drained weight of not more than 12 ounces (340.2 grams), including but not limited to cans or glass jars, in a suitable liquid medium, including but not limited to water, brine, butter, or butter sauce. Preserved mushrooms may be imported whole, sliced, diced, or as stems and pieces.

Excluded from the scope are “marinated,” “acidified,” or “pickled” mushrooms, which are prepared or preserved by means of vinegar or acetic acid, but may contain oil or other additives. To be prepared or preserved by means of vinegar or acetic acid, the merchandise must be a minimum 0.5 percent by weight acetic acid.

The merchandise subject to this investigation is classifiable under subheadings 2003.10.0127, 2003.10.0131, and 2003.10.0137 of the Harmonized Tariff Schedule of the United States (HTSUS). complete description of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.⁴

Period of Investigation

The period of investigation is January 1, 2021, through December 31, 2021.

Scope of the Investigation

The products covered by this investigation are preserved mushrooms from Spain. For a full description of the scope of this investigation, see Appendix I.

Analysis of Comments Received

The issues raised in comments that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice at Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Verification

As provided in section 782(i) of the Tariff Act of 1930, as amended (the Act), in December 2022, we conducted verification of the sales information submitted by Eurochamp for use in our final determination. We used standard verification procedures, including an examination of relevant sales and accounting records, and original source documents provided by Eurochamp. As explained in the Issues and Decision Memorandum, Commerce was unable to verify the accuracy of Eurochamp’s reporting with respect to its sales data. As a consequence, we find that Eurochamp’s reported sales data are unverified and, thus, cannot serve as a reliable basis for calculating an accurate margin for Eurochamp in this investigation. For further discussion, see the Issues and Decision Memorandum.
