

The collection of information is necessary to support the USCCR Advisory Committees by placing qualified individuals on them as members. Pursuant to the FACA, an agency must ensure that a committee is balanced and diverse with respect to the viewpoints represented and the functions to be performed by that committee. Consistent with this, in order to select individuals for potential membership on an advisory committee, the USCCR must determine that potential members are qualified to serve on an advisory committee and that the viewpoints are properly balanced on the committee.

USCCR staff would use the information collected in the applications to determine that members come from the rich and diverse backgrounds of all of the United States and its Territories that USCCR wishes to have represented on its Advisory Committees, to determine the civil rights experience and expertise of potential advisory committee members, and to ensure that the membership on a committee is balanced.

The USCCR seeks to collect the following information in its applications: Information that supports an individual's state or territory residency requirements, civil rights experience and expertise to serve on an advisory committee, including a letter discussing their qualifications, resume or curriculum vitae, and/or other similar biographical information documents such as name and address and social media handles. Additionally, the USCCR seeks to collect information that ensures membership balance (e.g., represented viewpoint category), and that potential members broadly represent the demographics and/or viewpoints of the United States and its Territories' varied and diverse backgrounds including, but not limited to, education, occupation, political affiliation and/or ideology, race/ethnicity, national origin, gender, sexual orientation, disability status, age, religion, and veteran status.

With respect to the collection of information, the USCCR invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

Burden Statement: The respondent burden for this collection is estimated to be as follows for each vacant Advisory Committee:

Estimated Number of Respondents: 22.

Estimated Average Burden Hours per Respondent: 1 hour or less.

Estimated Total Annual Burden Hours: 22 hours or less per each vacant Committee.

Frequency of Collection: Only as needed to fill vacancies, however advisory committee members serve for four (4) years and once members, would not be required to resubmit this information during the term of their membership.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: March 23, 2023.

Foreign-Trade Zones Board

[S-51-2023]

Foreign-Trade Zone 265; Application for Subzone; Bollre Logistics USA, Inc.; Conroe, Texas

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the City of Conroe, grantee of FTZ 265, requesting subzone status for the facility of Bollre Logistics USA, Inc., located in Conroe, Texas. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on March 23, 2023.

The proposed subzone (15 acres) is located at 3400 Interstate 45 North, Conroe, Texas. No authorization for production activity has been requested at this time. The proposed subzone would be subject to the existing activation limit of FTZ 265.

In accordance with the FTZ Board's regulations, Camille Evans of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is May 8, 2023. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 22, 2023.

A copy of the application will be available for public inspection in the "Online FTZ Information Section" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz.

Foreign-Trade Zones Board

[B-22-2023]

Foreign-Trade Zone 281—Miami, Florida; Application for Reorganization (Expansion of Service Area) Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by Miami-Dade County, grantee of Foreign-Trade Zone 281, requesting authority to reorganize the zone to expand its service area under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on March 22, 2023.

FTZ 281 was approved by the FTZ Board on August 2, 2012 (Board Order 1844, 77 FR 47816, August 10, 2012) as an ASF zone. The zone currently has a

service area that includes a portion of Miami-Dade County, Florida.

The applicant is now requesting authority to expand the service area of the zone to include all of Miami-Dade County, as described in the application. If approved, the grantee would be able to serve sites throughout the expanded service area based on companies' needs for FTZ designation. The application indicates that the proposed expanded service area is within the Miami U.S. Customs and Border Protection Port of Entry.

In accordance with the FTZ Board's regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is May 30, 2023. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 12, 2023.

A copy of the application will be available for public inspection in the "Online FTZ Information Section" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz. For further information, contact Christopher Kemp at Christopher.Kemp@trade.gov.

Carbon and Alloy Steel Wire Rod From Italy: Final Results of the Expedited First Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this expedited sunset review, the U.S. Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on carbon and alloy steel wire rod (wire rod) from Italy would be likely to lead to continuation or recurrence of countervailable subsidies at the levels as indicated in the "Final

Results of Sunset Review" section of this notice.

DATES: Applicable March 28, 2023.

FOR FURTHER INFORMATION CONTACT: Scarlet K. Jaldin and James R. Hepburn, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4275 and (202) 482-1882, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 21, 2018, Commerce published the CVD order on wire rod from Italy.¹ On December 1, 2022, Commerce published the notice of initiation of the first sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² Commerce received a notice of intent to participate from Charter Steel, Commercial Metals Company, Liberty Steel USA, Nucor Corporation, and Optimus Steel LLC (collectively, domestic interested parties) within the deadline specified in 19 CFR 351.218(d)(1)(i).³ The domestic interested parties claimed interested party status within the meaning of section 771(9)(C) of the Act and 19 CFR 351.102(b)(29)(v) as domestic producers of wire rod in the United States.

On January 3, 2023, Commerce received an adequate substantive response from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁴ Commerce did not receive a substantive response from either the Government of Italy or a respondent interested party to this proceeding. On January 25, 2023, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties.⁵ As a result, Commerce conducted an expedited (120-day) sunset review of the *Order*, pursuant to

² See *Initiation of Five-Year (Sunset) Reviews*, 87 FR 73757 (December 1, 2022).

³ See Domestic Interested Parties' Letter, "Domestic Interested Parties' Notice of Intent To Participate," dated December 15, 2022.

⁴ See Domestic Interested Parties' Letter, "Domestic Interested Parties' Substantive Response," dated January 3, 2023.

⁵ See Commerce's Letter, "Sunset Reviews Initiated on December 1, 2022," dated January 25, 2023.

section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2).

Scope of the Order

The products covered by the *Order* are carbon and alloy steel wire rod. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.⁶

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of subsidization in the event of revocation of the *Order* and the countervailable subsidy rates likely to prevail if the *Order* were to be revoked, is provided in the Issues and Decision Memorandum. A list of the topics discussed in it in the Issues and Decision Memorandum is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(b) of the Act, Commerce determines that revocation of the *Order* would likely lead to the continuation or recurrence of countervailable subsidies at the following rates:

| Producer/exporter | Subsidy rate (percent <i>ad valorem</i>) |
|---|---|
| Ferriere Nord S.p.A. ⁷ | 4.16 |
| Ferriera Valsider S.p.A. | 44.18 |
| All-Others | 4.16 |

Administrative Protective Order
