**FOR FURTHER INFORMATION CONTACT:** Shayla West-Barnette, Center for Food Safety and Applied Nutrition, Food and Drug Administration, 5001 Campus Dr., College Park, MD 20740, 240-402-1262.

**SUPPLEMENTARY INFORMATION:** In the **Federal Register** of February 17, 2023 (88 FR 10245), we published a notice of filing of a color additive petition with a 60-day comment period. We explained that, under section 721(d)(1) of the Federal Food, Drug, and Cosmetic Act (FD&C Act) (21 U.S.C. 379e(d)(1)), we were giving notice that we had filed a color additive petition (CAP 3C0323), submitted by Center for Science in the Public Interest, Breast Cancer Prevention Partners, Center for Environmental Health, Center for Food Safety, Chef Ann Foundation, Children's Advocacy Institute, Consumer Federation of America, Consumer Reports, Defend Our Health, Environmental Defense Fund, Environmental Working Group, Feingold Association of the United States, Food & Water Watch, Healthy Babies Bright Futures, Life Time Foundation, Momsrising, Prevention Institute, Public Citizen, Public Health Institute, Public Interest Research Group, Real Food for Kids, Lisa Y. Lefferts, Linda S. Birnbaum, and Philip J. Landrigan, c/o Jensen Jose, 1250 I Street NW, Suite 500, Washington, DC 20005. The color additive petition proposes that we repeal the color

additive regulations for FD&C Red No. 3 in 21 CFR 74.303, which permits the use of FD&C Red No. 3 in foods (including dietary supplements), and 21 CFR 74.1303, which permits the use of FD&C Red No. 3 in ingested drugs.

We have received a request for a 60-day extension of the comment period for the color additive petition. The request conveyed concern that the current 60-day comment period does not allow sufficient time to develop a thoughtful response to the color additive petition.

FDA has considered the request and is extending the comment period for the color additive petition until May 18, 2023. We believe that a 30-day extension allows adequate time for interested persons to submit comments without significantly delaying a response to this petition.

We also clarify a statement in the notice of filing. In describing the petitioners' claim that the action they sought in their petition is categorically excluded under our environmental regulations at § 25.32 (21 CFR 25.32), we referred only to a categorical exclusion for food packaging (88 FR 10245 at 10246). The regulation we cited, § 25.32(m), categorically excludes an action to prohibit or otherwise restrict or reduce the use of a substance in food, food packaging, or cosmetics.

Dated: March 27, 2023.
