The information collected allows State agencies and ITOs to administer programs that align with their local preferences and gives FNS National and Regional offices the ability to ensure programs are complying with program regulations and policies.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Supplementary Information

Title: Food Distribution Burden Table.

Form Numbers: FNS 7, 52, 53, 57, 152, 153, 155, 667, and SF-425.

OMB Number: 0584-0293.

Expiration Date: July 31, 2023.

Abstract: The Food Distribution Programs of the United States Department of Agriculture (USDA) assist American farmers and needy people by purchasing and delivering food to State agencies and ITOs that, in turn, distribute them to organizations that assist those in need. Effective administration of Food Distribution Programs is dependent on the collection

and submission of information from State and local agencies, ITOs, and private-for-profit companies to FNS. This information includes, for example, the number of households served in the programs; the quantities of foods ordered and where the food is to be delivered; verification of the receipt of a food order; and the amounts of USDA Foods in inventory. FNS employs this information collection activity to obtain the data necessary to make those calculations. This is a revision of the information collection under the burden number 0584-0293.

Regulations at 7 CFR 240 establish procedures for State distributing agencies which receive cash in lieu of USDA Foods, including the manner of disbursement and requirements for accountability for funds. Although the reporting burden for these forms is captured in a separate information activity collection (OMB #0584-0055), the recordkeeping burden of these collections is included in this revision and renewal.

Regulations at 7 CFR 247 provide instructions on the administration of the Commodity Supplemental Food Program (CSFP). Information collections in this section include applications to receive benefits, USDA Foods inventory management, use of administrative funding, and agreements between State agencies operating the program and FNS. These information collections ensure that the eligible individuals are able to access the program, that foods are distributed in a safe and effective manner, and that Federal funds are used appropriately.

Regulations at 7 CFR 250 govern the use of USDA Foods in child nutrition programs, household food distribution programs, disasters, and situations of distress. Information collection activities authorized by this section are necessary so that the Department can distribute USDA Foods as needed to State distributing agencies and, in turn, that State distributing agencies provide USDA Foods and associated funding to recipient agencies in accordance with Federal statutory and regulatory requirements.

Regulations at 7 CFR 251 establish requirements and procedures for administration of The Emergency Food Assistance Program (TEFAP). Information collections authorized by this section include agreements between State agencies and FNS, plans for statewide distribution of USDA Foods, State plan amendments to implement Farm to Food Bank project grants, and records of participation in the distribution of USDA Foods for home consumption. These information

collections provide FNS with an understanding of how USDA Foods are distributed through the program.

Regulations at 7 CFR 253 govern the Food Distribution Program on Indian Reservations (FDPIR). Information collections authorized by this section include plans of program operation, plans for monitoring and oversight of program operation by Tribal organizations, management of administrative funds, and reports of damaged or out of condition USDA Foods. These information collections allow FNS to understand how USDA Foods will be distributed by administering organizations, how Federal funds are used to support program operations, and ensure that USDA Foods are distributed in a safe and effective manner.

Regulations at 7 CFR part 254 establish requirements and procedures for the operation of FDPIR for households in Oklahoma. Information collections authorized by this section are identical to those of 7 CFR 253.

There are other forms which are used to report information that are associated with this collection that are approved under other FNS information collections or in other agency information collections. The burden associated with these forms is approved under these collections and is not included in the total burden for this collection. These forms include FNS-44 Report of Child and Adult Care Food Program, FNS-10 Report of School Operations, FNS-191 CSFP Racial/Ethnic Group Participation, FNS-292A Report of Commodity Distribution for Disaster Relief, and FNS-292B Disaster Supplemental Nutrition Assistance Program Benefit Issuance (OMB #0584-0594 Food Programs Reporting System (FPRS), expiration date 7/31/2023) and FNS-74 Federal-State Agreement (OMB #0584-0067 7 CFR part 235—State Administrative Expense (SAE) Funds, expiration date 1/31/2026). In addition to these Agency-developed forms, FNS also uses OMB Standard Forms SF-269 Financial Status Report (Long), SF-269A Financial Status Report (Short), SF-424 Application for Federal Assistance, and SF-1034 in the commodity programs.

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: This notice announces the surplus and purchased foods that the Department expects to make available for donation to States for use in providing nutrition assistance to the needy under The Emergency Food Assistance Program (TEFAP) in Fiscal Year (FY) 2023. The foods made available under this notice must, at the discretion of the State, be distributed to eligible recipient agencies (ERAs) for use in preparing meals and/or for distribution to households for home consumption.

FOR FURTHER INFORMATION CONTACT: Ruth Decosse, Policy Branch, Food Distribution Division, Food and Nutrition Service, U.S. Department of Agriculture, 1320 Braddock Place, Alexandria, Virginia 22314, *ruth.decosse@usda.gov* or telephone (617) 317-5136.

SUPPLEMENTARY INFORMATION: In accordance with the provisions set forth in the Emergency Food Assistance Act of 1983 (EFAA), 7 U.S.C. 7501, *et seq.*, and the Food and Nutrition Act of 2008, 7 U.S.C. 2036, the Department makes foods available to States for use in providing nutrition assistance to those in need through TEFAP. In accordance with section 214 of the EFAA, 7 U.S.C. 7515, funding for TEFAP foods is allocated among States according to a formula that accounts for poverty and unemployment levels within each State. Section 214(a)(1) of the Act requires that 60 percent of each State's allocation be based on the number of people with incomes below the poverty level within the State; and section 214(a)(2) requires that the remaining 40 percent be equal to the percentage of the nation's unemployed persons within the State. State officials are responsible for establishing the network through which the foods will be used by ERAs in

providing nutrition assistance to those in need and for allocating foods among those ERAs. States have full discretion in determining the amount of foods that will be made available to ERAs for use in preparing meals and/or for distribution to households for home consumption.
