Abstract: This collection of information request includes the information collection and third-party notice and disclosure requirements that a plan must satisfy under final regulations implementing provisions of the Affordable Care Act pertaining to internal claims and appeals, and the external review process. The No Surprise Act extends the balance billing protections related to external reviews to grandfathered plans. The definitions of group health plan and health insurance issuer that are cited in section 110 of the No Surprises Act include both grandfathered and non-grandfathered plans and coverage. Accordingly, the practical effect of section 110 of the No Surprises Act is that grandfathered health plans must provide external review for adverse benefit determinations involving benefits subject to these surprise billing protections. Grandfathered and non-grandfathered plans must provide claimants, free of charge, any new or additional evidence considered, relied upon, or generated by the plan or issuer in connection with the claim, and the requirement to comply either with a State external review process or a Federal review process. The disclosure requirements of the Federal external review process require (1) a preliminary review by plans of requests for external appeals; (2) Independent Review Organizations (IROs) to notify claimants of eligibility and acceptance for external review; (3) the plan or issuer to provide IROs with documentation and other information considered in making adverse benefit determination; (4) the IRO to forward to the plan or issuer any information submitted by the claimant; (5) plans to notify the claimant and IRO if it reverses its decision; (6) the IRO to notify the claimant and plan of the
