I. Funding Opportunity Description

Purpose of Program: The purpose of this discretionary grant is to create the 21st CCLC NTAC, which will support State educational agencies (SEAs) and their subgrantees that operate 21st CCLC programs.

Background: The 21st CCLC program provides essential out-of-school time learning that helps accelerate academic recovery and support students' social, emotional, and mental health. While out-of-school time opportunities are always essential, they have been especially critical as students continue to recover from the impacts of the COVID–19 pandemic. The 21st CCLC NTAC will help 21st CCLC grantees and subgrantees provide effective out-of-school time opportunities that have the biggest possible positive impact in students' lives.

Out-of-school time programming can be a key to success when programs are evidence-based and effective. For

example, available evidence¹ suggests that tutoring is especially helpful when tutors are well-trained, offer high-dosage tutoring, and are providing instruction and enrichment that is evidence-based and culturally and linguistically responsive. Practices that support student learning in the classroom are also important in tutoring, and the 21st CCLC NTAC will assist SEAs and 21st CCLC subgrantees in identifying and using evidence-based approaches and in providing professional development to educators, tutors, mentors, and others who support students.

The work the 21st CCLC NTAC will do is aligned with other key Department initiatives that are supporting access to urgently needed out-of-school time programming. For example, the Department launched the National Partnership for Student Success, a public-private partnership, to help increase the number of tutors, mentors, student success coaches, postsecondary transition coaches, and integrated student support coordinators to help students get back on track. (See <https://sites.ed.gov/cfbnp/national-partnership-for-student-success-launched/> for additional information.) In addition, the Department launched the Engage Every Student initiative to help expand high-quality out-of-school time learning opportunities, including those in 21st CCLCs. (See <https://www.ed.gov/ost> for additional information.) The Department has also encouraged State and local leaders to partner with AmeriCorps, including by clarifying that Department funds may be used to meet AmeriCorps matching requirements. (See <https://www2.ed.gov/policy/fund/guid/ameri-corps-matching-letter.pdf?src=grants-page> for additional information.) AmeriCorps members may in turn serve as tutors, mentors, and student success coaches; assist with additional administrative responsibilities resulting from the pandemic; and provide creative enrichment opportunities, including by collaborating with 21st CCLCs.

21st CCLCs provide academic enrichment opportunities during non-school hours for students attending high-poverty, low-performing schools. The Department allocates 21st CCLC funds to SEAs that, in turn, award competitive subgrants to various entities to provide 21st CCLC programs. The awardee of this grant will work

collaboratively with the Department to: (a) identify needs of SEAs and 21st CCLC subgrantees, (b) provide best practices in program implementation, (c) develop technical assistance opportunities and tools, and (d) implement supports using a continuous improvement approach. The grantee will build the capacity of SEAs and their 21st CCLC subgrantees through communities of practice and the development of tools, webinars, resources, and courses that will be disseminated through a web portal in English, with a subset translated into Spanish, to support independent, self-paced learning. The Department also will house materials from the 21st CCLC Summer Symposium and annual meetings with SEA 21st CCLC directors on the portal. Members of the public will have access to the portal, although there will be a separate login for SEAs and 21st CCLC subgrantees. The grantee will develop and disseminate a monthly newsletter that will share recently developed products (e.g., webinars, resources, tools) and announce opportunities to participate in a variety of convenings.

The 21st CCLC NTAC will initially focus on: (a) students' academic and mental health needs and alignment with the traditional school day (e.g., literacy, math, overall well-being); (b) academic recovery (e.g., acceleration, high-dosage tutoring); (c) science, technology, engineering, and mathematics (STEM) activities; (d) providing 21st CCLC programming in rural areas; (e) improving attendance and student engagement of middle and high school students; (f) re-engagement of disengaged youth; (g) implementation and evaluation of 21st CCLC programs; (h) supporting multilingual learners; (i) financial literacy; (j) supporting discretionary grants funded with 21st CCLC funds, including the Department's four current 21st CCLC Out-of-School Time Career Pathways grants; and (k) any other priority areas mutually identified by the grantee and the Department through annual service plans. In addition, the 21st CCLC NTAC will provide sessions and resources to support SEAs and their 21st CCLC subgrantees in the development and implementation of robust 21st CCLC programs. The grantee will periodically gather data from SEAs and a sample of 21st CCLC subgrantees, as well as the Department, to determine its activities and to plan its technical assistance using a multi-tiered system of supports and/or a multi-session series that incorporates principles of adult learning, resulting in improved systems

and processes for SEAs and 21st CCLC subgrantees.

Upon award of this grant, the grantee will enter into a cooperative agreement with the Department that will set forth how the 21st CCLC NTAC will be developed, managed, and evaluated. As part of the cooperative agreement, the grantee will submit a plan to the Department for its review and approval that, for each year of the grant, lays out its technical assistance plan, focusing on technical assistance to individual SEAs, groups of SEAs (and possibly including 21st CCLC subgrantees), and to the 21st CCLC field at large.

Priorities:

This notice contains one absolute priority and three competitive preference priorities. We are establishing the Absolute Priority for the FY 2023 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1). Competitive Preference Priorities 1, 2, and 3 are from the Secretary's Supplemental Priorities and Definitions for Discretionary Grant Programs, published in the **Federal Register** on December 10, 2021 (86 FR 70612) (Supplemental Priorities).

Absolute Priority: This priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Building Capacity in 21st CCLC Programs.

The 21st CCLC NTAC must provide high-quality, universal and targeted capacity-building services to SEAs and 21st CCLC subgrantees to address common implementation challenges facing SEAs and 21st CCLC subgrantees and emerging trends in out-of-school time settings. The initial set of proposed activities must focus on (a) students' academic and mental health needs and alignment with the traditional school day (e.g., literacy, math, overall well-being); (b) academic recovery (e.g., acceleration, high-dosage tutoring); (c) STEM activities; (d) providing 21st CCLC programming in rural areas; (e) improving attendance and student engagement of middle and high school students; (f) re-engagement of disengaged youth; (g) implementation and evaluation of 21st CCLC programs; (h) supporting multilingual learners; (i) financial literacy; (j) supporting discretionary grants funded with 21st CCLC funds, including the Department's four current 21st CCLC Out-of-School Time Career Pathways grants; and (k)

any other priority areas mutually identified by the grantee and the Department through annual service plans.

Competitive Preference Priorities: These priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 15 points total to an application, depending on how well the application meets these priorities. An applicant must clearly indicate in the abstract section of its application which competitive preference priority or priorities it addresses.

Competitive Preference Priority 1: Addressing the Impact of COVID-19 on Students, Educators, and Faculty (up to 5 points).

Projects that are designed to address the impacts of the COVID-19 pandemic, including impacts that extend beyond the duration of the pandemic itself, on the students most impacted by the pandemic, with a focus on underserved students and the educators who serve them, both priority areas:

(a) Providing resources and supports to meet the basic, fundamental, health and safety needs of students and educators.

(b) Addressing students' social, emotional, mental health, and academic needs through approaches that are inclusive with regard to race, ethnicity, culture, language, and disability status.

Competitive Preference Priority 2: Promoting Equity in Student Access to Educational Resources and Opportunities (up to 5 points).—

Projects that are designed to promote educational equity and adequacy in student access to educational resources and opportunities for underserved students:

(a) In out-of-school-time settings; and

(b) That examine the sources of inequity and inadequacy and implement responses, by increasing student racial or socioeconomic diversity through developing evidence related to, or providing technical assistance on, evidence-based policies or strategies designed to increase inclusivity with regard to race, ethnicity, culture, language, and disability status.

Competitive Preference Priority 3: Meeting Student Social, Emotional, and Academic Needs (up to 5 points).

Projects that are designed to improve students' social, emotional, academic, and career development, with a focus on underserved students, through both of the following priority areas:

(a) Providing multi-tiered systems of supports that address learning barriers both in and out of the classroom, that enable healthy development and respond to students' needs and which

may include evidence-based trauma-informed practices and professional development for educators on avoiding deficit-based approaches.

(b) Preparing educators to implement project-based or experiential learning opportunities for students to strengthen their metacognitive skills, self-direction, self-efficacy, competency, or motivation, including through instruction that: Connects to students' prior knowledge and experience; provides rich, engaging, complex, and motivating tasks; and offers opportunities for collaborative learning.

Application Requirements:

(1) Explain how the grantee's program design will create high-quality technical assistance for SEAs and 21st CCLC subgrantees in their work with targeted student populations and how the grantee will develop and implement a continuous improvement cycle to support the work.

(2) Describe how the grantee's project services will be carried out using a multi-tiered system of support to provide technical assistance virtually and onsite.

(3) Demonstrate expert knowledge of statutory requirements and regulations related to Title IV, Part B of the Elementary and Secondary Education Act of 1965 (ESEA) and current education issues and policy initiatives for supporting the implementation and scaling of evidence-based programs, practices, and interventions related to out-of-school time programming.

(4) Describe the current research on adult learning principles, coaching, and implementation science that will inform the applicant's capacity-building services.

(5) Present a proposed 5-year service plan that considers commonalities identified in final Department monitoring reports for 21st CCLC, implementation challenges faced by SEAs and 21st CCLC subgrantees, and emerging trends in out-of-school time settings. (6) Present a proposed evaluation plan that describes the criteria for whether (a) milestones are met, (b) outputs are met, (c) SEA and 21st CCLC subgrantee outcomes (*i.e.*, short-term, mid-term, long-term) are met, and (d) capacity-building services are implemented as intended.

(7) A description of the applicant's demonstrated experience in providing training, information, and support to SEAs, local educational agencies (LEAs), schools, educators, parents, and organizations on effective out-of-school time policies and practices.

Program Requirements:

(1) Develop a service plan annually in consultation with the Department. The service plan must consider commonalities identified in finalized Department monitoring report findings in 21st CCLC programs, implementation challenges faced by SEAs and 21st CCLC subgrantees, and emerging trends in out-of-school time settings. The annual service plan must be an update to the 5-year plan submitted as part of the 21st CCLC NTAC's application. The annual service plan must include, at a minimum, the following elements: high-leverage problems to be addressed, capacity-building services to be delivered both universally and through targeted assistance to individual SEAs and 21st CCLC subgrantees, key personnel responsible, milestones, outputs, and outcome measures.

(6) Employ one full-time equivalent (FTE) project director who is capable of managing all aspects of the 21st CCLC NTAC.

(7) Within 90 days of receiving funding, demonstrate that any necessary contractors to assist in carrying out the

proposed services have been secured, to the extent contractors are needed.

This is the first grant competition for this program under section 4202(a)(2) of the ESEA, and therefore qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forgo public comment on the priorities and requirements under section 437(d)(1) of GEPA. These priorities and requirements will apply to the FY 2023 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.206, before awarding grants under this program competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the

applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. In General: In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with:

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

6. Build America, Buy America Act: This program is not subject to the Build America, Buy America Act (Pub. L. 117–58) domestic sourcing requirements.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We also may notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works.

Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This

does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. Performance Measures: For the purposes of Department reporting under 34 CFR 75.110, the Department has established the following performance measures for the 21st CCLC NTAC program:

Measure 1: The percentage of 21st CCLC subgrantees reporting that the 21st CCLC NTAC resources were useful and applicable to their work, as evidenced by surveys.

Measure 2: The percentage of SEAs reporting that they are satisfied with the quality, usefulness, and relevance of technical assistance provided by the 21st CCLC NTAC, as evidenced by surveys.

Measure 3: The percentage of SEAs and 21st CCLC subgrantees that report changed policies or practices as a result of the technical assistance provided by the 21st CCLC NTAC, as evidenced by surveys.

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Abstract: This request is for a revision of the State Report Card and Institution and Program Report Card required by the Higher Education Act of 1965, as amended in 2008 by the Higher Education Opportunity Act (HEOA). States must report annually on criteria and assessments required for initial teacher credentials using a State Report Card (SRC), and institutions of higher education (IHEs) with teacher preparation programs (TPP), and TPPs outside of IHEs, must report on key program elements on an Institution and Program Report Card (IPRC). IHEs and TPPs outside of IHEs report annually to their states on program elements, including program numbers, type, enrollment figures, demographics, completion rates, goals and assurances to the state. States, in turn, must report on TPP elements to the Secretary of Education in addition to information on assessment pass rates, state standards, initial credential types and requirements, numbers of credentials issued, TPP classification as at-risk or low-performing. The information from states, institutions, and programs is published annually in The Secretary's Report to Congress on Teacher Quality.

The revisions to the IPRC consist of the following:

- A new sub-section about the impact of COVID-19 in Section I: Program Information. The section would have four questions in the first data collection year in which it is implemented, due to retrospective questions going back to academic year 2019-20, but only one question in subsequent data collection years.
- A new question about student completion rate in Section I: Program Information.
- Minor revisions to the gender and race/ethnicity categories in Section I: Program Information.

The revisions to the SRC consist of the following:

- Two new items showing completion rate, total and by program, pre-loaded from the IPRC for state
