

(87 FR 40465, July 7, 2022) seeking comment on, among other things, the expiration of this rule, whether to retain the requirement and, if so, for how long. That proceeding remains pending.

3. For the reasons set forth herein, we find good cause to stay, on our own motion, the expiration of this rule pending a Commission resolution of this issue in the above-referenced proceeding. In considering a stay, the Commission considers the four criteria set forth in Virginia Petroleum Jobbers Association.²

4. We conclude that an interim stay of the A/322 “sunset” is appropriate under the circumstances. Virtually all commenters addressing this question made arguments in favor of at least a temporary extension of the requirement to comply with A/322. It is unclear whether any consumer receive equipment could display 3.0 signals that were noncompliant with A/322, meaning the viewing public could lose all 3.0 service during any period of noncompliance by broadcasters. Furthermore, there is no information in the record indicating that any party will be harmed by the grant of an interim stay.³ In light of the arguments offered by commenters for at least a temporary extension, the possibility of harm to the viewing public from the disruption of eliminating and then potentially resuming the requirement, and the lack of any reasonable expectation of sunset by those currently deploying 3.0 service in light of the pendency of this proceeding, we find the public interest is best served by preserving the status quo during this brief period of time in order to consider this open question.

5. We therefore stay the sunset of the A/322 rule, pending resolution of the Sunsets FNPRM.

6. Accordingly, it is ordered, that, pursuant to sections 1, 4(i), 4(j), and 303 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154(i), 154(j), 303 and § 1.103 of the Commission’s rules, 47 CFR 1.103, § 73.682(f)(2) of the Commission’s rules, 47 CFR 73.682(f)(2), is amended as set forth in the amendments at the end of this

document and § 73.682(f)(2)(iii) of the Commission’s rules, 47 CFR 73.682(f)(2)(iii), is stayed effective immediately.

48 CFR Parts 538 and 552

[GSAR Case 2023–G504; Docket No. GSA–GSAR–2023–0011; Sequence No. 1]

General Services Administration Acquisition Regulation; Federal Supply Schedule Clause Corrections

AGENCY: Office of Acquisition Policy, General Services Administration (GSA).

ACTION: Final rule; technical amendment.

SUMMARY: The General Services Administration is issuing this final rule as a technical amendment to make corrections and editorial changes to remove outdated Federal Supply Schedule terminology and incorrect references in the General Services Administration Acquisition Regulation.

DATES: Effective May 5, 2023.

FOR FURTHER INFORMATION CONTACT: For clarification of content, contact Ms. Daria Giannotti, Procurement Analyst, at 215–446–2878 or GSARPolicy@gsa.gov. For information pertaining to status or publication schedules, contact the Regulatory Secretariat Division at GSARRegSec@gsa.gov or 202–501–4755. Please cite GSAR Case 2023–G504.

SUPPLEMENTARY INFORMATION:

I. Background

The General Services Administration (GSA) conducts routine reviews of its acquisition regulations to identify outdated content. As part of this review, GSA identified:

- Incorrect references to General Services Administration Acquisition Regulation (GSAR) subsections within a few GSAR clauses needing editorial updates.

- Several outdated Special Item Number (SIN) and Federal Supply Schedule (FSS) references resulting from the consolidation of the Multiple Award Schedule (MAS) needing editorial updates.

- For additional background, a SIN is a type of labeling used on MAS to identify products and services contract holders offer.

- MAS, also known as the Federal Supply Schedule (FSS) and the GSA Schedule, is a long-term governmentwide contract with commercial companies that provide access to millions of commercial products and services at fair and reasonable prices to the Federal Government.

- Five clauses and three sections needing editorial updates resulting from the consolidation of the MAS.

² *Virginia Petroleum Jobbers Ass’n v. Federal Power Commission*, 259 F.2d 921, 925 (D.C. Cir. 1958). See also *Implementation of Sections 309(j) and 337 of the Communications Act of 1934 as Amended*, Order, 18 FCC Rcd 25491, 25494, para. 6 (2003) (73 FR 21843, April 23, 2008) (*PLMR Narrowband Stay Order*). As described in the *PLMR Narrowband Stay Order*, these criteria are (1) a likelihood of success on the merits; (2) the threat of irreparable harm absent the grant of preliminary relief; (3) the degree of injury to other parties if relief is granted; and (4) the issuance of the order will further the public interest.

³ The only commenter in the record supporting an immediate sunset of this requirement identified no harms associated with this specific rule.

○ For additional background, the consolidation of the MAS began in 2020 and resulted in the consolidation of 24 existing Schedules into one single Schedule for products, services, and solutions. This included Schedules 70 and 84. As part of the MAS consolidation, the SIN structure and category descriptions were updated. This technical amendment makes conforming changes.

Overview of Editorial Updates

In GSAR subpart 538.2, section 538.273 was amended to revise the clause title for section 552.238–74 in order to align the title with the Introduction of New Supplies and Services SIN resulting from the MAS consolidation. The clause prescription for section 552.238–109 was also amended to align with the consolidated MAS and SIN references.

In subpart 538.70, sections 538.7000 and 538.7001 were amended to remove references to Federal Supply Schedules 70 and 84, as these Schedules were part of the MAS consolidation.

In subpart 552.2, five clauses were amended as follows:

- The GSAM reference in the note to paragraph (b)(2) of section 552.216–75 was corrected to 507.103(b)(3).
- The title of clause 552.238–74 was revised to align with the Introduction of New Supplies and Services SIN. The text within this clause was also amended throughout to reflect the same.
- The GSAM reference in the note to paragraph (b)(2) of Alternate I of section 552.238–80 was corrected to 507.103(b)(3).
- Paragraph (a) of section 552.238–110 was amended to remove outdated SIN references and editorial changes were made in paragraph (c)(1).
- Paragraph (a) of section 552.238–113 was amended to remove outdated SIN references. Paragraph (d)(1) was amended to remove references to Federal Supply Schedules 70 and 84. Editorial changes were also made throughout paragraph (d).

In subpart 552.3, the title of clause 552.238–74 was revised to align with the Introduction of New Supplies and Services SIN as a result of the MAS consolidation.

II. Publication of This Final Rule for Public Comment Is Not Required by Statute

The statute that applies to the publication of the Federal Acquisition Regulation (FAR) is 41 U.S.C. 1707. Subsection (a)(1) of 41 U.S.C. 1707 requires that a procurement policy,

regulation, procedure, or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure, or form, or has a significant cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment because the change is technical in nature and makes conforming updates to the title and number of a referenced policy document.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. The Office of Information and Regulatory Affairs (OIRA) in the Office of Management and Budget (OMB) has determined that this is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993.

IV. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a “major rule” may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The General Services Administration will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. OIRA has determined that this is not a major rule under 5 U.S.C. 804.

V. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) does not apply to this rule, because an opportunity for public

comment is not required to be given for this rule under 41 U.S.C. 1707(a)(1) (see Section II. of this preamble). Accordingly, no regulatory flexibility analysis is required, and none has been prepared.

VI. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the GSAR do not impose recordkeeping or information collection requirements, or the collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 622

[Docket No. 120404257–3325–02; RTID 0648–XC895]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Re-Opening of the Commercial Longline Fishery for Golden Tilefish in the South Atlantic

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; re-opening.

SUMMARY: NMFS announces the re-opening of the commercial longline component for golden tilefish in the exclusive economic zone (EEZ) of the South Atlantic through this temporary rule. The most recent commercial longline landings data for golden tilefish indicate the commercial longline annual catch limit (ACL) for the 2023 fishing year has not yet been reached. Therefore, NMFS re-opens the commercial longline component to harvest golden tilefish in the South Atlantic EEZ for 3 days. The purpose of this temporary rule is to allow for the commercial longline ACL for golden tilefish to be harvested while minimizing the risk of exceeding the commercial ACL.

DATES: This temporary rule is effective from 12:01 a.m. eastern time on April 4, 2023, until 12:01 a.m. eastern time on April 7, 2023.

FOR FURTHER INFORMATION CONTACT: Mary Vara, NMFS Southeast Regional Office, telephone: 727–824–5305, email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic includes golden tilefish and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The FMP was prepared by the South Atlantic Fishery Management Council (Council) and is implemented by NMFS under the
