OFFICE OF MANAGEMENT AND BUDGET

Privacy Act of 1974; System of Records

AGENCY: Office of Management and Budget.

ACTION: Notice of a new system of records, OMB/INPUT/01.

SUMMARY: Pursuant to the Privacy Act of 1974 and Office of Management and Budget Circular No. A-130, Appendix I, Federal Agency Responsibilities for Maintaining Records About Individuals, notice is hereby given that the Office of Management and Budget (OMB) is establishing the following new system of records: "OMB Public Input System of Records, OMB/INPUT/01" (OMB Public Input System). OMB engages in a number of activities, including issuing guidance, policy, and regulatory actions, many of which invite the public and interested stakeholders to provide input to OMB. The OMB Public Input System covers the collection of that public input received through the Federal Docket Management System, [Reginfo.gov](https://www.reginfo.gov), email, hardcopy communications, and other authorized means.

DATES: In accordance with 5 U.S.C. 552a(e)(4) and (11), this system of records notice (SORN) is effective April 7, 2023, with the exception of the routine uses, which are subject to a 30-day comment period and will be effective May 8, 2023. Please submit any comments on or before May 8, 2023.

ADDRESSES: You may submit comments by:

- *Email:* SORN@omb.eop.gov.

Instructions: All submissions must contain the subject heading "OMB Public Input System of Records."

FOR FURTHER INFORMATION CONTACT: SORN@omb.eop.gov. You must include "OMB Public Input System of Records" in the subject line.

SUPPLEMENTARY INFORMATION: OMB engages in a number of activities, including issuing guidance, policy, and regulatory actions, many of which invite the public to provide input to OMB. One way in which OMB makes documents available for public input is through the Federal eRulemaking system, which is managed by the General Services Administration (GSA). The eRulemaking system is a centralized repository for all Federal rulemaking dockets, including notices of proposed rulemaking, interim rules, final rules, other types of rulemaking actions, supporting materials such as scientific or economic analyses, and public comments, as well as for some non-rulemaking dockets, such as notices and guidance or policy documents. It consists of a public facing interface, www.regulations.gov, and a portal visible to OMB called the Federal Docket Management System (FDMS), at www.FDMS.gov. The FDMS is a Federal Government-wide document management system. OMB employees with a need to use the system may self-register to use FDMS but may only see dockets of OMB.

Additionally, OMB uses the website at www.reginfo.gov to post notices of and accept meeting requests regarding regulatory actions currently under review pursuant to Executive Order (E.O.) 12866 of September 30, 1993 (Regulatory Planning and Review). OMB also reviews information collection requests under the Paperwork Reduction Act (PRA) and, during the 30-day review of information collections, the public may comment on materials submitted by the agency as part of their request for a new information collection or an extension or revision to an existing information collection through www.reginfo.gov. E.O. 12866 establishes and governs the process under which OMB reviews agencies' regulatory actions, including any substantive action that promulgates or is expected to lead to the promulgation of a final rule. Under E.O. 12866, non-governmental parties can request meetings concerning proposed regulatory actions under OMB review to present their views. Meeting requesters may submit to OMB documents to be discussed during the

course of those meetings. OMB's meeting request form collects information from the public and is subject to the PRA. This form is assigned OMB Control Number 0348-0065 and is available at www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202206-0348-001.

OMB may also receive and solicit information from the public when implementing the Information Quality Act (IQA), which aims to ensure the "quality, objectivity, utility, and integrity" of information disseminated to the public. 44 U.S.C. 3516 note. In particular, OMB may request the name and contact information of nominees for peer review, as well as query those being considered to peer review OMB documents about activities that may pose or give the appearance of a conflict of interest. Individuals who submit requests for correction to OMB under the IQA may also include their name and contact information.

In accordance with 5 U.S.C. 552a(r), OMB has provided a report of this OMB Public Input System of Records, OMB/INPUT/01, to OMB and to Congress.
