

History

The FAA published a notice of proposed rulemaking (NPRM) for Docket No. FAA–2023–0036 in the **Federal Register** (88 FR 2870; January 18, 2023) amending the Class E airspace at Rantoul, IL. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Differences From the NPRM

Subsequent to publication, the FAA discovered that the geographic coordinates required updating. This update is administrative and does not impact the airspace as proposed.

Incorporation by Reference

Class E airspace designations are published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11G, dated August 19, 2022, and effective September 15, 2022. FAA Order JO 7400.11G is publicly available as listed in the **ADDRESSES** section of this document. These amendments will be published in the next update to FAA Order JO 7400.11.

FAA Order JO 7400.11G lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to 14 CFR part 71 modifies the Class E airspace extending upward from 700 feet above the surface to within a 6.8-mile (increased from a 6.7-mile) radius of Rantoul National Aviation Center-Frank Elliott Field, Rantoul, IL; removes the exclusion areas from the airspace legal description as they are not required; and updates the name (previously Rantoul National Aviation Center Airport) and geographic coordinates of the airport to coincide with the FAA's aeronautical database.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a

routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AGL IL E5 Rantoul, IL [Amended]

Rantoul National Aviation Center-Frank Elliott Field, IL
(Lat. 40°17'37" N, long. 88°08'33" W)

That airspace extending upward from 700 feet above the surface within a 6.8-mile radius of the Rantoul National Aviation Center-Frank Elliott Field.

Issued in Fort Worth, Texas, on April 3, 2023.

Martin A. Skinner,

Acting Manager, Operations Support Group, ATO Central Service Center.

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2023–0077; Airspace Docket No. 23–AGL–6]

RIN 2120–AA66

Amendment of Class E Airspace; St. James, MI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the Class E airspace at St. James, MI. This action is due to an airspace review conducted as part of the decommissioning of the Pellston very high frequency omnidirectional range (VOR) as part of the VOR Minimum Operating Network (MON) Program. The geographic coordinates of the airport are also being updated to coincide with the FAA's aeronautical database.

DATES: Effective 0901 UTC, June 15, 2023. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: A copy of the Notice of Proposed Rulemaking (NPRM), all comments received, this final rule, and all background material may be viewed online at www.regulations.gov using the FAA Docket number. Electronic retrieval help and guidelines are available on the website. It is available 24 hours each day, 365 days each year.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs,

describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends the Class E airspace extending upward from 700 feet above the surface at Beaver Island Airport, Beaver Island, MI (currently St. James, MI), to support instrument flight rule operations at this airport.

History

The FAA published a notice of proposed rulemaking for Docket No. FAA-2023-0077 in the **Federal Register** (88 FR 2867; January 18, 2023) amending the Class E airspace at St. James, MI. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Incorporation by Reference

Class E airspace designations are published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11G, dated August 19, 2022, and effective September 15, 2022. FAA Order JO 7400.11G is publicly available as listed in the **ADDRESSES** section of this document. These amendments will be published in the next update to FAA Order JO 7400.11.

FAA Order JO 7400.11G lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to 14 CFR part 71 modifies the Class E airspace by extending upward from 700 feet above the surface to within a 7-mile (increased from a 6.2-mile) radius of Beaver Island Airport, Beaver Island, MI; removes the extension to the east as it is no longer required; updates the header from "St. James, MI" to "Beaver Island, MI" to coincide with the FAA's aeronautical database; and updates the geographic coordinates to coincide with the FAA's aeronautical database.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which

frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2022-1424; Airspace
Docket No. 22-AEA-11]

RIN 2120-AA66

Amendment of VOR Federal Airways V-268 and V-474, Revocation of Jet Route J-518 and VOR Federal Airway V-119, and Establishment of Area Navigation Route Q-178 in the Vicinity of Indian Head, PA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: This action corrects a final rule published by the FAA in the **Federal Register** on March 27, 2023, that amended Very High Frequency (VHF) Omnidirectional Range (VOR) Federal airways V-268 and V-474, revoked Jet Route J-518 and VOR Federal Airway V-119, and established Area Navigation (RNAV) route Q-178. In the final rule, one of the two categorical exclusion references listed in the Environmental Review section of the preamble was incorrect. The final rule Environmental Review section referenced categorical exclusions pursuant to FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraphs 5-6.5a and 5-6.5k, in error. The correct categorical exclusion references are FAA Order 1050.1F, paragraphs 5-6.5a and 5-6.5i. This action corrects that error.

DATES: Effective date 0901 UTC, June 15, 2023. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: A copy of the Notice of Proposed Rulemaking (NPRM), all comments received, the final rule, this final rule correction, and all background material may be viewed online at www.regulations.gov using the FAA Docket number. Electronic retrieval help
