SUPPLEMENTARY INFORMATION:

Background

On December 2, 2022, Commerce published the preliminary results of the 2020–2021 administrative review of the antidumping duty order on strontium chromate from Austria.¹ The administrative review covers Habich, the only company for which a review was requested. For the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.² Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order³

The merchandise covered by the *Order* is strontium chromate from Austria. The merchandise subject to review is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under

subheading 2841.50.9100. Subject merchandise may also enter under HTSUS subheading 3212.90.0050. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

We addressed all issues raised in the case and rebuttal briefs filed in this administrative review in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on the comments received from interested parties regarding our *Preliminary Results* and our review of the record to address those comments, we made changes to the weighted-average dumping margin calculations for Habich, as detailed in the Issues and Decision Memorandum.

Final Results of Review

We determine that the following weighted-average dumping margin for Habich exists for the period November 1, 2020, through October 31, 2021:

| Exporter/producer | Weighted-average dumping margin (percent) |
|-------------------|---|
| Habich GmbH | 0.00 |

Disclosure

Commerce intends to disclose the calculations performed for these final results within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of

publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where the respondent’s weighted-average dumping margin is either zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁴ Accordingly, because the final weighted-average dumping margin for Habich in this review is zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Consistent with Commerce’s clarification of its assessment practice, for entries of subject merchandise during the POR produced by Habich where it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair-value (LTFV) investigation of 25.90 percent *ad valorem*⁵ if there is no rate for the intermediate company(ies) involved in the transaction.⁶

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Habich will be equal to the weighted-average dumping margin established in the final results of this administrative review (*i.e.*, 0.00 percent); (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV

⁴ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101, 8102 (February 14, 2012).

⁵ See *Order*.

investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 25.90 percent *ad valorem*, the all-others rate established in the LTFV investigation.⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: April 3, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Background

On December 6, 2022, Commerce published the preliminary results of the administrative review of the antidumping duty order on monosodium glutamate (MSG) from the Republic of Indonesia (Indonesia).² For

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 86 FR 73734 (December 28, 2021). On August 26, 2022, Commerce published the final results of a changed circumstances review of MSG from Indonesia. Commerce found that PT. Daesang Ingredients Indonesia (PT. Daesang) is the successor-in-interest to PT. Miwon. See *Monosodium Glutamate from the Republic of Indonesia: Final Results of Changed Circumstances Review*, 87 FR 52506 (August 26, 2022) (*MSG from Indonesia CCR*). Because the effective date of this decision was after the POR, we continue to reference the respondent here as PT. Miwon.

a history of events that have occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.³

Scope of the Order

The merchandise covered by the order is MSG, whether or not blended or in solution with other products. For a complete description of the scope of the order, see the Issues and Decision Memorandum.

Analysis of Comments Received

Commerce addressed all issues raised in the case and rebuttal briefs in the Issues and Decision Memorandum. These issues are identified in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we have made certain changes to the margin calculation for PT. Miwon since the *Preliminary Results*. Specifically, we have revised our calculation of the general and administrative expense ratio for PT. Miwon to remove certain bank charges and revised the comparison market program accordingly.⁴ There have been no changes to the dumping margin determined for CJ. Indonesia, which is based on facts available with an adverse inference.⁵

Final Results of Review

As a result of this administrative review, we determine the following weighted-average dumping margins for the period November 1, 2020, through October 31, 2021:
