SUPPLEMENTARY INFORMATION:

I. Background

Division L, Title II of the Consolidated Appropriations Act, 2023 requires that the HUD Secretary, for the calendar year 2023 funding cycle, provide renewal funding for each public housing agency (PHA) based on validated voucher management system (VMS) leasing and cost data for the prior calendar year and by applying an inflation factor as established by the Secretary, by notice published in the **Federal Register**. This notice announces the availability of the FY 2023 inflation factors and describes the methodology for calculating them. Tables in PDF and Microsoft Excel formats showing Renewal Funding Inflation Factors (RFIFs) by HUD Fair Market Rent Area are available electronically from the HUD data information page at: <https://www.huduser.gov/portal/datasets/rfif/rfif.html>.

II. Methodology

RFIFs are used to adjust the allocation of Housing Choice Voucher (HCV) program funds to PHAs for local changes in rents, utility costs, and tenant incomes. To calculate the RFIFs, HUD first forecasts a national inflation factor, which is the annual change in the national average Per Unit Cost (PUC). HUD then calculates individual area inflation factors, which are based on the annual changes in the two-bedroom Fair Market Rent (FMR) for each area. Finally, HUD adjusts the individual area inflation factors to be consistent with the national inflation factor.

HUD's forecast of the national average PUC is based on forecasts of gross rent and tenant income. Each forecast is produced using historical and forecasted macroeconomic data as independent variables, where the forecasts are consistent with the Economic Assumptions of the

Administration's FY 2023 Budget. The forecast of gross rent is itself based on forecasts of the Consumer Price Index (CPI) Rent of Primary Residence Index and the CPI Fuels and Utilities Index. Forecasted values of these series are applied to the FY 2023 national average two-bedroom FMR to produce a CY 2023 value. A "notional" PUC is calculated as the difference between gross rent value and 30 percent of tenant income (the standard for tenant rent contribution in the voucher program). The change between the forecasted CY 2023 notional PUC and the CY 2022 notional PUC is the expected national change in PUC, or 9.60 percent. HUD uses a notional PUC as opposed to the actual PUC to project costs that are consistent with PHAs leasing the same number and quality of units. For more information on HUD's forecast methodology, see 82 FR 26710.

The inflation factor for an individual geographic area is based on the annualized change in the area's FMR between FY 2022 and FY 2023. These changes in FMRs are then scaled such that the voucher-weighted average of all individual area inflation factors is equal to the national inflation factor, *i.e.*, the expected annual change in national PUC from CY 2022 to CY 2023, and such that no area has a factor less than one. For PHAs operating in multiple FMR areas, HUD calculates a voucher-weighted average inflation factor based on the count of vouchers in each FMR area administered by the PHA as captured in HUD administrative data as of December 31, 2022.

III. The Use of Inflation Factors

HUD subsequently applies the calculated individual area inflation factors to eligible renewal funding for each PHA based on VMS leasing and cost data for the prior calendar year.

IV. Geographic Areas and Area Definitions

As explained above, inflation factors based on area FMR changes are produced for all FMR areas and applied to eligible renewal funding for each PHA. The tables showing the RFIFs, available electronically from the HUD data information page, list the inflation factors for each FMR area on a state-by-state basis. The inflation factors use the same OMB metropolitan area definitions, as revised by HUD, that are used in the FY 2023 FMRs. PHAs should refer to the Area Definitions Table on the following web page to make certain that they are referencing the correct inflation factors: http://www.huduser.org/portal/datasets/rfif/FY2023/FY2023_RFIF_FMR_AREA_

REPORT.pdf. The Area Definitions Table lists areas in alphabetical order by state, and the counties associated with each area. In the six New England states, the listings are for counties or parts of counties as defined by towns or cities. HUD is also releasing the data in Microsoft Excel format to assist users who may wish to use these data in other calculations. The Excel file is available at <https://www.huduser.gov/portal/datasets/rfif/rfif.html>. Note that, as described earlier, the actual renewal funding inflation factor applied to agency funding will be the voucher-weighted average of the FMR area factors when the PHA operates in multiple areas.

V. Environmental Impact

This notice involves a statutorily required establishment of a rate or cost determination which does not constitute a development decision affecting the physical condition of specific project areas or building sites. Accordingly, under 24 CFR 50.19(c)(6), this notice is categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321).

30-Day Notice of Proposed Information Collection: Enterprise Income Verification Systems Debts Owed to Public Housing Agencies and Terminations

AGENCY: Office of Policy Development and Research, Chief Data Officer, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for an additional 30 days of public comment.

DATES: *Comments Due Date:* May 12, 2023.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Written comments and

recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, REE, Department of Housing and Urban Development, 7th Street SW, Room 8210, Washington, DC 20410; email Colette Pollard at PaperworkReductionActOffice@hud.gov or telephone 202–402–3400. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on February 9, 2023 at 88 FR 8445.

A. Overview of Information Collection

Title of Information Collection: EIV System Debts Owed to PHAs and Terminations.

OMB Approval Number: 2577–0266.
Type of Request: Revision of a currently approved collection.
Form Number: Form 52675.
Description of the need for the information and proposed use: In accordance with 24 CFR 5.233, processing entities that administer the Public Housing, Section 8 Housing Choice Voucher, Moderate Rehabilitation programs are required to use HUD’s Enterprise Income Verification (EIV) system to verify employment and income information of program participants and to reduce administrative and subsidy payment errors. The EIV system is a system of records owned by HUD, as published in the **Federal Register** on July 20, 2005 at 70 FR 41780 and updated on August 8, 2006 at 71 FR 45066 and on August 17, 2022 at 87 FR 50635.

The Department seeks to identify families who no longer participate in a HUD rental assistance program due to adverse termination of tenancy and/or assistance, and owe a debt to a Public Housing Agency (PHA). In accordance with 24 CFR 982.552 and 960.203, the PHA may deny admission to a program if the family is not suitable for tenancy for reasons such as, but not limited to: unacceptable past performance in meeting financial obligations, history of criminal activity, eviction from Federally assisted housing in the last five years, family has committed fraud, bribery, or any other corrupt or criminal act in connection with a Federal housing program, or if a family currently owes rent or other amounts to the PHA or to another PHA in connection with a Federally assisted

housing program under the U.S. Housing Act of 1937.

Within the scope of this collection of information, HUD seeks to collect from all PHAs, the following information:

1. Amount of debt owed by a former tenant to a PHA;
2. If applicable, indication of executed repayment agreement;
3. If applicable, indication of bankruptcy filing;
4. If applicable, the reason for any adverse termination of the family from a Federally assisted housing program.

This information is collected electronically from PHAs via HUD’s EIV system. This information is used by HUD to create a national repository of families that owe a debt to a PHA and/or have been terminated from a federally assisted housing program. This national repository is available within the EIV system for all PHAs to access during the time of application for rental assistance. PHAs are able to access this information to determine a family’s suitability for rental assistance, and avoid providing limited Federal housing assistance to families who have previously been unable to comply with HUD program requirements. If this information is not collected, the Department is at risk of paying limited Federal dollars on behalf of families who may not be eligible to receive rental housing assistance. Furthermore, if this information is not collected, the public will perceive that there are no consequences for a family’s failure to comply with HUD program requirements.

Respondents: Public Housing Agencies.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

(5) ways to minimize the burden of the collection of information on those who are respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comments in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.
