RIN 0694-AJ21

Additions and Revisions of Entities to the Entity List

AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Final rule.

SUMMARY: The Bureau of Industry and Security is amending the Export Administration Regulations (EAR) by adding 28 entities under 32 entries to the Entity List. These entities are listed under the destinations of Armenia (1), the People's Republic of China (China) (12), Malta (1), Russia (10), Singapore (1), Spain (1), Syria (1), Turkey (1), the United Arab Emirates (UAE) (2), and Uzbekistan (2). Some entities are added under multiple entries, accounting for the difference in the totals. This final rule also modifies two existing entries on the Entity List under the destinations of China and Russia.

DATES: This rule is effective April 12, 2023.

FOR FURTHER INFORMATION CONTACT: Chair, End-User Review Committee, Office of the Assistant Secretary for Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (supplement no. 4 to part 744 of the EAR (15 CFR parts 730-774)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States, pursuant to § 744.11(b). The EAR impose additional license requirements on, and limit the availability of, most license exceptions for exports, reexports, and transfers (in-country) where a listed entity is a party to the transaction. The license review policy for each listed entity is identified in the "License Review Policy" column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document that adds the entity to the Entity List. The Bureau of Industry and Security (BIS) places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

Additions to the Entity List

The ERC determined to add Allparts Trading Co., Ltd.; Avtex Semiconductor Limited; ETC Electronics Ltd.; Maxtronic International Co., Ltd.; and STK Electronics (HK) Co., Ltd, under the destination of China; ETC Electronics; Promelektronika; TD Promelektronika LLC; and OOO Vest-Ost to the Entity List under the destination of Russia for attempting to evade export controls and acquiring or attempting to acquire U.S.-origin items in support of Russia's military and/or defense industrial base. Specifically, these nine entities have continued to

procure or attempt to procure items on behalf of Russian entities that have been sanctioned since Russia's further invasion of Ukraine. This activity is contrary to U.S. national security and foreign policy interests under § 744.11. These entities qualify as 'military end users' under § 744.21 of the EAR and are receiving a footnote 3 designation because the ERC has determined that they are Russian or Belarusian 'military end users' pursuant to § 744.21. A footnote 3 designation subjects these entities to the Russia/Belarus-Military End User Foreign Direct Product (FDP) rule, detailed in § 734.9(g). These entities are added with a license requirement for all items subject to the EAR. They are added with a license review policy of denial for all items subject to the EAR apart from food and medicine designated as EAR99, which will be reviewed on a case-by-case basis.

The ERC determined to add I JET GLOBAL DMCC under the destinations of Malta, Spain, Syria and the United Arab Emirates (UAE); and Success Aviation Services under the destination of the UAE to the Entity List for coordinating flights that assisted in the transfer of Iranian unmanned aerial vehicles (UAVs), personnel, and related equipment from Iran to Russia, ultimately contributing to Russia's military and defense industrial base. These entities are added with a license requirement for all items subject to the EAR. They are added with a license review policy of a presumption of denial.

The ERC determined to add the following 16 entities under 17 entries to the Entity List for attempting to evade export controls and acquiring or attempting to acquire U.S.-origin items in support of Russia's military and/or defense industrial base: Tako LLC, under the destination of Armenia; 3HC Semiconductors (HK) Co., Ltd.; Leadway Technology Limited; Newsuntech Electronics Limited; Wynn Electronics Co. Ltd.; Yishang Network (Shenzhen) Co., Ltd.; and Yongli Electronic Components (Shenzhen) Co., Ltd., under the destination of China; Art Logistics LLC; GFK Logistics LLC; Novastream Limited; SKS Elektron Broker LLC; Trust Logistics; and Trust Logistics Group LLC under the destination of Russia; Alfa Beta Creative LLC and GFK Logistic Asia LLC under the destination of Uzbekistan; and Xinnlinx Electronics Pte Ltd under the destinations of China and Singapore. Specifically, these entities have continued to procure items on behalf of Russian parties designated on the Entity List or on the U.S. Department of the Treasury, Office of Foreign Assets

Control's List of Specially Designated Nationals and Blocked Persons (SDN List) since the Russian invasion of Ukraine. This activity is contrary to U.S. national security and foreign policy interests under § 744.11 of the EAR. These entities qualify as 'military end users' under § 744.21 of the EAR and are receiving a footnote 3 designation because the ERC has determined that they are Russian or Belarusian 'military end users' pursuant to § 744.21. A footnote 3 designation subjects these entities to the Russia/Belarus-Military End User Foreign Direct Product (FDP) rule, detailed in § 734.9(g). These entities are added with a license requirement for all items subject to the EAR. They are added with a license review policy of denial for all items subject to the EAR apart from food and medicine designated as EAR99, which will be reviewed on a case-by-case basis.

The ERC determined to add Dexias Industrial Products and Trade Limited Company under the destination of Turkey to the Entity List based on information that this company significantly contributes to Russia's military and/or defense industrial base and is involved in activities contrary to the national security and foreign policy interests of the United States under §§ 744.11 and 744.21 of the EAR. This entity will receive a footnote 3 designation because the ERC has determined that it is a Russian or Belarusian 'military end user' in accordance with § 744.21. A footnote 3 designation subjects this entity to the Russia/Belarus-Military End User Foreign Direct Product (FDP) rule, detailed under § 734.9(g). This entity is added with a license requirement for all items subject to the EAR. License applications will be reviewed under a policy of denial for all items subject to the EAR, other than applications for food and medicine designated as EAR99, which will be reviewed on a case-by-case basis.

2. Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. 4. Pursuant to section 1762 of the Export Control Reform Act of 2018, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or

by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.
