

appointment nominees who can address the Advisory Board's needs pursuant to IIJA. The Advisory Board shall include not fewer than 1 representative of a labor organization with significant energy experience who has been nominated by a national labor federation.

Individuals appointed to the Advisory Board shall be selected in a representational capacity of the following fields of expertise: (A) the field of economics or workforce development; (B) relevant traditional energy industries or emerging energy industries, including energy efficiency; (C) secondary or postsecondary education; (D) energy workforce development or apprenticeship programs of States or units of local government; (E) relevant organized labor organizations; or (F) bringing underrepresented groups, including racial and ethnic minorities, women, veterans, and socioeconomically disadvantaged individuals, into the workforce. Other factors to be considered for Advisory Board membership include demographic, professional, and experiential diversity. In addition, the Office of Energy Jobs will strive for the EWAB to reflect the principles of inclusion, equity, and diversity, and to ensure that the Advisory Board's recommendations strive for equitable distribution of benefits for all Americans, including people of color and others who have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality. The Office of Energy Jobs also will also strive for geographic diversity in the composition of the EWAB, including individuals representing the perspectives of rural, urban, and suburban areas.

Additionally, the establishment of the Energy Workforce Advisory Board has been determined to be essential to conduct business of the Department of Energy's and to be in the public interest in connection with the performance of duties imposed upon the

Department of Energy, by law and agreement. The Advisory Board will continue to operate in accordance with the provisions of the Federal Advisory Committee Act, as amended, 5 U.S.C. § 10, the rules and regulations in implementation of that Act.

Federal Energy Regulatory Commission

[Docket No. RM98-1-000]

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt

off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e) (1) (v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission.
