

and Tallahassee, Florida. The Coast Guard is activating these zones in order to protect vessels and waterway users from the potential hazards created by reentry vehicle splashdowns and recovery operations. In accordance with the general regulations in 33 CFR part 165, subpart C, no U.S.-flagged vessel may enter the safety zones unless authorized by the District Commander or a designated representative except as provided in § 165.T07-0806(d)(3). All foreign-flagged vessels are encouraged to remain outside the safety zones.

There are three other safety zones listed in § 165.T07-0806(a)(1), (a)(2), and (a)(3), which are located within the COTP Jacksonville AOR, in addition to a portion of zone listed in (a)(1) that is located in the COTP Savannah AOR, that are being simultaneously activated through a separate notifications of enforcement of the regulation document issued under Docket Numbers USCG-2023-0302, and USCG-2023-0331.¹

Twenty-four hours prior to the recovery operations, the COTP or designated representative will inform the public that only one of the five safety zones described in § 165.T07-0806, paragraph (a), will remain activated (subject to enforcement). This zone will remain activated until announced by Broadcast Notice to Mariners on VHF-FM channel 16, and/or Marine Safety Information Bulletin (as appropriate) that the safety zone is no longer subject to enforcement. After the CRS 27 reentry vehicle splashdown, the District Commander or a designated representative will grant general permission to come no closer than 3 nautical miles of any reentry vehicle or space support vessel engaged in the recovery operations, within the activated safety zone described in § 165.T07-0806, paragraph (a). Once the reentry vehicle, and any personnel involved in reentry service, are removed from the water and secured onboard a space support vessel, the District Commander or designated representative will issue a Broadcast Notice to Mariners on VHF-FM channel 16 announcing the activated safety zone is no longer subject to enforcement. The recovery operations are expected to last approximately one hour.

¹ These notifications of enforcement of the regulation can be found at: <https://regulations.gov> by searching for docket number USCG-2023-0302, and USCG-2023-0331.

The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing this regulation.

Dated: April 12, 2023.

Michael P. Kahle,

Captain, U.S. Coast Guard, Commander, Sector St. Petersburg.
