Abstract: Authorized by the Organic
Act of 1916 (54 U.S.C. 100101), the NPS
is charged with protecting cultural and
natural resources for the enjoyment and
education of current and future
generations. The NPS Education
Program Office administers education
programs to fulfill the educational
mission of the NPS. This new
information collection request is for an
online survey of elementary school
educators in support of that mission.
Results from this study will support the
Education Program Office in its work to
provide inspiring and informative
educational programs to students across
the country.

This study will include 3rd–5th grade
educators who have or have not
participated in NPS education
programs. Collecting data from both
groups will allow the NPS to
understand program effectiveness, as
well as identify barriers to participation
and factors that may inspire future
participation. This information
collection will seek to understand

Education Programs, management
questions regarding program
participation, and considerations for
