POLICY JUSTIFICATION

Australia—Hellfire AGM-114R2 Missiles

The Government of Australia has requested to buy up to eight hundred (800) Hellfire AGM-114R2 Missiles. Also included is Tactical Aviation Ground Munition Program Office Technical Assistance; Security Assistance Management Directorate, Joint Attack Munition Systems Technical Assistance; classified and unclassified publications; spare parts; repair and return; storage; and other related elements of program and logistical support. The total estimated case value is \$108 million.

This proposed sale will support the foreign policy and national security objectives of the United States. Australia is one of our most important allies in the Western Pacific. The strategic location of this political and economic power contributes significantly to ensuring peace and economic stability in the region. It is vital to the U.S. national interest to assist our ally in developing and maintaining a strong and ready self-defense capability.

This proposed sale will improve Australia's capability to meet current and future threats by enhancing the Australian Navy's armed reconnaissance and anti-tank warfare mission capabilities. Australia will have no

difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin Corporation, Orlando, Florida. The purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any U.S. Government or contractor representatives. There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 21-60

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The Hellfire AGM-114R2 is a precision strike, semi-active laser-guided missile and is the principal air-to-ground weapon for the U.S. Army AH-64 Apache. The Hellfire R model incorporates a multi-purpose warhead with selectable effects appropriate for engagement of a wide range of targets including heavily or lightly armored targets, thin-skinned vehicles, urban structures, caves, and personnel.

2. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that the Government of Australia can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal are authorized for release and export to the Government of Australia.

Meeting Accessibility: In accordance with 5 U.S.C. 1009(d) and 41 CFR 102-3.155, it is hereby determined that portions of the May 9-10 meeting of the Board will include classified information and other matters covered by 5 U.S.C. 552b(c)(1) and that, accordingly, the meeting will be closed to the public on May 9, 2023 from 8:05 a.m. to 11:15 a.m., from 1:15 p.m. to 3:35 p.m., and from 5:30 p.m. to 7:35 p.m., and on May 10, 2023 from 10:58 a.m. to 11:50 a.m. This determination is based on the consideration that it is expected that discussions throughout these periods will involve classified matters of national security. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of these portions of the meeting. To permit these portions of the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the Board's findings and recommendations to the Secretary of Defense and to the Deputy Secretary of Defense. Pursuant to section 5 U.S.C. 1009(a)(1) and 41 CFR 102-3.140, the portion of the meeting on May 10 from 8:30 a.m. to 10:47 a.m. is open to the public via teleconference. Persons desiring to attend the public session are required to register. To attend the public session, submit your name, affiliation/organization, telephone number, and email contact information to the Board at osd.pentagon.odam.mbx.defense-business-board@mail.mil. Requests to attend the public session must be received no later than 4:00 p.m. on Monday, May 8, 2023. Upon receipt of this information, the Board will provide further instructions for telephonically attending the meeting.

Written Comments and Statements: Pursuant to 41 CFR 102-3.105(j) and 102-3.140 and section 10(a)(3) of the FACA, the public or interested organizations may submit written comments or statements to the Board in response to the stated agenda of the

meeting or regarding the Board's mission in general. Written comments or statements should be submitted to Ms. Jennifer Hill, the DFO, via electronic mail (the preferred mode of submission) at the address listed in the **FOR FURTHER INFORMATION CONTACT** section. Each page of the comment or statement must include the author's name, title or affiliation, address, and daytime phone number. The DFO must receive written comments or statements submitted in response to the agenda set forth in this notice by Monday, May 8, 2023, to be considered by the Board. The DFO will review all timely submitted written comments or statements with the Board Chair and ensure the comments are provided to all members of the Board before the meeting. Written comments or statements received after this date may not be provided to the Board until its next scheduled meeting. Please note that all submitted comments and statements will be treated as public documents and will be made available for public inspection, including, but not limited to, being posted on the Board's website.
