

complied with the Commission's market-based rate relational database filing requirements.

5. If any of the above-captioned sellers do not wish to continue having market-based rate authority, they may file a notice of cancellation of their market-based rate tariffs with the Commission pursuant to section 205 of the FPA.

The Commission orders:

(A) Within 15 days of the date of issuance of this order, each seller listed in the caption of this order shall file with the Commission its delinquent baseline submission to the market-based rate relational database. If a seller subject to this order fails to make the filings required in this order, the Commission intends to revoke that seller's market-based rate authorization and intends to terminate its electric market-based rate tariff. The Secretary is hereby directed, upon expiration of the filing deadline in this order, to promptly issue a notice, effective on the date of issuance, listing the sellers whose tariffs have been revoked for failure to comply with the requirements of this order and the Commission's market-based rate relational database requirements.

(B) The Secretary is hereby directed to publish this order in the **Federal Register**.

By the Commission.

Issued April 20, 2023.

Debbie-Anne A. Reese,

Deputy Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10906-01-OA]

Public Meetings of the Science Advisory Board BenMAP and Benefits Methods Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office is announcing two public meetings of the Science Advisory Board (SAB) BenMAP and Benefits Methods Panel. The purpose of the meetings is to discuss the panel's draft report on the BenMAP model and benefits methods.

DATES:

Public Meetings: The SAB BenMAP and Benefits Methods Panel will meet on the following dates. All times listed are in Eastern time.

1. Tuesday, May 16, 2023, from 10:00 a.m. to 1:00 p.m. Eastern time.

2. Thursday, June 15, 2023, from 10:00 a.m. to 1:00 p.m. Eastern time.

Comments: See the section titled "Procedures for Providing Public Input" under **SUPPLEMENTARY INFORMATION** for instructions and deadlines.

ADDRESSES: The May 16, 2023, and June 15, 2023, meetings will be conducted virtually. Please refer to the SAB website at <https://sab.epa.gov> for information on how to attend the meeting.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning this notice may contact Dr. Holly Stallworth, Designated Federal Officer (DFO), via telephone (202) 564-2073, or email at stallworth.holly@epa.gov. General information about the SAB, as well as any updates concerning the meetings announced in this notice, can be found on the SAB website at <https://sab.epa.gov>.

SUPPLEMENTARY INFORMATION:

Background: The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDDAA), codified at 42 U.S.C. 4365, to provide independent scientific and technical advice to the EPA Administrator on the scientific and technical basis for agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the SAB BenMAP and Benefits Methods Panel will hold two public meetings to discuss their draft report reviewing the BenMAP model and EPA's Technical Support Document entitled *Estimating PM_{2.5}- and Ozone-Attributable Health Benefits (2023)*.

Availability of Meeting Materials: All meeting materials, including the agenda, will be available on the SAB website at <https://sab.epa.gov> by clicking on the meeting date under Meetings and Events. This web page will have a link to panel's draft report, the BenMAP model, the BenMAP User's Manual, the Technical Support Document (cited above), and the Agency Charge Questions.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process

for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the committee's charge or meeting materials. Input from the public to the SAB will have the most impact if it provides specific scientific or technical information or analysis for the SAB to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should follow the instruction below to submit comments.

Oral Statements: In general, individuals or groups requesting an oral presentation at a meeting conducted by video will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Persons interested in providing oral statements should contact the DFO, in writing (preferably via email) at the contact information noted above by May 9, 2023, to be placed on the list of registered speakers.

Written Statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by SAB members, statements should be submitted to the DFO by May 9, 2023, for consideration at the May 16 meeting. Written statements should be supplied to the DFO at the contact information above via email. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB website. Copyrighted material will not be posted without the explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact the DFO, at the contact information noted above, preferably at least ten days prior to the meeting, to give the EPA as much time as possible to process your request.

Meeting cancellation: The June 15, 2023, meeting may be cancelled if the Panel concludes its business on May 16, 2023. If the June 15, 2023, meeting is cancelled, notice will be provided

during the May 16, 2023, meeting and posted on the SAB website.

V. Khanna Johnston,

Deputy Director, Science Advisory Board Staff Office.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2017-0692; FRL-10561-01-OCSPP]

Agency Information Collection Activities; Proposed Renewal and Request for Comment; Lead Training, Certification, Accreditation and Authorization Activities

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this document announces the availability of and solicits public comment on the following Information Collection Request (ICR) that EPA is planning to submit to the Office of Management and Budget (OMB): “Lead Training, Certification, Accreditation and Authorization Activities,” identified by EPA ICR No. 2507.05 and OMB Control No. 2070-0195. This ICR represents the renewal of a currently approved ICR that is currently scheduled to expire on February 29, 2024. Before submitting the ICR to OMB for review and approval under the PRA, EPA is soliciting comments on specific aspects of the information collection that is summarized in this document. The ICR and accompanying material are available in the docket for public review and comment.

DATES: Comments must be received on or before June 26, 2023.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2017-0692, through the Federal eRulemaking Portal at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Katherine Sleasman, Mission Support Division (7101M), Office of Program Support, Office of Chemical Safety and

Pollution Prevention, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-1204; email address: sleasman.katherine@epa.gov.

SUPPLEMENTARY INFORMATION:

I. What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the Agency’s estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

3. Enhance the quality, utility, and clarity of the information to be collected.

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What is the information collection activity?

Title: Lead Training, Certification, Accreditation and Authorization Activities.

EPA ICR No.: 2507.05.

OMB Control No.: 2070-0195.

ICR status: This ICR is currently approved through February 29, 2024. Under the PRA, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA’s regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument, electronic reporting system or form, if applicable. The display of OMB control

numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This ICR covers the information collection activities associated with the reporting and recordkeeping requirements for individuals, firms and state and local government entities conducting lead-based paint (LBP) activities or renovations of target housing and child-occupied facilities (COFs); training providers; and states/territories/tribes/Alaskan native villages that are promulgated in 40 CFR part 745.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to range between .2 and 28.5 hours per response. Burden is defined in 5 CFR 1320.3(b).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Respondents/affected entities: Entities potentially affected by this ICR include persons who are engaged in LBP activities and/or perform renovations of target housing or COFs for compensation, dust sampling, or dust testing; or who perform LBP inspections, lead hazard screens, risk assessments or abatements in target housing or COFs; or who provide training or operate a training program for individuals who perform any of these activities; or state, territorial or Native American agencies that administer LBP activities and/or renovation programs.

Respondent’s obligation to respond: Mandatory under TSCA and 40 CFR part 745.

Frequency of response: Occasional.

Total estimated number of potential respondents: 441,034.

Total estimated average number of responses for each respondent: 61.9.

Total estimated annual burden: 6,290,360 hours.

Total estimated annual costs: \$362,279,573. This includes an estimated burden cost of \$360,166,618 and an estimated cost of \$17,400,556 for capital investment or maintenance and operational costs.

III. What are the changes in the estimates from the last approval?

There is an increase of 1,039,040 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This increase reflects EPA’s estimated increased number of respondents for several of the information collection categories addressed in the ICR. This
