

program evaluation as a critical tool to learn, to improve equitable delivery, and to elevate program service and delivery across the program lifecycle. Evaluation means “an assessment using systematic data collection and analysis of one or more programs, policies, and organizations intended to assess their effectiveness and efficiency.” 5 U.S.C. 311. Credible program evaluation activities are implemented with relevance and utility, rigor, independence and objectivity, transparency, and ethics (OMB Circular A–11, Part 6 Section 290).

For grant recipients receiving an award, evaluation costs are allowable costs (either as direct or indirect), unless prohibited by statute or regulation, and such costs may include the personnel and equipment needed for data infrastructure and expertise in data analysis, performance, and evaluation. (2 CFR part 200).”

3. Reporting

a. Progress Reporting on Grant Activities

Each applicant selected for RIA grant funding must submit semi-annual progress reports as agreed to in the cooperative agreement to monitor RIA progress and ensure accountability and financial transparency in the RIA grant program.

b. Performance Reporting

Each applicant selected for RIA grant funding must collect and report to the Bureau information on the RIA’s performance. The specific performance information and reporting period will be determined on an individual basis. It is anticipated that the Bureau and the grant recipient will hold monthly progress meetings or calls during which the Bureau will review project activities, schedule, and progress toward mutually agreed upon performance targets in the cooperative agreement. If the award is greater than \$500,000 over the period of performance, applicants must adhere to the post award reporting requirements reflected in 2 CFR part 200 Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters.

c. Reporting of Matters Related to Recipient Integrity and Performance

If the total value of a selected applicant’s currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then the applicant during that period of time must maintain the currency of

information reported to the SAM that is made available in the designated integrity and performance system (currently FAPIIS) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110–417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111–212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

G. Federal Awarding Agency Contacts

For further information concerning this notice please contact the Bureau via email at RIA@dot.gov or call Carl Ringgold at 202–366–2750 or Carl.Ringgold@dot.gov. A TDD is available for individuals who are deaf or hard of hearing at 202–366–3993. In addition, the Bureau will post answers to questions and requests for clarifications on the Bureau’s website at <https://www.transportation.gov/buildamerica/financing/tifia/regional-infrastructure-accelerators-program>. To ensure applicants receive accurate information about eligibility or the Program, the applicant is encouraged to contact the Bureau directly, rather than through intermediaries or third parties, with questions. Bureau staff may also conduct briefings on the Program grant selection and award process upon request.

H. Other Information

1. *Protection of Confidential Business Information*: All information submitted as part of or in support of any application shall use publicly available data or data that can be made public and methodologies that are accepted by industry practice and standards, to the extent possible. If the applicant submits information that the applicant considers to be a trade secret or confidential commercial or financial information, the applicant must provide that information in a separate document, which the applicant may cross-reference from the application narrative or other portions of the application. For the separate document containing confidential information, the applicant must do the following: (1) State on the cover of that document that it “Contains Confidential Business Information (CBI)”; (2) mark each page that contains confidential information with “CBI”; (3) highlight or otherwise denote the confidential content on each page; and (4) at the end of the document, indicate whether the CBI is information the applicant keeps

private and is of the type of information the applicant regularly keeps private. The Bureau/DOT will protect confidential information complying with these requirements to the extent required under applicable law. If the Bureau receives a Freedom of Information Act (FOIA) request for the information that the applicant has marked in accordance with this section, the Bureau will follow the procedures described in its FOIA regulations at 49 CFR 7.29.

2. *Publication/Sharing of Application Information*: Following the completion of the selection process and announcement of awards, the Bureau intends to publish a list of all applications received along with the names of the applicant organizations and funding amounts requested. Except for the information properly marked as described in Section H.1, the Bureau may make application narratives publicly available or share application information within DOT or with other Federal agencies if DOT determines that sharing is relevant to the respective program’s objectives.

3. *Department Feedback on Application*: The Bureau strives to provide as much information as possible to assist applicants with the application process. The Bureau will not review applications in advance, but Bureau staff are available for technical questions and assistance.

4. *Rural Opportunities*: User-friendly information and resources regarding DOT’s discretionary grant programs relevant to rural applicants can be found on the Rural Opportunities to Use Transportation for Economic Success (ROUTES) website at transportation.gov/rural.
