SUPPLEMENTARY INFORMATION:

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines that have been promulgated by the Department of Health and Human Services (HHS) as a final rule; advice on methods of dose reconstruction, which have also been promulgated by HHS as a final rule; advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program; and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC). In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to CDC. NIOSH implements this responsibility for CDC.

The charter was issued on August 3, 2001, renewed at appropriate intervals, and rechartered under Executive Order 13889 on March 22, 2022, and will terminate on March 22, 2024.

Purpose: The Advisory Board is charged with (a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advise the Secretary on whether there is a class of employees at any Department of Energy facility who

were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class. SPR is responsible for overseeing, tracking, and participating in the reviews of all procedures used in the dose reconstruction process by the NIOSH Division of Compensation Analysis and Support (DCAS) and its dose reconstruction contractor (Oak Ridge Associated Universities—ORAU).

Matters To Be Considered: The agenda will include discussions on the following: (a) ORAUT–OTIB–0052, DCAS–PER–049, DCAS–PER–092, Peek Street; DCAS–PER–073 (Birdsboro), Battelle–TBD–5000, and example of a “not suitable closeout for matrix” presentation, (b) Newly issued Sandford Cohen & Associates reviews, (c) Preparation for August 2023 full ABRWH meeting, and (d) Newly issued Guidance Documents and Supplemental Topics. Agenda items are subject to change as priorities dictate. For additional information, please contact Toll Free 1(800) 232–4636.

The Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, Centers for Disease Control and Prevention, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Telephone: (404) 498-2581; Email: ENovicki@cdc.gov.

SUPPLEMENTARY INFORMATION:

Background: The Secretary of Health and Human Services, the Assistant Secretary for Health, and by delegation, the Director, Centers for Disease Control and Prevention (CDC), are authorized under Sections 301 and 308 of the Public Health Service Act to conduct directly, or by grants or contracts, research, experiments, and demonstrations relating to occupational safety and health and to mine health.

The Board of Scientific Counselors, National Institute for Occupational Safety and Health (BSC, NIOSH) provides advice to the NIOSH Director on NIOSH research and prevention programs. The Board also provides

guidance on the Institute's research activities related to developing and evaluating hypotheses, systematically documenting findings, and disseminating results. In addition, the Board evaluates the degree to which the activities of NIOSH: (1) conform to those standards of scientific excellence appropriate for federal scientific institutions in accomplishing objectives in occupational safety and health; (2) address currently relevant needs in the fields of occupational safety and health either alone or in conjunction with other known activities inside and outside of NIOSH; and (3) produce their intended results in addressing important research questions in occupational safety and health, both in terms of applicability of the research findings and dissemination of the findings.

Purpose: The BSC, NIOSH National Firefighter Registry Subcommittee provides scientific expertise to the Board that assists the BSC, NIOSH in advising the NIOSH Director about the Institute's efforts to establish and operate the National Firefighter Registry. Specifically, the Subcommittee advises the Board on the following issues pertaining to the "required strategy" as mandated by the Firefighter Cancer Registry Act of 2018 (the Act): (1) increase awareness of the National Firefighter Registry and encourage participation among all groups of firefighters; (2) consider data collection needs; (3) consider data storage and electronic access of health information; and (4) in consultation with subject matter experts, develop a method for estimating the number and type of fire incidents attended by a firefighter. Additional responsibilities of the Subcommittee are to provide guidance to the Board regarding the inclusion and maintenance of data on firefighters as required by the Act.

Matters To Be Considered: The agenda for the meeting includes the National Firefighter Registry project overview, status, national launch and updates, communication strategies, targeted enrollment approach, follow-up questionnaire planning, and future planning applicable to stakeholders. Agenda items are subject to change as priorities dictate.

The agenda is also posted on the NIOSH website at <https://www.cdc.gov/niosh/bsc/nfrs/>.

Public Participation

Written Public Comment: Written comments will be accepted per the instructions provided in the addresses section above. Comments received in advance of the meeting are part of the

public record and are subject to public disclosure. The comments will be included in the official record of the meeting. Do not include any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure. If you include your name, contact information, or other information that identifies you in the body of your comments, that information will be on public display. CDC will review all submissions and may choose to redact, or withhold, submissions containing private or proprietary information such as Social Security numbers, medical information, inappropriate language, or duplicate/near-duplicate examples of a mass-mail campaign. CDC will carefully consider all comments submitted into the docket.

Written comments received by June 6, 2023, will be provided to the Subcommittee prior to the meeting.

Oral Public Comment: The public is welcome to participate during the public comment period, from 11:45 a.m. to 12 p.m., EDT, June 13, 2023. Each commenter will be provided up to five minutes for comment. A limited number of time slots are available and will be assigned on a first-come, first-served basis. Members of the public who wish to address the Subcommittee are requested to contact the Designated Federal Officer for scheduling purposes (see **FOR FURTHER INFORMATION CONTACT** above).

The Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, Centers for Disease Control and Prevention, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.
