

summary of the argument; and (3) a table of authorities.¹¹ Case and rebuttal briefs should be filed using ACCESS¹² and must be served on interested parties.¹³ Executive summaries should be limited to five pages total, including footnotes. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁴

Interested parties who wish to request a hearing must do so within 30 days of publication of these preliminary results by submitting a written request to the Assistant Secretary, filed electronically via ACCESS.¹⁵ Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs.¹⁶ If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm the date and time of the hearing two days before the scheduled date. Parties are reminded that all briefs and hearing requests must be filed electronically using ACCESS and received successfully in their entirety by 5:00 p.m. Eastern Time on the due date.

Verification

As provided in section 782(i)(3) of the Act, Commerce intends to verify the information relied upon here in advance of the final results of this review.

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's

presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: April 28, 2023.

Additionally, Commerce is rescinding this administrative review with respect to certain companies. Interested parties are invited to comment on these preliminary results of this review.

DATES: Applicable May 5, 2023.

SUPPLEMENTARY INFORMATION:

Background

On June 9, 2022, in response to review requests from multiple parties,

Commerce published the notice of initiation of an administrative review of the antidumping duty order¹ on certain aluminum foil from the People's Republic of China (China).² On September 7, 2022, all requests for review were withdrawn for certain companies.³ On December 2, 2022, we extended the deadline for these preliminary results of review, until April 28, 2023.⁴

For details regarding the events that occurred subsequent to the initiation of the review, see the Preliminary Decision Memorandum.⁵ A list of topics discussed in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be found at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The merchandise covered by the order is certain aluminum foil from China. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this administrative review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). In determining the dumping margins in this review, we calculated export prices in accordance with section 772 of the Act. Because Commerce has determined that China is a non-market economy country,⁶ within the meaning of section

771(18) of the Act, Commerce calculated normal value in accordance with section 773(c) of the Act. For a full description of the methodology underlying the preliminary results of this review, see the Preliminary Decision Memorandum.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if all parties that requested a review withdraw their requests within 90 days of the publication date of the notice of initiation of the requested review. On September 7, 2022, the petitioners⁷ withdrew their request for review of the following companies: (1) Anhui Maximum Aluminum Industries Company Ltd.; (2) Alcha International Holdings Limited; (3) Granges Aluminum (Shanghai) Co., Ltd.; (4) Hunan Suntown Marketing Limited; (5) Jiangsu Huafeng Aluminum Industry Co., Ltd.; (6) Jiangsu Zhongji Lamination Materials Co., Ltd.; (7) Jiangsu Zhongji Lamination Materials Co., (HK) Ltd.; (8) Suntown Technology Group Corporation Limited; (9) Xiamen Xiashun Aluminum Foil Co., Ltd.; (10) Yinbang Clad Materials Co., Ltd.; and (11) Walson (HK) Trading Co., Limited.⁸

Because the review requests for each of the 11 companies named above have been timely withdrawn, and because no other party has requested a review of these companies, we are rescinding this review with respect to these 11 companies, in accordance with 19 CFR 351.213(d)(1).

Preliminary Determination of No Shipments

Shanghai Shenyang Packaging Materials Co., Ltd. (Shanghai Shenyang) reported no shipments of subject merchandise to the United States during

the POR.⁹ We confirmed the no-shipment claims by reviewing information obtained from a U.S. Customs and Border Protection (CBP) data query¹⁰ and by contacting CBP to request that it provide any information that contradicted the no-shipment claims of these companies. To date, CBP has not responded to our inquiry with any contrary information, and we have not received any evidence that this company had any shipments of the subject merchandise sold to the United States during the POR.¹¹

Based on its no-shipment certification, our analysis of the results of the CBP data queries, and the fact that CBP identified no information that contradicted the no-shipment claim, we preliminarily determine that Shanghai Shenyang did not have any shipments of subject merchandise to the United States during the POR. Consistent with Commerce’s practice in non-market economy cases, we have not rescinded the review with respect to Shanghai Shenyang, but we will continue the review of this company and issue instructions to CBP based on the final results of the review.¹²

Preliminary Affiliation and Single Entity Determination

Consistent with Commerce’s treatment of Dingsheng Aluminium Industries (Hong Kong) Trading Co., Limited (Dingsheng Aluminium Industries (Hong Kong) Trading Co., Ltd.); Hangzhou Dingsheng Import&Export Co., Ltd. (Hangzhou Dingsheng Import and Export Co., Ltd.); Hangzhou Five Star Aluminium Co., Ltd.; Hangzhou Teemful Aluminium Co., Ltd.; Inner Mongolia Liansheng New Energy Material Co.; and Inner Mongolia Xinxing New Energy Material Co., Ltd. have continued to find that these companies are affiliated entities, pursuant to sections 771(33)(E), (F), and (G) of the Act, and that they should be treated as a single entity pursuant to 19 CFR 351.401 (f)(1)–(2). For additional information, see the Preliminary Decision Memorandum.

Separate Rates

We have preliminarily determined that the companies within the Dingsheng entity demonstrated their eligibility for a separate rate. We have also preliminarily determined that Shanghai Huaфон Aluminium Corporation (Shanghai Huaфон) is ineligible for a separate rate because it filed no response to our antidumping questionnaire.¹⁴ For additional information, see the Preliminary Decision Memorandum.

China-Wide Entity

In accordance with Commerce’s policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the China-wide entity.¹⁵ Because no party requested a review of the China-wide entity, the China-wide entity is not under review and the weighted-average dumping margin for the China-wide entity is not subject to change (*i.e.*, 105.80 percent).¹⁶ Because Shanghai Huaфон did not demonstrate its eligibility for a separate rate, we preliminarily determine Shanghai Huaфон to be part of the China-wide entity.

Preliminary Results of Review

We are preliminarily assigning the following dumping margins to the firms listed below for the period April 1, 2021, through March 31, 2022:

Sales at Less Than Fair Value and Postponement of Final Determination and Accompanying Preliminary Decision Memorandum, 82 FR 50858 (November 2, 2017), and accompanying Preliminary Decision Memorandum at 16–18, unchanged in *Certain Aluminum Foil From the People’s Republic of China: Final Determination of Sales at Less Than Fair Value*, 83 FR 9282 (March 5, 2018). Disclosure and Public Comment

Commerce intends to disclose to parties to the proceeding the calculations performed for these preliminary results of review within five days of the date of publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review in the **Federal Register**.¹⁷ Rebuttal briefs may be filed no later than seven days after case briefs are due and may respond only to arguments raised in the case briefs.¹⁸ A table of contents, list of authorities used, and an executive summary of issues should accompany any briefs submitted to Commerce. The summary should be limited to five pages total, including footnotes.¹⁹

Interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice in the **Federal Register**.²⁰ Requests should contain the party's name, address, and telephone number, the number of individuals from the requesting party's firm that will attend the hearing, and a list of the issues the party intends to discuss at the hearing. Oral arguments at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined.²¹ Parties should confirm by telephone the date and time of the hearing two days before the scheduled date of the hearing.

All submissions must be filed electronically using ACCESS.²² An electronically filed document must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5 p.m. Eastern Time on the due date.²³ Note that Commerce has

temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.²⁴

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any briefs, within 120 days of publication of these preliminary results of review in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results of this review, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.²⁵ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

For each individually examined respondent in this review whose weighted-average dumping margin in the final results of review is not zero or *de minimis* (*i.e.*, less than 0.5 percent), Commerce intends to calculate importer/customer-specific assessment rates.²⁶ Where the respondent reported reliable entered values, Commerce intends to calculate importer/customer-specific *ad valorem* assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer/customer and dividing this amount by the total entered value of the merchandise sold to the importer/customer.²⁷ Where the respondent did not report entered values, Commerce will calculate importer/customer-

specific assessment rates by dividing the amount of dumping for reviewed sales to the importer/customer by the total quantity of those sales. Commerce will calculate an estimated *ad valorem* importer/customer-specific assessment rate to determine whether the per-unit assessment rate is *de minimis*; however, Commerce will use the per-unit assessment rate where entered values were not reported.²⁸ Where an importer/customer-specific *ad valorem* assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted average dumping margin is zero or *de minimis*, or an importer/customer-specific *ad valorem* assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.²⁹

Pursuant to Commerce's refinement to its practice, for sales that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, Commerce will instruct CBP to liquidate the entry of such merchandise at the dumping margin for the China-wide entity.³⁰ Additionally, where Commerce determines that an exporter under review had no shipments of subject merchandise to the United States during the POR, any suspended entries of subject merchandise that entered under that exporter's CBP case number during the POR will be liquidated at the dumping margin for the China-wide entity.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable.

Cash Deposit Requirements

Commerce will instruct CBP to require a cash deposit for antidumping duties equal to the weighted-average amount by which the normal value exceeds U.S. price. The following cash deposit requirements will be effective for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register**, as provided by section 751(a)(2)(C) of the Act: (1) for the exporters listed in the table above, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review for the exporter (except, if the dumping margin is *de minimis* (*i.e.*, less than 0.5 percent), then the cash deposit rate will be zero for that exporter); (2) for previously investigated or reviewed Chinese and non-Chinese exporters that are not listed in the table above but that have separate rates, the cash deposit rate will continue to be the exporter-specific rate established in the most recently completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 105.80 percent)³¹ and (4) for all non-Chinese exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties has occurred, and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213 and 351.221(b)(4).

We are rescinding the review with respect to fifteen companies and announcing our preliminary intent to rescind this review with respect to four companies. SUPPLEMENTARY INFORMATION:

Background

On August 10, 2015, Commerce published in the **Federal Register** the countervailing duty order on certain

passenger vehicle and light truck tires from China.¹ On October 11, 2022, Commerce published in the **Federal Register** the notice of initiation of an administrative review of the *Order* for the period January 1, 2021, through December 31, 2021.² On December 22, 2022, Commerce selected Qingdao Keter International Co., Limited (Keter) and Shandong Haohua Tire Co., Ltd. (Haohua) as the mandatory respondents; however, on December 23, 2022 and January 3, 2023, Keter and Haohua timely withdrew their requests for an administrative review, respectively.³ As a result, on January 12, 2023, Commerce selected Shandong Province Sanli Tire Manufactured Co., Ltd. (Sanli) as a mandatory respondent.⁴

On January 13, 2023, Sanli attempted to withdraw its request for an administrative review,⁵ but we rejected it as untimely.⁶ On January 23, 2023, we issued an initial questionnaire to the Government of China (GOC) requesting information on programs which may constitute subsidies under U.S. law that were used by the respondent, Sanli.⁷ On February 6, 2023, Sanli provided a notice of intent not to participate in this review.⁸ On February 6, 2023, in response to Sanli's notice, Commerce selected Zhongce Rubber Group Co., Ltd. (Zhongce) as an additional mandatory respondent.⁹ On February 7, 2023, Commerce requested that the GOC forward the initial questionnaire to Zhongce.¹⁰ On February 10, 2023, Zhongce provided a notice of intent not
