The 63 associated funerary objects are three lots consisting of ceramics, 26 lots consisting of lithics, two lots consisting of faunal remains, one lot consisting of cobbles, eight lots consisting of miscellaneous stones, one lot consisting of limonite fragments, two lots consisting of soil samples, two lots consisting of flotation samples, one lot consisting of daub, three lots consisting of clay, two lots consisting of stone cores, three lots consisting of projectile points, four lots consisting of sandstone, three lots consisting of fire cracked rock, one lot consisting of red ochre, and one lot consisting of abraders.

Human remains representing, at a minimum, five individuals were removed from Tishomingo County, MS. Site 22TS956, also referred to as "the" Bay Springs Rockshelter, is just one of several rockshelters situated along the Divide Cut Section of the Tennessee-Tombigbee Waterway. These sites were excavated in several stages by the Cultural Resource Program of the Department of Anthropology at the University of Pittsburgh under the direction of Principal Investigator J.M. Adovasio (October 1–13, 1979; October 16–November 23, 1979; December 3, 1979–February 25, 1980; and February 26–June 3, 1980). The age and sex of these individuals are unidentified. No known individuals were identified. The three associated funerary objects are two lots consisting of soil samples and one lot consisting of dense stone fragments.

Cultural Affiliation

The human remains and associated funerary objects in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: archeological, geographical, historical, other relevant information, and expert opinion.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the U.S. Army Corps of Engineers, Mobile District has determined that:

- The human remains described in this notice represent the physical

remains of 49 individuals of Native American ancestry.

- The 379 objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.

- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects described in this notice and the Alabama-Coushatta Tribe of Texas; Alabama-Quassarte Tribal Town; Coushatta Tribe of Louisiana; and The Chickasaw Nation.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after June 5, 2023. If competing requests for repatriation are received, the U.S. Army Corps of Engineers, Mobile District, must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The U.S. Army Corps of Engineers, Mobile District, is responsible for sending a copy of this notice to the Indian Tribes identified in this notice.
