AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that Datong Juqiang Activated Carbon Co., Ltd. (Datong Juqiang) and Jilin Bright Future Chemicals Co., Ltd. (Jilin Bright), exporters of certain activated carbon from the People’s Republic of China (China), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) April 1, 2021, through March 31, 2022. Interested parties are invited to comment on these preliminary results.

DATES: Applicable May 8, 2023.

FOR FURTHER INFORMATION CONTACT: Jinny Ahn or Zachariah Hall, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0339 or (202) 482–6261, respectively.

SUPPLEMENTARY INFORMATION:

Background

This administrative review is being conducted in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this administrative review on June 9, 2022.¹ On December 15, 2022, Commerce

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 87 FR 35165 (June 9, 2022).

extended the preliminary results deadline until April 25, 2022.²

Scope of the Order³

The merchandise subject to the *Order* is certain activated carbon. The products are currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 3802.10.00. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the *Order* remains dispositive.⁴

Continuation of Administrative Review for Carbon Activated Tianjin Co., Ltd.

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. On September 6, 2022, Carbon Activated Tianjin Co., Ltd. (Carbon Activated) timely withdrew its request for review.⁵ However, because there is still an active review request for Carbon Activated,⁶ we are not rescinding this review with respect to Carbon Activated, pursuant to 19 CFR 351.213(d)(1).

Preliminary Determination of No Shipments

Based on our analysis of U.S. Customs and Border Protection (CBP) information, and the no shipment certifications submitted by Datong Municipal Yunguang Activated Carbon Co., Ltd., Ningxia Guanghua Cherishmet Activated Carbon Co., Ltd., and Shanxi Dapu International Trade Co., Ltd.,

⁴ For a complete description of the scope of the *Order*, see Memorandum, “Decision Memorandum for the Preliminary Results of Antidumping Duty Administrative Review: Certain Activated Carbon from the People’s Republic of China; 2021–2022,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

Commerce preliminarily determines that these companies had no shipments of subject merchandise during the POR.

Consistent with our practice in non-market economy (NME) cases, we are not rescinding this review but instead intend to complete the review with respect to these three companies for which we have preliminarily found no shipments and issue appropriate instructions to CBP based on the final results of the review.⁷

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act. We calculated export prices and constructed export prices in accordance with section 772 of the Act. Because China is an NME country within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum is available at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Verification

As provided in sections 782(i)(3)(A)–(B) of the Act, we intend to verify the information upon which we will rely in determining our final results of review with respect to the two mandatory respondents, Datong Juqiang and Jilin Bright.

Preliminary Results of the Review

Commerce preliminarily finds that seven companies for which a review
