SUPPLEMENTARY INFORMATION:

Background

Pursuant to 26 U.S.C. 7526, the IRS will annually award up to \$6,000,000 (unless otherwise provided by specific Congressional appropriation) to qualified organizations, subject to the limitations in the statute. For 2023, pursuant to the Consolidated Appropriations Act, 2023, Congress doubled both the overall LITC grant funding level from \$13 million in FY 2022 to \$26 million and the maximum amount that may be awarded to any clinic from \$100,000 in FY 2022 to \$200,000. See Public Law 117-328, Division E. The President's 2024 budget request includes a continuation of the overall LITC grant funding level at \$26 million and the \$200,000 per-clinic funding cap. In light of the President's budget proposal and the uncertain timeline for final congressional action, the IRS will allow applicants to request up to \$200,000 for the 2024 grant year. The IRS will also continue the ESL Education Pilot Program that was rolled out as part of the February 2023 supplemental funding opportunity. See 88 FR 13864-13866 (March 6, 2023). If Congress ultimately does not continue the LITC Program's funding at \$26 million and/or the increased per-clinic funding cap of \$200,000, the IRS will adjust each grant recipient's award to reflect any limitations in place at that time. At least 90 percent of the taxpayers represented by the clinic must have incomes which do not exceed 250 percent of the poverty level as determined under criteria established by the Director of the Office of Management and Budget. See 88 FR 3424-25 (Jan. 19, 2023). In addition, the amount in controversy for the tax year to which the controversy relates generally cannot exceed the amount specified in Internal Revenue Code (IRC) section 7463 (\$50,000) for eligibility for special small tax case
