

regard to duties in accordance with 19 CFR 351.106(c)(1).

For entries of subject merchandise during the POR produced by Hyundai Steel for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

For the companies identified above that were not selected for individual examination, we will instruct CBP to liquidate entries at the rate established in these amended final results of review.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the amended final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following amended cash deposit requirements will be retroactively effective for all shipments of subject merchandise that entered, or were withdrawn from warehouse, for consumption on or after April 20, 2023, the date of publication of the *Final Results* of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) the amended cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin established in these amended final results of review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 6.05 percent, the all-others rate established in the less-than-fair-value investigation for this proceeding.⁶ These amended cash

deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these amended final results of review in accordance with sections 751(h) and 777(i) of the Act and 19 CFR 351.224(e).

Dated: May 2, 2023.

Certain Welded Carbon Steel Pipes and Tubes From India, Thailand, and Republic of Turkey: Final Results of the Expedited Sunset Review of the Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of these expedited sunset reviews, the U.S. Department of

Commerce (Commerce) finds that revocation of the antidumping duty (AD) orders on certain welded carbon steel pipes and tubes (pipe and tube) from India, Thailand, and the Republic of Turkey (Turkey) would likely lead to a continuation or recurrence of dumping at the levels indicated in the "Final Results of Review" section of this notice. The sunset period of review is 2018–2022.

DATES: Applicable May 8, 2023.

FOR FURTHER INFORMATION CONTACT:

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Orders* on pipe and tube from India, Thailand, and Turkey would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the margins of dumping likely to prevail would be at margins up to 87.93 percent for India, 15.60 percent for Thailand, and 23.12 percent for Turkey.

This notice serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a).
