

Cash Deposit Requirements

For the companies listed above for which the subsidy rates are *de minimis*, no cash deposit will be required of these companies on shipments of the subject merchandise entered or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific rate applicable to the company or the all-others rate, as appropriate. These cash deposits, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notice to Interested Parties

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: May 3, 2023.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix

List of Topics Discussed in the Issues and Decision Memorandum

- I. Summary
- II. Background
- III. Scope of the *Order*
- IV. Period of Review
- V. Subsidies Valuation Information
- VI. Analysis of Programs
- VII. Discussion of the Issues
 - Comment 1: Whether Electricity Is Subsidized by the Government of Korea (GOK)
 - Comment 2: Whether the GOK's Port Usage Rights Program Provides a Countervailable Benefit
 - Comment 3: Whether the Korea Emissions Trading System (K-ETS) Program Is Countervailable
 - Comment 4: Whether Commerce Should Modify its Benefit Calculation Relating to the Provision of K-ETS Permits
 - Comment 5: Whether Hyundai Steel Company (Hyundai Steel) and Hyundai Green Power Co. (HGP) Are Cross-Owned

Comment 6: Whether Commerce Was Required by Law to Conduct Verification of the GOK and POSCO

Comment 7: Whether Local Tax Exemptions under Restriction of Special Location Taxation Act (RSLTA) Article 57-2 Are Countervailable

Comment 8: Whether Certain of POSCO Chemical Co., Ltd.'s (POSCO Chemical) Local Tax Exemptions under RSLTA Article 78 Are Tied to Non-Subject Merchandise

Comment 9: Whether Certain Quota Tariff Import Duty Exemptions under Article 71 of the Customs Act Are Tied to Non-Subject Merchandise

Certain Small Diameter Seamless Carbon and Alloy Standard, Line and Pressure Pipe From Germany: Final Results of Expedited Fifth Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on certain small diameter seamless carbon and alloy standard, line, and pressure pipe (seamless pipe) from Germany would likely to lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Review" section of this notice.

DATES: Applicable May 9, 2023.

FOR FURTHER INFORMATION CONTACT: Tyler R. Weinhold, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1121.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 1995, Commerce published the AD order on seamless pipe from Germany.¹ On January 3, 2023, Commerce published the notice of initiation of the sunset review of the *Order*, pursuant to section 751(c) of the

¹ See *Notice of Antidumping Duty Order and Amended Final Determination: Certain Small Diameter Seamless Carbon and Alloy Standard, Line and Pressure Pipe from Germany*, 60 FR 39704 (August 3, 1995) (*Order*).

Tariff Act of 1930, as amended (the Act).² On January 18, 2023, Commerce received a notice of intent to participate from Vallourec Star, L.P. (Vallourec), a U.S. producer of seamless pipe, within the 15-day deadline specified in section 771(9)(C) of the Act and 19 CFR 351.218(d)(1)(i).³ Vallourec claimed interested party status under section 771(9)(C) of the Act as a domestic producer engaged in the production of seamless pipe in the United States, a domestic like product.⁴

On February 2, 2023, Vallourec submitted a timely and adequate substantive response to the *Initiation Notice* within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). We received no substantive responses from other interested parties, nor was a hearing requested.

On February 24, 2023, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.⁵ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce has conducted an expedited (120-day) sunset review of this *Order*.

Scope of the Order

The product covered by the *Order* is seamless pipe. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.⁶

Analysis of Comments Received

All issues raised in this sunset review are addressed in the Issues and Decision Memorandum. A list of topics discussed in the Issues and Decision Memorandum is included as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete

⁴ *Id.* at 2.

⁵ See Commerce's Letter, "Sunset Review for January 2023," dated February 24, 2023.

⁶ See Memorandum, "Issues and Decision Memorandum for the Expedited Fifth Sunset Review of the Antidumping Duty Order on Certain Small Diameter Seamless Carbon and Alloy Standard, Line and Pressure Pipe from Germany," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Order* would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the margin of dumping likely to prevail would be up to 57.72 percent.

Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, 19 CFR 351.218(e)(1)(ii)(C)(2) and 19 CFR 351.221(c)(5)(ii).

Dated: May 2, 2023.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Notice of Availability of a Final Programmatic Environmental Assessment for Funding Aquaculture Research and Development Projects and Finding of No Significant Impact

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of availability of a final programmatic environmental assessment for funding aquaculture research and development projects and finding of no significant impact.

SUMMARY: The National Oceanic and Atmospheric Administration, Office of Oceanic and Atmospheric Research (OAR) is issuing this notice to inform the public of the availability of the final programmatic environmental assessment (PEA) to fund aquaculture research and development projects and Finding of No Significant Impact (FONSI).

ADDRESSES: The Final PEA and FONSI may be viewed or downloaded from the NOAA Sea Grant NEPA and Environmental Compliance web page: <https://seagrant.noaa.gov/NEPA>.

FOR FURTHER INFORMATION CONTACT: Rebecca Briggs, Scientific Program Manager, National Sea Grant Office (Phone Number: (302) 927–2351) (Email: rebecca.briggs@noaa.gov).

SUPPLEMENTARY INFORMATION: In preparing the Final PEA, OAR has considered 18 public comments received on the Draft PEA, which was published in the **Federal Register** (87 FR 68441) for a 30-day comment period, from November 15, 2022 to December 15, 2022.

The Proposed Action analyzed in the Final PEA is to issue Federal financial assistance awards through existing programs within the OAR (Sea Grant, SBIR) and NMFS Office of Aquaculture (OAQ) for aquaculture research and development projects involving farmed and wild populations of aquatic organisms in permitted aquaculture facilities and sites, research laboratories, the Great Lakes and associated freshwater areas, and ocean and coastal environments within the Exclusive Economic Zone (EEZ) of the United States and its territories.

The Final PEA incorporates, where appropriate, agency and public comments received on the Draft PEA, which was available for public review

from November 15, 2022, to December 15, 2022. During the public comment period of the Draft PEA, NOAA received 18 comments. NOAA responses to the public comments are provided in appendix A of the Final PEA. All recommended changes incorporated as a result of comments received were to provide further clarification.

The analysis in the Final PEA and FONSI concludes that none of the project types of the Proposed Action alternative have the potential for significant impacts. The Final PEA assesses the direct, indirect, and cumulative environmental impacts of issuing Federal financial assistance awards for aquaculture research and development projects that fall within the five project types: Outreach, Education, and Planning; Data Analysis and Social Science Research; Laboratory and Rearing Science and Research on Finfish and Shellfish; Field Research and Assessments; and Shellfish Aquaculture Restoration. However, the Final PEA does not predict the impacts of specific projects. Each financial award proposal would be evaluated using this Final PEA on a project-specific basis to determine if it falls within its scope of analysis and impacts. If a project does not fall within the scope of this Final PEA, a separate NEPA review will be conducted.

This document has been prepared in compliance with the National Environmental Policy Act of 1969 (NEPA), the 1978 Council on Environmental Quality (CEQ) Regulations (40 Code of Federal Regulations [CFR] 1500–1508), and NOAA policy and procedures (NOAA Administrative Order 216–6A (NAO 216–6A) and its Companion Manual (CM)).

David Holst,

Chief Financial Officer/Administrative Officer, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.
