Abstract: The Healthy Hunger Free Kids Act (HHFKA) of 2010 (Section 306) requires Professional Standards for state and local school district nutrition professionals. In addition to hiring standards, mandatory annual training is required for all individuals involved in preparing school meals. To meet the training requirements and assist in keeping track of the training, USDA's Food and Nutrition Service (FNS) provides a web-based application tool with a Structured Query Language (SQL)-server database, which is available for employees of State agencies, local educational agencies, and school food authorities through the FNS public website, with eAuthentication. While training requirements are mandatory, using the USDA Professional Standards Training Tracker Tool (PSTTT) is voluntary. The tool facilitates compliance with HHFKA requirements and is provided at no cost. In addition, FNS provides a mobile friendly version of the PSTTT application to ensure easy usage and accessibility across mobile devices. The application is compatible with all mobile operating systems (iOS, Android, and Windows).
