AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of a modified system of records.

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, the National Aeronautics and Space Administration is providing public notice of a modification to a previously announced system of records, NASA Freedom of Information Act System, NASA 10FOIA. This notice updates formats and retention of records, their retrievability, and records access, notification, and contesting procedures. It updates locations and incorporates NASA Standard Routine Uses that were previously published separately from, and cited by reference in, this and other NASA systems of records notices. This notice also adds two new routine uses unique to this system, as set forth below under the caption **SUPPLEMENTARY INFORMATION**.

DATES: Submit comments within 30 calendar days from the date of this publication. The changes will take effect at the end of that period if no adverse comments are received.

ADDRESSES: Bill Edwards-Bodmer, Privacy Act Officer, Office of the Chief

Information Officer, National Aeronautics and Space Administration Headquarters, Washington, DC 20546–0001, (757) 864–7998, NASA-PAOfficer@nasa.gov.

FOR FURTHER INFORMATION CONTACT:

NASA Privacy Act Officer, Bill Edwards-Bodmer, (757) 864–7998, NASA-PAOfficer@nasa.gov.

SUPPLEMENTARY INFORMATION: This system notice includes minor revisions to NASA’s existing system of records notice to bring its format into compliance with OMB guidance; and to update records access, notification, and contesting procedures consistent with NASA Privacy Act regulations. Significant changes include update of system location to reflect a cloud location, sub-system managers, and applicable retention schedule for the records. It clarifies data fields by which records are retrieved and provides an explanation that any records exempted under other systems of records will carry those exemptions if entered this FOIA system. Only authorized personnel requiring information in the official discharge of their duties are authorized access to records through approved access or authentication methods. Access to electronic records is achieved only from workstations within the NASA Intranet or via a secure Virtual Private Network (VPN) connection that requires two-factor hardware token authentication or via employee PIV badge authentication from NASA-issued computers. Non-electronic records are secured in locked rooms or files.
