AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on a withdrawal of the circumvention inquiry request, the U.S. Department of Commerce (Commerce) is rescinding this circumvention inquiry to determine whether imports of boltless steel shelving units prepackaged for sale (boltless steel shelving), which are completed or assembled in Malaysia using certain components from the People's Republic of China (China), are circumventing the antidumping duty (AD) and countervailing duty (CVD) orders on boltless steel shelving from China.

SUPPLEMENTARY INFORMATION:

Background

On October 21, 2015, Commerce published AD and CVD orders on boltless steel shelving from China.¹ On October 20, 2022, Edsal Manufacturing Company, Inc. (Edsal) filed a circumvention inquiry request alleging that boltless steel shelving completed or assembled in Malaysia using certain components from China and exported to the United States are circumventing the *Orders*.² On December 9, 2022, Commerce initiated a circumvention inquiry regarding the above-referenced merchandise.³ On April 17, 2023, Edsal withdrew its circumvention inquiry request.⁴

Scope of the Orders

The merchandise covered by these *Orders* is boltless steel shelving units prepackaged for sale. For a complete description of the scope, see the Initiation Memorandum.⁵

Merchandise Subject to the Circumvention Inquiry

This circumvention inquiry covers boltless steel shelving that has been completed or assembled in Malaysia using, at a minimum, the key components of boltless steel shelving, *i.e.*, vertical posts and horizontal beams, from China that are then subsequently exported to the United States.

Common Alloy Aluminum Sheet From Germany: Preliminary Results of Antidumping Duty Administrative Review; 2020–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that the producers/exporters subject to this administrative review made sales of subject merchandise at less than normal value (NV) during the period of review (POR) (October 15, 2020, through March 31, 2022). Interested parties are invited to comment on these preliminary results of the review.

DATES: Applicable May 10, 2023.

FOR FURTHER INFORMATION CONTACT:

Drew Jackson or Jonathan Hill, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4406 or (202) 482-3518, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 14, 2022, Commerce initiated an administrative review of the antidumping duty order¹ on common alloy aluminum sheet from Germany covering the above-referenced POR.² For a complete description of the events that followed the initiation of this review, see the accompanying Preliminary Decision Memorandum.³ On December

¹ See *Common Alloy Aluminum Sheet from Bahrain, Brazil, Croatia, Egypt, Germany, India, Indonesia, Italy, Oman, Romania, Serbia, Slovenia, South Africa, Spain, Taiwan, and the Republic of Turkey: Antidumping Duty Orders*, 86 FR 22139 (April 27, 2021) (*Order*).

² See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 87 FR 42144 (July 14, 2022) (*Initiation Notice*).

³ See Memorandum, "Decision Memorandum for Preliminary Results of the 2020–2022 Administrative Review of the Antidumping Duty Order on Common Alloy Aluminum Sheet from Germany," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

15, 2022, Commerce extended the deadline for issuing the preliminary results of this review from January 3, 2023, to April 28, 2023.⁴

Scope of the Order

The products covered by this *Order* are common alloy aluminum sheet, which is a flat-rolled aluminum product having a thickness of 6.3 mm or less, but greater than 0.2 mm, in coils or cut-to-length, regardless of width. Common alloy sheet within the scope of this *Order* includes both not clad aluminum sheet, as well as multi-alloy, clad aluminum sheet. For a full description of the scope of the *Order*, see Preliminary Decision Memorandum.

Preliminary Results of Successor-in-Interest Analysis

Commerce initiated this administrative review with respect to four companies, including Hydro Aluminium Rolled Products GmbH (HARP) and Speira GmbH (Speira).⁵ Speira reported that during the POR, "HARP assumed new ownership and took on the name of Speira GmbH."⁶ We have analyzed record information regarding changes in HARP's management, manufacturing facilities, customers, and suppliers, and preliminarily determine that Speira is the successor-in-interest to HARP. Accordingly, we have treated HARP and Speira as the same company in our analyses in this review. See the Preliminary Decision Memorandum for further information. Should our preliminary successor-in-interest determination remain unchanged in the final results of review, we will instruct CBP to apply the assessment rates that we calculated for Speira to POR entries of subject merchandise from both Speira and HARP.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). We calculated export and constructed export prices and NV for the two mandatory respondents, Novelis Deutschland GmbH (Novelis) and Speira (formerly known HARP), in accordance with sections 772 and 773 of the Act, respectively.
