

will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Government

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires

Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning Policy COMDTINST 5090.1 (series) which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f). The Coast Guard has determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule promulgates the operating regulations or procedures for drawbridges and is categorically excluded from further review, under paragraph L49, of Chapter 3, Table 3–1 of the U.S. Coast Guard Environmental Planning Implementation Procedures.

Neither a Record of Environmental Consideration nor a Memorandum for the Record are required for this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 33 CFR 1.05–1; and Department of Homeland Security Delegation No. 00170.1. Revision No. 01.3

■ 2. Amend § 117.261 by redesignating paragraph (nn) as paragraph (oo) and adding new paragraph (nn) to read as follows:

§ 117.261 Atlantic Intracoastal Waterway from St. Marys River to Key Largo.

* * * * *

(nn) West 79th Street Bridge, mile 1084.6, at Miami, Florida. The draw shall operate as follows:

(1) Monday through Friday (except on Federal holidays):

(i) 7 a.m. to 10 a.m. the draw need only open on the hour.

(ii) 10 a.m. to 4 p.m. the draw need only open on the hour and half hour.

(iii) 4 p.m. to 7 p.m. the draw need only open on the hour.

(iv) 7 p.m. to 7 a.m. the draw shall open on signal.

(2) Saturday, Sunday, and Federal holidays the draw shall open on signal.

* * * * *

■ 3. Revise § 117.304 to read as follows

§ 117.304 Miami Beach Channel.

The draw of the East 79th Street Bridge, mile 2.20, at Miami Beach, Florida. The draw shall operate as follows:

(a) Monday through Friday (except on Federal holidays):

(1) 7 a.m. to 10 a.m. the draw need only open on the hour.

(2) 10 a.m. to 4 p.m. the draw need only open on the hour and half hour.

(3) 4 p.m. to 7 p.m. the draw need only open on the hour.

(4) 7 p.m. to 7 a.m. the draw shall open on signal.

(b) Saturday, Sunday, and Federal holidays the draw shall open on signal.

Dated: May 4, 2023.

Brendan C. McPherson,

Rear Admiral, U.S. Coast Guard, Commander Coast Guard Seventh District.

[Docket No. FWS–R1–ES–2010–0071; FF09E21000 FXES1111090FEDR 223]

RIN 1018–BE61

Endangered and Threatened Wildlife and Plants; Designation of Critical Habitat for Slickspot Peppergrass (*Lepidium papilliferum*); Correction

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule; correction.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service or USFWS), are correcting one amendatory

instruction in a final rule that published in the **Federal Register** on May 4, 2023. That rule finalizes the designation of critical habitat for the threatened slickspot peppergrass (*Lepidium papilliferum*) under the Endangered Species Act of 1973, as amended (Act).

DATES: Effective June 5, 2023.

FOR FURTHER INFORMATION CONTACT: Lisa Ellis, State Supervisor, U.S. Fish and Wildlife Service, Idaho Fish and Wildlife Office, 1387 S Vinnell Way, Room 368, Boise, ID 83709; telephone 208-378-5243. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

In the final rule that published in the **Federal Register** on May 4, 2023, at 88 FR 28874, the following correction is made:

§ 17.96 [Corrected]

■ On page 28905, in the first column, amendment 3 is corrected to read, “3. Amend § 17.96(a) by adding an entry for “Family Brassicaceae: *Lepidium papilliferum* (slickspot peppergrass)” after the entry for “Family Brassicaceae: *Leavenworthia texana* (Texas golden glaucous)” to read as follows:”

Susan L. Wilkinson,

*Acting Chief, Policy and Regulations Branch,
U.S. Fish and Wildlife Service.*

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 635

[Docket No. 220919-0193]

RTID 0648-XC894

**Atlantic Highly Migratory Species;
Atlantic Bluefin Tuna Fisheries;
Closure of the Angling Category Gulf
of Mexico Incidental Trophy Fishery for
2023**

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS closes the Angling category Gulf of Mexico incidental fishery for large medium and giant (“trophy” (*i.e.*, measuring 73 inches (185 cm) curved fork length or greater)) Atlantic bluefin tuna (BFT). This action applies to Highly Migratory Species (HMS) Angling and HMS Charter/Headboat permitted vessels when fishing recreationally.

DATES: Effective 11:30 p.m., local time, May 9, 2023, through December 31, 2023.

FOR FURTHER INFORMATION CONTACT: Ann Williamson, ann.williamson@noaa.gov, 301-427-8503, Larry Redd, Jr., larry.redd@noaa.gov, 301-427-8503, or Nicholas Velseboer, nicholas.velseboer@noaa.gov, 978-281-9260.

SUPPLEMENTARY INFORMATION: Atlantic HMS fisheries, including BFT fisheries, are managed under the authority of the Atlantic Tunas Convention Act (ATCA; 16 U.S.C. 971 *et seq.*) and the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*). The 2006 Consolidated Atlantic HMS Fishery Management Plan (FMP) and its amendments are implemented by regulations at 50 CFR part 635. Section 635.27 divides the U.S. BFT quota recommended by the International Commission for the Conservation of Atlantic Tunas (ICCAT) and as implemented by the United States among the various domestic fishing categories, per the allocations established in the 2006 Consolidated HMS FMP and its amendments. NMFS is required under the Magnuson-Stevens Act to provide U.S. fishing vessels with a reasonable opportunity to harvest quotas under relevant international fishery agreements, such as the ICCAT Convention, which is implemented domestically pursuant to ATCA.

Under § 635.28(a)(1), NMFS files a closure action with the Office of the Federal Register for publication when a BFT quota (or subquota) is reached or is projected to be reached. Retaining, possessing, or landing BFT under that quota category is prohibited on and after the effective date and time of a closure action for that category, for the remainder of the fishing year, until the opening of the subsequent quota period or until such date as specified.

The 2023 BFT fishing year, which is managed on a calendar-year basis and subject to an annual calendar-year quota, began January 1, 2023. The Angling category season opened January 1, 2023, and continues through December 31, 2023. The Angling category baseline quota is 297.4 metric tons (mt), of which 9.2 mt is

suballocated for the harvest of large medium and giant (trophy) BFT by vessels fishing under the Angling category quota, with 2.3 mt allocated for each of the following areas: North of 42° N lat. (the Gulf of Maine area); south of 42° N lat. and north of 39°18' N lat. (the southern New England area); south of 39°18' N lat., and outside of the Gulf of Mexico (the southern area); and the Gulf of Mexico region. Trophy BFT measure 73 inches (185 cm) curved fork length or greater. This action applies to the Gulf of Mexico.

Angling Category Large Medium and Giant Gulf of Mexico “Trophy” Fishery Closure

Based on landings data from the NMFS Automated Catch Reporting System, as well as average catch rates and anticipated fishing conditions, NMFS projects the Angling category Gulf of Mexico incidental trophy BFT subquota of 2.3 mt has been reached and exceeded. Therefore, retaining, possessing, or landing large medium or giant (*i.e.*, measuring 73 inches (185 cm) curved fork length or greater) BFT in the Gulf of Mexico by persons aboard HMS Angling and HMS Charter/Headboat permitted vessels (when fishing recreationally) must cease at 11:30 p.m. local time on May 9, 2023. This closure will remain effective through December 31, 2023. This action applies to HMS Angling and HMS Charter/Headboat permitted vessels when fishing recreationally for BFT, and is taken consistent with the regulations at § 635.28(a)(1). This action is intended to prevent further overharvest of the Angling category Gulf of Mexico incidental trophy BFT subquota.

If needed, subsequent Angling category adjustments will be published in the **Federal Register**. Information regarding the Angling category fishery for Atlantic tunas, including daily retention limits for BFT measuring 27 inches (68.5 cm) to less than 73 inches (185 cm), and any further Angling category adjustments, is available at <https://hmspermits.noaa.gov> or by calling 978-281-9260. Fishermen aboard HMS Angling and HMS Charter/Headboat permitted vessels may catch and release (or tag and release) BFT of all sizes, subject to the requirements of the catch-and-release and tag-and-release programs at § 635.26. All BFT that are released must be handled in a manner that will maximize survival, and without removing the fish from the water, consistent with requirements at § 635.21(a)(1). For additional information on safe handling, see the “Careful Catch and Release” brochure available at <https://>
