

Contract Terms Supporting Export Sales and Foreign Purchases, thus creating a time savings later in the year. The new form to be used for weekly Export Sales, Optional Origin Sales, and Export for Exporters Own Account Sales is titled “FAS–ESR Contract Data Upload form.” A copy of the form is provided with this package.

In addition to the data currently required to be submitted, FAS proposes to require data on the following for all commodities reported:

- (1) Contract terms (FAS, FOB C&F, etc.) including volumes, destinations, buyers, and dates,
- (2) Mode of transportation (e.g., ship, rail, truck, & container),
- (3) Mode of transportation identifier (e.g., vessel name, rail name, trucking company name), and
- (4) Bill of Lading date.

While an initial increase in exporter administrative activity associated with the addition of specific contract information via the “FAS–ESR Contract Data Upload form” is anticipated, the reporting burden is expected to decline as export companies complete any necessary modifications to their systems to allow their export sales data to be transferred to the new ESRMS via the bulk upload option using CSV or JSON files.

In the case of daily exports above the specified volumes, nothing will change. Exporters will continue to report daily sales using the existing procedures by sending a WORD document to the Export Sales staff as is currently required.

Along with the FAS–ESR Contract Data Upload form, new electronic data transfer forms for contract adjustments, exports, and shipment information have been developed to ultimately decrease the exporters’ burden hours involved with entry of records into the new ESRMS. These electronic data entry forms have been designed to reflect reporting transaction types for export sales activities, optional origin activities, and exports for exporters own account activities and replace the need for forms FAS–97 Rev. 11–01, FAS–98 Rev. 11–01, and FAS–100 Rev. 11–01. The proposed new forms include the following:

- FAS–ESR New Contracts (Items 20, 110, 210)
- FAS–ESR Contract Adjustments (Items 20, 40, 50, 110, 150, 240)
- FAS–ESR Weekly Exports (Items 60, 230)
- FAS–ESR Optional Origin Sales (Item 140)

Copies of the forms are provided with this package.

FAS held six open demonstrations of the upgraded ESRMS throughout January, February, and March 2023, for exporters. The electronic data transfer processes were presented and explained thoroughly. Additional demonstrations, virtual training, and user acceptance testing will be held throughout the second and third quarters of fiscal year 2023. Participation in training and testing will assist responders to adequately estimate the burden of reporting the requested information.

The estimated total annual burden may temporarily increase while exporters are familiarizing themselves with the upgrades to ESRMS but then is expected to decline as they take advantage of automated uploading of information.

*Estimate of Burden:* The average burden, including the time for reviewing instructions, gathering data needed, completing forms, and record keeping is estimated to average 30 minutes once the exporters are familiar with the new system and the bulk upload option.

*Respondents:* All exporters of wheat and wheat flour, feed grains, oilseeds, cotton, rice, cattle hides and skins, beef, pork, and any products thereof, and other commodities that the Secretary may designate as produced in the United States.

*Estimated number of respondents:* 416.

*Estimated Annual Number of Responses per Respondent:* 215.

*Estimated Total Annual Reporting Burden:* 44,720 hours.

**Ethics Statement**

To maintain the highest levels of honesty, integrity, and ethical conduct, no committee or subcommittee member may participate in any “specific party matters” (for example, matters are narrowly focused and typically involve specific transactions between identified parties) such as a lease, license, permit, contract, claim, grant, agreement, or related litigation with USDA in which the committee or subcommittee member has a direct financial interest. This includes the requirement for committee or subcommittee members to immediately disclose to the Designated

Federal Officer (DFO) (for discussion with USDA’s Office of Ethics) any specific party matter in which the member’s immediate family, relatives, business partners or employer would be directly seeking to financially benefit from the committee’s recommendations.

All members will receive ethics training to identify and avoid any actions that would cause the public to question the integrity of the committee’s advice and recommendations. Members who are appointed as “Representatives” are not subject to Federal ethics laws because the appointment allows them to represent the point(s) of view of a particular group, business sector or segment of the public.

Members appointed as “Special Government Employees” (SGEs) are considered intermittent Federal employees and are subject to Federal ethics laws. SGE’s are appointed due to their personal knowledge, academic scholarship, background or expertise. No SGE may participate in any activity in which the member has a prohibited financial interest. Appointees who are SGEs are required to complete and submit a Confidential Financial Disclosure Report (OGE–450 form) via the FDonline e-filing database system. Upon request USDA will assist SGEs in preparing these financial reports. To ensure the highest level of compliance with applicable ethical standards USDA will provide ethics training to SGEs on an annual basis. The provisions of these paragraphs are not meant to exhaustively cover all Federal ethics laws and do not affect any other statutory or regulatory obligations to which advisory committee members are subject.

**USDA Equal Opportunity Statement**

Equal opportunity practices, in line with USDA policies, will be followed in all membership appointments to the committee. To ensure that the recommendations of the committee have taken into account the needs of the diverse groups served by the Department, membership shall include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

The USDA prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, religion, sex (including gender identity and sexual orientation), disability, age, marital status, familial or parental status, income derived from a public assistance program, political beliefs, genetic information, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or

funded by USDA (not all bases apply to all programs).

### USDA Non-Discrimination Policy

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family or parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Individuals who require alternative means of communication for program information (for example, braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA TARGET Center at (202) 720-2600 (voice and text telephone (TTY)) or dial 711 for Telecommunications Relay Service (both voice and text telephone users can initiate this call from any phone).
