Abstract: Authorized by 34 U.S.C. 12511(e), Violence Against Women Act of 2005, Sexual Assault Services Program. The Sexual Assault Services Program (SASP), created by the Violence Against Women Act of 2005 (VAWA 2005), is the first federal funding stream solely dedicated to the provision of direct intervention and related assistance for victims of sexual

assault. The SASP encompasses four different funding streams for States and Territories, Tribes, State Sexual Assault Coalitions, Tribal Coalitions, and culturally specific organizations. Overall, the purpose of SASP is to provide intervention, advocacy, accompaniment, support services, and related assistance for adult, youth, and child victims of sexual assault, family and household members of victims, and those collaterally affected by the sexual assault. The Tribal SASP supports efforts to help survivors heal from sexual assault trauma through direct intervention and related assistance from social service organizations such as rape crisis centers through 24-hour sexual assault hotlines, crisis intervention, and medical and criminal justice accompaniment. The Tribal SASP will support such services through the establishment, maintenance, and expansion of rape crisis centers and other programs and projects to assist those victimized by sexual assault.

Abstract: State and local government agencies will use the Application for Registration of Firearms Acquired by Certain Governmental Entities—ATF Form 10 (5320.10) to register an otherwise un-registerable National

Firearms Act (NFA). The NFA requires the registration of certain firearms under Federal Law. The Form 10 registration allows State and local agencies to comply with the NFA, and retain and use firearms that would otherwise have to be destroyed. The information collection (IC) OMB 1140–0016 (Application for Registration of Firearms Acquired by Certain Governmental Entities—ATF F 10 (5320.10)) is being revised due to an increase in the total respondents, responses, burden hours and associated costs, since the last renewal in 2020. Additionally, the adjustments associated with this IC includes an increase in both, the total number of respondents and responses by 544. Consequently, the total public burden hours and costs for this IC has also increased by 272 hours and \$171.36 respectively, since the last renewal in 2020.
