

weight, exclusive of the weight of fasteners, closures, hooks, rods, hangers, removable tabs, and similar accessories, and exclusive of the weight of packaging.

Subject folders have the following dimensions in their folded and closed position: lengths and widths of at least 8 inches and no greater than 17 inches, regardless of depth.

The scope covers all varieties of folders, including but not limited to manila folders, hanging folders, fastener folders, classification folders, expanding folders, pockets, jackets, and wallets.

Excluded from the scope are:

- mailing envelopes with a flap bearing one or more adhesive strips that can be used permanently to seal the entire length of a side such that, when sealed, the folder is closed on all four sides;
- binders, with two or more rings to hold documents in place, made from paperboard or pressboard encased entirely in plastic;
- binders consisting of a front cover, back cover, and spine, with or without a flap; to be excluded, a mechanism with two or more metal rings must be included on or adjacent to the interior spine;
- non-expanding folders with a depth exceeding 2.5 inches and that are closed or closeable on the top, bottom, and all four sides (*e.g.*, boxes or cartons);
- expanding folders that have (1) 13 or more pockets, (2) a flap covering the top, (3) a latching mechanism made of plastic and/or metal to close the flap, and (4) an affixed plastic or metal carry handle;
- folders that have an outer surface (other than the gusset, handles, and/or closing mechanisms, if any) that is covered entirely with fabric, leather, and/or faux leather;
- fashion folders, which are defined as folders with all of the following characteristics: (1) plastic lamination covering the entire exterior of the folder, (2) printing, foil stamping, embossing (*i.e.*, raised relief patterns that are recessed on the opposite side), and/or debossing (*i.e.*, recessed relief patterns that are raised on the opposite side), covering the entire exterior surface area of the folder, (3) at least two visible and printed or foil stamped colors (other than the color of the base paper), each of which separately covers no less than 10 percent of the entire exterior surface area, and (4) patterns, pictures, designs, or artwork covering no less than thirty percent of the exterior surface area of the folder;
- portfolios, which are folders having (1) a width of at least 16 inches when open flat, (2) no tabs or dividers, and (3) one or more pockets that are suitable for holding letter size documents and that cover at least 15 percent of the surface area of the relevant interior side or sides; and
- report covers, which are folders having (1) no tabs, dividers, or pockets, and (2) one or more fasteners or clips, each of which is permanently affixed to the center fold, to hold papers securely in place.

Imports of the subject merchandise are provided for under Harmonized Tariff Schedule of the United States (HTSUS) category 4820.30.0040. Subject imports may also enter under other HTSUS classifications. While the HTSUS subheading is provided for

convenience and customs purposes, the written description of the scope of the investigation is dispositive.

Appendix II

List of Topics Discussed in the Preliminary Decision Memorandum

- I. Summary
- II. Background
- III. Period of Investigation
- IV. Application of Facts Available and Use of Adverse Inference
- V. Discussion of the Methodology
- VI. Currency Conversion
- VII. Recommendation

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XD012]

Pacific Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: The Pacific Fishery Management Council (Pacific Council) will convene three Stock Assessment Review (STAR) Panel meetings to review 2023 stock assessments for copper rockfish in California, rex sole, shortspine thornyhead, black rockfish, petrale sole, and canary rockfish. The meetings will be co-hosted by the NMFS Northwest and Southwest Fisheries Science Centers. STAR panel meetings are open to the public and being conducted in person with a web broadcast that provides the opportunity for remote listening and public comment.

DATES: The STAR panel meeting (STAR Panel 1) to review new assessments for copper rockfish in California, rex sole, and shortspine thornyhead will be held Monday, June 5, 2023 and will continue through Friday, June 9, 2023, from 8:30 a.m. until 5:30 p.m. (Pacific Daylight Time) each day, or when business for the day has been completed.

The STAR panel meeting (STAR Panel 2) to review new assessments for black rockfish will be held Monday, July 10, 2023 and will continue through Friday, July 14, 2023, beginning at 8:30 a.m. and ending at 5:30 p.m. each day, or when business for the day has been completed.

The STAR panel meeting (STAR Panel 3) to review new assessments for

petrale sole and canary rockfish will be held Monday, July 24, 2023 and will continue through Friday, July 28, 2023, from 8:30 a.m. until 5:30 p.m. (Pacific Daylight Time) or when business for the day has been completed.

ADDRESSES: The STAR panels for copper rockfish in California, rex sole, and shortspine thornyhead (STAR Panel 1), and for petrale sole and canary rockfish (STAR Panel 3) will be held in the Auditorium at the National Marine Fisheries Service, Northwest Fisheries Science Center, 2725 Montlake Boulevard E, Seattle, WA 98112; telephone: (206) 860–3200.

The STAR panel for black rockfish (STAR Panel 2) will be held at the National Marine Fisheries Service, Southwest Fisheries Science Center, Santa Cruz Laboratory, 110 McAllister Way, Santa Cruz, CA 95060; telephone: (831) 420–3900.

These meetings are being conducted in person with a web broadcast that provides the opportunity for remote public comment. Specific meeting information, materials, visitor protocols, and instructions for how to connect to the meeting remotely will be provided in the meeting announcement on the Pacific Council's website (see www.pccouncil.org). In the event an outage occurs, or technical issues arise that impact the experience of remote attendees, we will attempt to resolve them but ultimately, we cannot guarantee that they will be resolved satisfactorily.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220–1384.

FOR FURTHER INFORMATION CONTACT: Dr. Owen Hamel, NMFS Northwest Fisheries Science Center; telephone: (206) 860–3481; or Marlene A. Bellman, Staff Officer, Pacific Council; telephone: (503) 820–2414, email: marlene.bellman@noaa.gov.

SUPPLEMENTARY INFORMATION: The purpose of the STAR Panels is to review draft 2023 stock assessment documents and any other pertinent information for copper rockfish in California, rex sole, shortspine thornyhead, black rockfish, petrale sole, and canary rockfish; work with the Stock Assessment Teams to make necessary revisions; and produce STAR Panel reports for use by the Pacific Council and other interested persons for developing management recommendations for fisheries in 2025 and beyond. The review panels will consist of members of the Pacific Council's Scientific and Statistical Committee's Groundfish Subcommittee, at least one independent expert from the

Center for Independent Experts, and other invited expert reviewers. Representatives of the Pacific Council's Groundfish Management Team and the Groundfish Advisory Subpanel will also participate in the review as advisers.

No management actions will be decided by the STAR Panels. The STAR Panel participants' role will be development of recommendations and reports for consideration by the Pacific Council at its September meeting in Spokane, WA.

Although non-emergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Visitors who are foreign nationals (defined as a person who is not a citizen or national of the United States) may require additional security clearance to access the NMFS Northwest and Southwest Fisheries Science Centers. Foreign national visitors to the Northwest Fisheries Science Center (STAR Panel 1 and 3) should contact Dr. Owen Hamel at (206) 860-3481 or to the Southwest Fisheries Science Center (STAR Panel 2) should contact Dr. John Field at (831) 420-3907; at least 2 weeks prior to the meeting date to initiate the security clearance process.

Visitors to the NMFS Northwest Fisheries Science Center will need to obtain a visitor badge. Visitor protocols will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org).

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Dr. Owen Hamel (owen.hamel@noaa.gov; (206) 860-

3481) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 12, 2023.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XC823]

International Affairs; U.S. Fishing Opportunities in the Northwest Atlantic Fisheries Organization Regulatory Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; notification of U.S. fishing opportunities.

SUMMARY: We are announcing 2023 fishing opportunities in the Northwest Atlantic Fisheries Organization (NAFO) Regulatory Area. This action is necessary to make fishing privileges in the NAFO Regulatory Area available on an equitable basis to the extent possible. The intended effect of this notice is to alert U.S. fishing vessels of the NAFO fishing opportunities for yellowtail flounder, redbfish, and *Illex* squid, to relay the available quotas available to U.S. participants, and to outline the process and requirements for vessels to apply to participate in the 2023 NAFO fishery.

DATES: Effective through December 31, 2023. Expressions of interest regarding fishing opportunities in NAFO will be accepted through June 1, 2023.

ADDRESSES: Expressions of interest regarding U.S. fishing opportunities in NAFO should be made in writing to Michael Pentony, U.S. Commissioner to NAFO, NMFS Greater Atlantic Regional Fisheries Office at 55 Great Republic

Drive, Gloucester, MA 01930 (phone: 978-281-9315, email: Michael.Pentony@noaa.gov).

Information relating to chartering vessels of another NAFO Contracting Party, transferring NAFO fishing opportunities to or from another NAFO Contracting Party, or U.S. participation in NAFO is available from Patrick E. Moran in the NMFS Office of International Affairs, Trade, and Commerce at 1315 East-West Highway, Silver Spring, MD 20910 (phone: 301-427-8370, fax: 301-713-2313, email: Pat.Moran@noaa.gov).

Additional information about NAFO fishing opportunities, NAFO Conservation and Enforcement Measures (CEM), and the High Seas Fishing Compliance Act (HSFCA) Permit required for NAFO participation is available from Shannah Jaburek, in the NMFS Greater Atlantic Regional Fisheries Office at 55 Great Republic Drive, Gloucester, MA 01930 (phone: 978-282-8456, fax: 978-281-9135, email: Shannah.Jaburek@noaa.gov) and online from NAFO at <https://www.nafo.int>.

FOR FURTHER INFORMATION CONTACT: Shannah Jaburek, Fishery Policy Analyst, (978) 282-8456.

SUPPLEMENTARY INFORMATION:

General NAFO Background

The United States is a Contracting Party to the Northwest Atlantic Fisheries Organization or NAFO. NAFO is an intergovernmental fisheries science and management body whose convention applies to most fishery resources in international waters of the Northwest Atlantic, except salmon, tunas/marlins, whales, and sedentary species, such as shellfish. Currently, NAFO has 12 contracting parties from North America, Europe, Asia, and the Caribbean. NAFO's Commission is responsible for the management and conservation of the fishery resources in the NAFO Regulatory Area (in waters outside the Exclusive Economic Zones (EEZ)). Figure 1 shows the NAFO Regulatory Area.
