

may request include forms or non-standardized evidence to support the request [e.g., pay stubs, bank statements, pension award letters, tax documents, child support payment history, etc.]). From this screen, the individual will be able to upload the corresponding files from an electronic device. Once they finish uploading the documents, the respondents must select the Submit button to complete the action and the system will present them with an indicator of success or failure. The system will notify the technician through the Technician Experience Dashboard (TED) when the document is available for review and consideration.

The second release of Upload Documents (eSubmit) will include an electronic signature functionality that

will allow respondents to submit some forms requiring signature.

Respondents are first-party individuals who choose to use the internet to conduct business with us. To ensure Upload Documents (eSubmit) will collect respondents' legally enforceable electronic signature, SSA developed an electronic signing process in consideration of the five requirements for a legally valid and binding electronic signature established by the General Services Administration, Federal Chief Information Officers Council guidance in *Use of Electronic Signatures in Federal Organization Transactions*: (1) Identification and Authentication of Signer; (2) Electronic Form of Signature; (3) Intent to Sign; (4) Signature Attached to or Associated

with the Signed Electronic Record; and (5) Preservation of the Integrity of the Record. Our new Upload Documents (eSubmit) platform will incorporate these requirements for the second release, thereby allowing us to accept electronically signed forms and documents through the new Upload Documents (eSubmit) portal. To ensure our system is prepared to accept forms electronically signed in this manner, we will complete periodic future releases after the second release to allow Upload Documents (eSubmit) to accept more agency forms in the future.

Respondents are first-party individuals who choose to use the internet to conduct business with us.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36486 (Sub-No. 5)]

Grainbelt Corporation—Trackage Rights Exemption—BNSF Railway Company

By petition filed on February 21, 2023, Grainbelt Corporation (GNBC) requests that the Board partially revoke the trackage rights exemption granted to it under 49 CFR 1180.2(d)(7) in Docket No. FD 36486 (Sub-No. 4), as necessary to permit that trackage rights arrangement to expire on March 31, 2024. GNBC filed its verified notice of exemption on February 21, 2023, and simultaneously filed its petition for partial revocation. Notice of the exemption was served and published in the **Federal Register** (88 FR 14,664) on

March 9, 2023, and the exemption became effective on March 23, 2023.

As explained by GNBC in its verified notice of exemption in Docket No. FD 36486 (Sub-No. 4), GNBC and BNSF Railway Company (BNSF) have entered into an amendment to extend the term of the previously amended, local trackage rights on trackage owned by BNSF between approximately milepost 668.73 in Long, Okla., and approximately milepost 723.30 in Quanah, Tex. (the Line), allowing GNBC to (1) use the Line to access the Plains Cotton Cooperative Association (PCCA) facility near BNSF Chickasha Subdivision milepost 688.6 at Altus, Okla., and (2) operate additional trains on the Line to accommodate the movement of trains transporting BNSF customers' railcars (loaded or empty) located along the Line to unit train facilities on the Line (collectively, the PCCA Trackage Rights). (GNBC Verified Notice of Exemption 3–5, *Grainbelt Corp.—Trackage Rts. Exemption—BNSF Ry.*, FD 36486 (Sub-No. 4).)

GNBC explains that the trackage rights covered by the verified notice in Docket No. FD 36486 (Sub-No. 4) are local rather than overhead rights and therefore they do not qualify for the Board's class exemption for temporary trackage rights under 49 CFR 1180.2(d)(8). (GNBC Pet. 3–4.) GNBC therefore filed its verified notice of exemption under the Board's class exemption procedures at 49 CFR 1180.2(d)(7) and a petition for partial revocation of the exemption as necessary to permit the PCCA Trackage Rights to expire on March 31, 2024, pursuant to the parties' agreement. (GNBC Pet 3.) GNBC argues that the requested relief will promote the rail transportation policy and is limited in scope. (*Id.* at 4–5.) GNBC also asserts that the Board has routinely granted similar petitions to allow trackage rights to expire on a negotiated date. (*Id.* at 4.)

Discussion and Conclusions

Although GNBC and BNSF have expressly agreed on the duration of the proposed trackage rights, trackage rights approved under the class exemption at 49 CFR 1180.2(d)(7) typically remain effective indefinitely, regardless of any contractual provisions. At times, however, the Board has partially revoked a trackage rights exemption to allow those rights to expire after a limited time rather than lasting in perpetuity. *See, e.g., Grainbelt Corp.—Trackage Rts. Exemption—BNSF Ry.*, FD 36486 (Sub-No. 3) (STB served Apr. 6, 2022) (granting a petition to partially revoke a trackage rights exemption involving the Line at issue in this case);

BNSF Ry.—Trackage Rts. Exemption—Union Pac. R.R., FD 36377 (Sub-No. 7) (STB served Mar. 2, 2023); *New Orleans Pub. Belt R.R.—Trackage Rts. Exemption—Ill. Cent. R.R.*, FD 36198 (Sub-No. 1) (STB served June 20, 2018).

Granting partial revocation in these circumstances to permit the trackage rights to expire would eliminate the need for GNBC to file a second pleading seeking discontinuance when the agreement expires, thereby promoting the rail transportation policy at 49 U.S.C. 10101(2), (7), and (15). Moreover, partially revoking the exemption to limit the term of the trackage rights is consistent with the limited scope of the transaction previously exempted.¹ Therefore, the Board will grant the petition and permit the trackage rights exempted in Docket No. FD 36486 (Sub-No. 4) to expire on March 31, 2024.

To provide the statutorily mandated protection to any employee adversely affected by the discontinuance of trackage rights, the Board will impose the employee protective conditions set forth in *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979).

This action is categorically excluded from environmental review under 49 CFR 1105.6(c).

It is ordered:

1. The petition for partial revocation of the trackage rights class exemption is granted.
2. As discussed above, the trackage rights in Docket No. FD 36486 (Sub-No. 4) are permitted to expire on March 31, 2024, subject to the employee protective conditions set forth in *Oregon Short Line Railroad*, 360 I.C.C. 91.
3. Notice of this decision will be published in the **Federal Register**.
4. This decision is effective on June 14, 2023. Petitions to stay must be filed by May 25, 2023. Petitions for reconsideration must be filed by June 5, 2023.

Decided: May 15, 2023.

By the Board, Board Members Fuchs, Hedlund, Oberman, Primus, and Schultz.

Eden Besera,

Clearance Clerk.
