SUPPLEMENTARY INFORMATION:

I. Abstract

The information submitted by government entities, companies, academic institutions, and individuals is a software request form who wish to obtain a Software Usage Agreement (SUA) for a released NASA software technology. At a minimum, all software requestors must submit the intended use of the software and the requestor's citizenship, country of residence, phone number, and address. The collected information is used by NASA to ensure that the software requestor meets the qualifications to receive the NASA software technology.

II. Methods of Collection

NASA is participating in Federal efforts to extend the use of information technology to more Government processes via internet. NASA encourages recipients to use the latest computer technology in preparing documentation. Government entities, companies, academic institutions, and

individuals submit software requests by completing the automated form by way of the Software Catalog. NASA requests all software requests to be submitted via electronic means.
