

The purpose of this collection is to assess the current capabilities of local vector control organizations to respond to VBDs in their jurisdictions. Specifically, the data collection will: (1) assess existing vector surveillance capabilities at the local level; (2) obtain information on current mosquito

abatement and pesticide licensing practices; (3) identify the current technical assistance needs of local vector control organizations; and (4) gather information on current tick programming. CDC and its implementing partner, the National Association of City and County Health

Officials, will use the resulting data to inform and support future vector control activities and initiatives at the local level.

CDC requests OMB approval for an estimated 167 total annualized burden hours. There is no cost to respondents other than their time to participate.

Proposed Information Collection Activity; Federal Case Registry (Office of Management and Budget #0970-0421)

AGENCY: Office of Child Support Enforcement, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office of Child Support Enforcement (OCSE), Administration for Children and Families (ACF), is requesting from the Office of

Management and Budget to extend approval of the Federal Case Registry (FCR) for an additional three years. The current approval expires November 30, 2023. OCSE is proposing minor changes to punctuation, formatting, grammar, clarity, and spacing to enable easier completion of the form.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:
Description: The FCR is a national database of information pertaining to child support cases processed by state child support agencies, referred to as “IV-D” cases, and non-IV-D support orders privately established or modified by courts or tribunals on or after

October 1, 1998. FCR information is comprised of child support orders and case information from each State Case Registry (SCR). The FCR automatically compares new SCR submissions to existing FCR information and to wage and employment information in the National Directory of New Hires (NDNH). The Federal Parent Locator Service notifies state agencies if an IV-D case participant in the state matches a participant in an IV-D or non-IV-D case in another state and supplies any matched wage and employment information. Matches enable state agencies to locate parties that live in different states, to establish, modify, or enforce child support obligations; to establish paternity; to enforce state law regarding parental kidnapping; and to establish or enforce child custody or visitation determinations. The FCR instrument, Appendix G: Input Transactions Layout, contains minor changes to punctuation, formatting, grammar, clarity, and spacing to enable easier completion of the form.

Respondents: State child support enforcement agencies.
