

its task forces and working groups. It is expected there will be recommendations for the committee's consideration from the 21st Century Customs Framework (21CCF) Task Force and Focus Group, along with a close out report for this task force. The Customs Interagency Industry Working Group (CII) (formerly the One U.S. Government Working Group) will provide an update on the work addressed this past quarter, which included identifying possible Partner Government Agencies for representation on the working group and discussion of the legislative trade proposals stemming from the 21CCF Task Force and Focus Group. An update is expected on the progress of the Automated Commercial Environment (ACE) 2.0 Working Group regarding its review of the CBP ACE 2.0 Concept of Operations processes. The E-Commerce Task Force will provide updates regarding its discussions this past quarter pertaining to duplicate messaging related to security and trade filings. The Passenger Air Operations (PAO) Working Group aims to identify ways to modernize passenger processing rules and regulations, streamline the passenger experience at U.S. ports of entry, and identify challenges that affect operations. While this is a new group, the expectation is that recommendations will be developed and submitted for consideration at future COAC public meetings.

2. The Rapid Response Subcommittee will provide updates from the Broker Modernization Working Group and the United States-Mexico-Canada Agreement (USMCA) Chapter 7 Working Group. The Broker Modernization Working Group meets monthly and continues to focus on the 19 CFR part 111 final rules relating to Modernization of the Customs Broker Regulations, Continuing Education for Licensed Customs Brokers, and Customs Broker Licensing Exams. The USMCA Chapter 7 Working Group meets bi-weekly. Its current focus is to review the Chapter 7 articles of the USMCA and identify gaps in implementation between the United States, Mexico, and Canada.

3. The Secure Trade Lanes Subcommittee will provide updates on its five active working groups: the Export Modernization Working Group, the In-Bond Working Group, the Trade Partnership and Engagement Working Group, the Cross-Border Recognition Working Group, and the Pipeline Working Group. The Export Modernization Working Group has continued its work on the electronic export manifest pilot program and will provide updates on its progress. The In-Bond Working Group may provide recommendations for the committee's

consideration and will provide updates on the implementation of previously submitted recommendations. The Trade Partnership and Engagement Working Group has focused its work on previous recommendations to refine the language of possible benefits for Customs Trade Partnership Against Terrorism Trade Compliance partners and may provide additional recommendations for the committee's consideration. The Cross-Border Recognition and Pipeline working groups will provide updates on their work toward developing recommendations for the committee's consideration.

4. The Intelligent Enforcement Subcommittee will provide updates on the work completed and topics discussed in its working groups. The Antidumping/Countervailing Duty (AD/CVD) Working Group will provide updates regarding its work and discussions on importer compliance with AD/CVD requirements. The Intellectual Property Rights Working Group (IPRWG) will provide updates relating to the development of a portal on the CBP Intellectual Property Rights (IPR) web page and to CBP's implementation of the IPRWG's past recommendations concerning the automation of detention and seizure. The Bond Working Group will report on the ongoing discussions and status updates for eBond requirements. The Forced Labor Working Group will provide updates regarding its work and discussions regarding the Uyghur Forced Labor Prevention Act (UFLPA) and anticipates making recommendations for the committee's consideration during the meeting.

Meeting materials will be available on June 5, 2023, at: <http://www.cbp.gov/trade/stakeholder-engagement/coac/coac-public-meetings>.

Dated: May 18, 2023.

**Felicia M. Pullam,**

## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

[Docket ID FEMA-2023-0002; Internal Agency Docket No. FEMA-B-2339]

#### Proposed Flood Hazard Determinations

**AGENCY:** Federal Emergency Management Agency, Department of Homeland Security.

**ACTION:** Notice.

**SUMMARY:** Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** Comments are to be submitted on or before August 22, 2023.

**ADDRESSES:** The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2339, to Rick Sacbabit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) [patrick.sacbabit@fema.dhs.gov](mailto:patrick.sacbabit@fema.dhs.gov).

**FOR FURTHER INFORMATION CONTACT:** Rick Sacbabit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) [patrick.sacbabit@fema.dhs.gov](mailto:patrick.sacbabit@fema.dhs.gov); or visit the FEMA Mapping and Insurance eXchange (FMIX) online at [https://www.floodmaps.fema.gov/fhm/fmx\\_main.html](https://www.floodmaps.fema.gov/fhm/fmx_main.html).

**SUPPLEMENTARY INFORMATION:** FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act

of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements

outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at [https://www.floodsrp.org/pdfs/srp\\_overview.pdf](https://www.floodsrp.org/pdfs/srp_overview.pdf).

The watersheds and/or communities affected are listed in the tables below.

The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.
