RIN 2120-AA66

Amendment of Class D and Class E Airspace; Greenville, Spartanburg, and Greer, SC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: This action corrects an error in the final rule published in the Federal Register on March 28, 2023, amending Class D airspace, Class E surface airspace, and Class E airspace in the Greenville, Spartanburg, and Greer, SC areas.

DATES: Effective 0901 UTC, August 10, 2023. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

**SUPPLEMENTARY INFORMATION:**

**History**

The FAA published a final rule in the **Federal Register** (88 FR 18241, March 28, 2023) for Doc. No. FAA-2022-1161, amending Class D airspace, Class E surface area, and Class E airspace extending upward from 700 feet above the surface of the Greenville, Spartanburg, and Greer, SC areas. This action removes the airport name (Greenville-Spartanburg International Airport) from the first line of the E2 descriptor for Greenville-Spartanburg International Airport. The header will now read ASO SC E2 Greer, SC. In addition, this action replaces the reference to Greenville-Spartanburg International Airport with the term Greer in the airspace descriptions.

Class D and Class E airspace designations are published in Paragraphs 5000, 6002, and 6005 of FAA Order JO 7400.11G dated August 19, 2022, and effective September 15, 2022, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will subsequently be published in FAA Order JO 7400.11G.

**Correction to the Final Rule**
