

ACTION: Additions to the Procurement List.

SUMMARY: This action adds service(s) to the Procurement List that will be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

DATES: Date added to the Procurement List: June 16, 2023.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 355 E Street SW, Suite 325, Washington, DC 20024.

SUPPLEMENTARY INFORMATION:

Additions

On 3/17/2023 the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503 (a)(2) and 41 CFR 51-2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the service(s) and impact of the additions on the current or most recent contractors, the Committee has determined that the service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the service(s) to the Government.
2. The action will result in authorizing small entities to furnish the service(s) to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the service(s) proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service(s) are added to the Procurement List:

Service(s)

Service Type: Custodial Service
Mandatory for: NASA, NASA Langley Research Center, Hampton, VA

Designated Source of Supply: Brevard Achievement Center, Inc., Rockledge, FL
Contracting Activity: National Aeronautics and Space Administration, NASA Langley Research Center

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of the NASA Langley Research Center, Custodial Service, Hampton, VA contract. The Federal customer contacted and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the NASA Langley Research Center will refer its business elsewhere, this addition must be effective on June 16, 2023, ensuring timely execution for a July 1, 2023 start date while still allowing 21 days for comment. The Committee also published a notice of proposed Procurement List addition in the **Federal Register** on March 17, 2023 and did not receive any comments from any interested persons. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

Michael R. Jurkowski,

Acting Director, Business Operations.

SUPPLEMENTARY INFORMATION:

Title: Procedural Requirements for Requests for Interpretative, No-Action, and Exemptive Letters (OMB Control No. 3038-0049). This is a request for an extension of a currently approved information collection.

Abstract: This collection covers the information requirements for voluntary requests for, and the issuance of, interpretative, no-action, and exemptive letters submitted to Commission staff pursuant to the provisions of section 140.99 of the Commission's regulations,² and related requests for confidential treatment pursuant to section 140.98(b)³ of the Commission's regulations.

The collection requirements described herein are voluntary. They apply to parties that choose to request a benefit from Commission staff in the form of the regulatory action described in section 140.99. Such benefits may include, for example, relief from some or all of the burdens associated with other collections of information, relief from regulatory obligations that do not constitute collections of information, interpretations, or extensions of time for compliance with certain Commission regulations. It is likely that persons who would opt to request action under section 140.99 will have determined that the information collection burdens that they would assume by doing so will be outweighed substantially by the relief that they seek to receive.

This information collection is necessary, and would be used, to assist Commission staff in understanding the type of relief that is being requested and the basis for the request. It is also necessary, and would be used, to provide staff with a sufficient basis for determining whether: (1) granting the relief would be necessary or appropriate

under the facts and circumstances presented by the requestor; (2) the relief provided should be conditional and/or time-limited; and (3) granting the relief would be consistent with staff responses to requests that have been presented under similar facts and circumstances. In some cases, the requested relief might be granted upon the condition that those who seek the benefits of that relief fulfill certain conditions that are necessary to ensure that the relief granted by Commission staff is appropriate. Once again, it is likely that those who would comply with these conditions will have determined that the burden of complying with the conditions is outweighed by the relief that they seek to receive. This information collection also is necessary to provide a mechanism whereby persons requesting interpretative, no-action, and exemptive letters may seek temporary confidential treatment of their request and the Commission staff response thereto and the grounds upon which such confidential treatment is sought.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.⁴ On February 23, 2023, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 88 FR 11410 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is revising its existing burden estimate for this information collection. The Commission is basing its new estimate of the annual number of respondents related to this information collection, in part, on the average number of interpretative, no-action, and exemptive letters issued by Commission staff in 2020, 2021, and 2022. The Commission generally estimates that each request was made by a unique respondent. To that number, the Commission is adding additional respondents that have incurred burden hours preparing requests for relief that did not generate a Commission staff letter in response.

This estimate includes the burden hours for preparing, filing, and updating such request letters as well as the burden of complying with any conditions that may be contained in any interpretative, no-action, or exemptive letters granting relief. It also includes burden hours required to prepare and

submit related requests for confidential treatment. The burden hours associated with individual requests will vary widely, depending upon the type and complexity of relief requested, whether the request presents novel or complex issues, the relevant facts and circumstances, and the number of requestors or other affected entities.

The respondent burden is estimated to be as follows:

Estimated Number of Annual Respondents: 45.

Estimated Average Annual Burden Hours per Respondent: 40.

Estimated Total Annual Burden Hours: 1,800.

Frequency of Collection: Occasional.

Type of Respondents: Respondents include persons registered with the Commission (such as commodity pool operators, commodity trading advisors, derivatives clearing organizations, designated contract markets, futures commission merchants, introducing brokers, swap dealers, and swap execution facilities), persons seeking an exemption from registration, persons whose registration with the Commission is pending, trade associations and their members, eligible contract participants, and other persons seeking relief from discrete regulatory requirements.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority 44 U.S.C. 3501 *et seq.*)

Dated: May 23, 2023.

Robert Sidman,

Deputy Secretary of the Commission.
