

EPA did not evaluate environmental justice considerations as part of its SIP submittal; the CAA and applicable implementing regulations neither prohibit nor require such an evaluation. EPA did not perform an EJ analysis and did not consider EJ in this action. Due to the nature of the action being taken here, this action is expected to have a neutral to positive impact on the air quality of the affected area. Consideration of EJ is not required as part of this action, and there is no information in the record inconsistent with the stated goal of E.O. 12898 of achieving environmental justice for people of color, low-income populations, and Indigenous peoples.

This action is subject to the Congressional Review Act, and EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action

is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by July 31, 2023. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Ozone, Volatile organic compounds.

Dated: May 23, 2023.

Debra Shore,
Regional Administrator, Region 5.

For the reasons stated in the preamble, title 40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

■ 2. In § 52.720, the table in paragraph (e) is amended under the heading “Attainment and Maintenance Plans” by adding an entry for “Ozone (8-hour, 1997) second maintenance plan” before the entry for “Ozone (8-hour, 2008) Determination of Attainment” to read as follows:

(e) * * *

EPA-APPROVED ILLINOIS NONREGULATORY AND QUASI-REGULATORY PROVISIONS

Name of SIP provision	Applicable geographic or nonattainment area	State submittal date	EPA approval date	Comments
*	*	*	*	*
Attainment and Maintenance Plans				
Ozone (8-hour, 1997) second maintenance plan.	St. Louis area	8/24/2022	5/30/2023, [insert Federal Register citation].	Jersey County only.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R05–OAR–2022–0477; FRL–10516–02–R5]

Air Plan Approval; Ohio; Sulfur Dioxide Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving, under the Clean Air Act (CAA), revised sulfur dioxide (SO₂) regulations submitted by Ohio on May 23, 2022. Ohio updated its regulations to make changes to facility information, remove requirements for

shutdown facilities and units, consolidate county-wide requirements, and revise requirements for the Veolia Fort Hill plant in Miami, Ohio and the DTE St. Bernard facility in Cincinnati, Ohio. EPA believes that the revisions improve the clarity of the rules without affecting the stringency, and therefore is approving the submitted revisions with the exception of selected paragraphs in Ohio Administrative Code (OAC) Chapter 3745–18. EPA proposed to approve this action on January 26, 2023 and received no adverse comments.

DATES: This final rule is effective on June 29, 2023.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R05–OAR–2022–0477. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information (CBI) or other information whose

disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either through www.regulations.gov or at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays and facility closures due to COVID–19. We recommend that you telephone Tyler Salamasick, at (312)886–6206 before visiting the Region 5 office.

FOR FURTHER INFORMATION CONTACT: Tyler Salamasick, Control Strategies Section, Air Programs Branch (AR18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886–6206, salamasick.tyler@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

I. Background Information

On January 26, 2023 (88 FR 4935), EPA proposed to approve revisions to Ohio’s SO₂ regulations contained in Ohio OAC Chapter 3745–18 “Sulfur Dioxide Regulations.” An explanation of the CAA requirements, a detailed analysis of the revisions, and EPA’s reasons for proposing approval were provided in the notice of proposed rulemaking and will not be restated here. The public comment period for the proposed rule ended on February 27, 2023. EPA received one supportive comment which stated that Ohio’s changes add increased clarity within the regulations. EPA received no adverse comments on the proposal. Therefore, EPA is finalizing this action as proposed.

II. Final Action

EPA is approving revisions and rescissions to OAC 3745–18 submitted by Ohio on May 23, 2022, with the exception of selected paragraphs in OAC 3745–18–04. Specifically, EPA is approving Ohio rules OAC 3745–18–01 through OAC 3745–18–06 [with the exception of OAC 3745–18–04(D)(2), (D)(3), (D)(5), (D)(6), (E)(2), (E)(3), and (E)(4)], OAC 3745–18–08, OAC 3745–18–10, OAC 3745–18–11, OAC 3745–18–15, OAC 3745–18–23, OAC 3745–18–24, OAC 3745–18–26, OAC 3745–18–28, OAC 3745–18–31, OAC 3745–18–33, OAC 3745–18–35, OAC 3745–18–37, OAC 3745–18–47, OAC 3745–18–49, OAC 3745–18–53, OAC 3745–18–54, OAC 3745–18–56, OAC 3745–18–61, OAC 3745–18–63, OAC 3745–18–68, OAC 3745–18–69, OAC 3745–18–77, OAC 3745–18–78, OAC 3745–18–80, OAC 3745–18–82 through OAC 3745–18–85, OAC 3745–18–91, and OAC 3745–18–92, as effective on February 2, 2022. EPA is removing Ohio rules OAC 3745–18–07, OAC 3745–18–09, OAC 3745–18–12 through OAC 3745–18–14, OAC 3745–18–16 through OAC 3745–18–22, OAC 3745–18–25, OAC 3745–18–27, OAC 3745–18–29, OAC 3745–18–30, OAC 3745–18–32, OAC 3745–18–34, OAC 3745–18–36, OAC 3745–18–38 through OAC 3745–18–46, OAC 3745–18–48, OAC 3745–18–50 through OAC 3745–18–52, OAC 3745–18–55, OAC 3745–18–57 through OAC 3745–18–60, OAC 3745–18–62, OAC 3745–18–64, OAC 3745–18–65, OAC 3745–18–67, OAC 3745–18–70 through OAC 3745–18–76, OAC 3745–18–79, OAC 3745–18–81, OAC 3745–18–86 through OAC 3745–18–89, OAC

3745–18–93, and OAC 3745–18–94.

EPA is taking no action on OAC 37–18–04(D)(2), (D)(3), (D)(5), (D)(6), (E)(2), (E)(3), and (E)(4). These paragraphs have not been previously approved by EPA and are outside the cleanup intent of this final SIP revision.

III. Incorporation by Reference

In this rule, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is finalizing the incorporation by reference of the Ohio Sulfur Dioxide Regulations described in section II of this preamble and set forth in the amendments to 40 CFR part 52 below. EPA has made, and will continue to make, these documents generally available through www.regulations.gov, and at the EPA Region 5 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information). Therefore, these materials have been approved by EPA for inclusion in the SIP, have been incorporated by reference by EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA’s approval, and will be incorporated by reference in the next update to the SIP compilation.¹

Also in this document, as described in section II of this preamble and set forth in the amendments to 40 CFR part 52 below, EPA is removing provisions of the EPA-Approved Ohio Regulations and Statutes from the Ohio State Implementation Plan, which is incorporated by reference in accordance with the requirements of 1 CFR part 51.

IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993), and 14094 (88 FR 21879, April 11, 2023);

¹62 FR 27968 (May 22, 1997).

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997) because it approves a state program;

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001); and

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA.

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

Executive Order 12898 (Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations, 59 FR 7629, February 16, 1994) directs Federal agencies to identify and address “disproportionately high and adverse human health or environmental effects” of their actions on minority populations and low-income populations to the greatest extent practicable and permitted by law. EPA defines environmental justice (EJ) as “the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies.” EPA further defines the term fair treatment to mean that “no group of people should bear a disproportionate burden of environmental harms and risks, including those resulting from the negative environmental consequences of industrial, governmental, and commercial operations or programs and policies.”

The Ohio EPA did not evaluate environmental justice considerations as part of its SIP submittal; the CAA and applicable implementing regulations neither prohibit nor require such an evaluation. EPA did not perform an EJ analysis and did not consider EJ in this action. Due to the nature of the action being taken here, this action is expected to have a neutral to positive impact on the air quality of the affected area. Consideration of EJ is not required as part of this action, and there is no information in the record inconsistent with the stated goal of E.O. 12898 of achieving environmental justice for people of color, low-income populations, and Indigenous peoples.

This action is subject to the Congressional Review Act, and EPA will submit a rule report to each House of the Congress and to the Comptroller

General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by July 31, 2023. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by

reference, Intergovernmental relations, Sulfur oxides.

Dated: May 23, 2023.

Debra Shore,
Regional Administrator, Region 5.

For the reasons stated in the preamble, title 40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

■ 2. In § 52.1870, the table in paragraph (c) is amended by revising the section entitled “Chapter 3745–18 Sulfur Dioxide Regulations” to read as follows:
(c) * * *

RIN 2060-AV35

Testing Provisions for Air Emission Sources; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: The Environmental Protection Agency (EPA) is correcting a final rule that was published in the **Federal Register** on March 29, 2023, that will be effective on May 30, 2023. The final rule

corrected and updated regulations for source testing of emissions. This correction does not change any final action taken by the EPA on March 29, 2023; this action merely corrects the amendatory instruction.
DATES: This correction is effective May 30, 2023. On March 29, 2023, the Director of the Federal Register approved the material listed in this correction for incorporation by reference as of May 30, 2023.
ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-HQ-OAR-2020-0556. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, e.g., confidential business information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy.

Publicly available docket materials are available electronically through www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Mrs. Lula H. Melton, Office of Air Quality Planning and Standards, Air Quality Assessment Division (E143-02), Environmental Protection Agency, Research Triangle Park, NC 27711; telephone number: (919) 541-2910; fax number: (919) 541-0516; email address: melton.lula@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rule published on March 29, 2023 (88 FR 18396), the following correction to an amendatory instruction to “Part 60—Standards of Performance for New Stationary Sources, Subpart A—General Provisions” is made.

Correction

In FR Doc. 2023-04956, appearing on page 18396 in the **Federal Register** of March 29, 2023, the following correction is made. On page 18402, in
