

agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by July 31, 2023.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Defense Human Resources Activity, 4800 Mark Center Drive, Suite 08F05, Alexandria, VA 22350, LaTarsha Yeargins, 571-372-2089.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: QuickCompass of Sexual Assault Prevention and Response Personnel (QSAPR); OMB Control Number 0704-0603.

Needs and Uses: The QuickCompass of Sexual Assault Prevention and Response Personnel (QSAPR) assesses perceived reprisal or retaliation to

incidents (professionally or otherwise), access to sufficient physical and mental health services as a result of the nature of their work, access to installation and unit commanders, access to both victims' and alleged offenders' immediate commander(s), responsiveness of commanders to Sexual Assault Response Coordinators (SARCs), support and services provided to sexual assault victims, understanding of others of the process and their willingness to assist, adequacy of training received by SARCs and Sexual Assault Prevention and Response (SAPR) Victims' Advocates (VAs) to effectively perform their duties, and other factors affecting the ability of SARCs and SAPR VAs to perform their duties. In addition, the results of the survey will assess progress, identify shortfalls, and revise policies and programs as needed. Data will be aggregated and reported triennially in perpetuity. Ultimately, the study will provide a report to Congress and all of the data, programs, and computational details necessary for replication and peer review.

Affected Public: Individuals or households.

Annual Burden Hours: 1,667.

Number of Respondents: 5,000.

Responses per Respondent: 1.

Annual Responses: 5,000.

Average Burden per Response: 20 minutes.

Frequency: As required.

The target population for this survey will be all SARCs, VAs, and Special Victims' Counsels (SVCs)/Victims' Legal Counsels (VLCs) who are either Active Duty, Reserves/National Guard, or a DoD civilian employee. The survey will solicit insights into characteristics of SAPR programs to better understand how responders are trained for their position and their perceptions of how well their program is supported and executed.

The full online survey system will be hosted internally on Office of People Analytics (OPA) contractor servers. Participants will receive email communications notifying them about the importance of the survey, the confidential nature of the data collection, how the data will be used,

and how to access the website.

Respondents will be given a unique link and passcode to enter the survey in all email communications. They will receive up to no more than seven emails during the survey fielding. The reminder emails will be sent only to those selected sample members who have not yet responded to the survey or who are not active refusers. Once they complete the questions on the survey, there is a submit button to send their response.

OPA weights the eligible respondents in order to make inferences about the entire population of SAPR Personnel. The weighting methodology utilizes standard weighting processes.

Dated: May 24, 2023.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

(viii) *Date Report Delivered to Congress*: January 7, 2022
 * As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

France—MQ-9 Follow-on Contractor Logistics Support

The Government of France has requested to buy follow-on Contractor Logistics Support to include contractor provided MQ-9 aircraft components, spares and accessories; repair and return; software and software support services; simulator software; personnel training and training equipment; publications and technical documentation; U.S. Government and contractor provided engineering, technical and logistical support services; and other related elements of logistical and program support. The estimated total cost is \$300 million.

This proposed sale will support the foreign policy and national security objectives of the United States by

helping to improve the security of a NATO ally that is an important force for political stability and economic progress in Europe.

The proposed sale will improve France's capability to meet current and future threats by ensuring the operational readiness of the French Air Force. France's MQ-9 aircraft fleet provides Intelligence, Surveillance, and Reconnaissance support that directly supports U.S. and coalition operations around the world. France will have no difficulty absorbing these support services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be General Atomics, Poway, CA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to France.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
