Regulatory Authorizations for Migratory Bird and Eagle Possession by the General Public, Educators, and Government Agencies

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), propose to amend our regulations to revise current regulatory authorizations and add new regulatory authorizations for possession of migratory birds and eagles and other purposes. These proposed changes would more efficiently and appropriately authorize the general public, educators, and government agency employees to possess birds and eagles in certain specific situations while meeting our obligations under the Migratory Bird Treaty Act and the Bald and Golden Eagle Protection Act. We also propose a change to the Airborne Hunting Act regulations to clarify what Federal authorizations may be used to comply with that statute.

DATES: This proposed rule is available for public comment through July 31, 2023.

Information Collection Requirements: If you wish to comment on the information collection requirements in this proposed rule, please note that the Office of Management and Budget (OMB) is required to make a decision concerning the collection of information contained in this proposed rule between 30 and 60 days after publication of this proposed rule in the **Federal Register**. Therefore, comments should be submitted to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service (see "Information Collection" section below under **ADDRESSES**) by July 31, 2023.

SUPPLEMENTARY INFORMATION:

Background

The U.S. Fish and Wildlife Service is the Federal agency delegated with the primary responsibility for managing migratory birds, including bald eagles and golden eagles. Our authority derives primarily from the Migratory Bird Treaty Act of 1918, as amended, 16 U.S.C. 703-12 (MBTA), which implements conventions with Great Britain (for Canada), Mexico, Japan, and the Russian Federation. The MBTA protects certain migratory birds from take, except as permitted under the MBTA. We implement the provisions of the MBTA through regulations in parts 10, 13, 20, 21, and 22 of title 50 of the Code of Federal Regulations (CFR). Regulations pertaining to migratory bird permits are set forth at 50 CFR part 21. In addition, the Bald and Golden Eagle Protection Act, 16 U.S.C. 668-668d (hereafter referred to as the Eagle Protection Act), prohibits take of bald eagles and golden eagles except pursuant to Federal regulations. The Eagle Protection Act authorizes the Secretary of the Interior to issue regulations to permit the "taking" of eagles for various purposes, including the protection of "other interests in any particular locality" (16 U.S.C. 668a), provided the taking is compatible with the preservation of eagles. Regulations pertaining to eagle permits are set forth at 50 CFR part 22.

The Service has long authorized activities under regulatory authorizations. The origins of the regulatory authorization "general exceptions to permit requirements" (50 CFR 21.12) can be traced back as far as 1944. This proposed rulemaking action would improve organization and transparency by redesignating the existing regulatory authorizations codified at 50 CFR 21.12(a)-(d) to their own sections. The Service also proposes new regulatory authorizations. Finally,
