**SUPPLEMENTARY INFORMATION:**

*Background.*—On August 28, 2000, the Department of Commerce ("Commerce") issued an antidumping duty order on imports of tin- and chromium-coated steel sheet from Japan (65 FR 52067). Commerce issued a continuation of the antidumping duty order on imports of tin- and chromium-coated steel sheet from Japan following Commerce's and the Commission's first five-year reviews, effective July 21, 2006 (71 FR 41422), second five-year reviews, effective June 12, 2012 (77 FR 34938), and third five-year reviews, effective July 11, 2018 (83 FR 32074). The Commission is now conducting a fourth review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full or expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

*Definitions.*—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by Commerce.

(2) The *Subject Country* in this review is Japan.
