

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Records in this system are safeguarded by restricting accessibility, in accordance with USDA security and access policies. The safeguarding includes secured servers, firewall(s), network protection, and an encrypted password. Each user is assigned a level of role-based access, which is strictly controlled and granted through USDA-approved, secure application (after the user has successfully completed the Government National Agency Check with Inquiries (NACI) investigation).

Physical security measures are in place to prevent unauthorized persons from accessing ePACS as only government furnished equipment is allowed. The ePACS users are also required to complete appropriate training to learn requirements for safeguarding records maintained under the Privacy Act. USDA's Digital Infrastructure Services Center (DISC) safeguards records and ensures that privacy requirements are met in accordance with Federal and cyber security mandates. DISC provides continuous storage management, encryption, security administration, regular dataset backups, and contingency planning/disaster recovery.

RECORD ACCESS PROCEDURES:

Individuals seeking to gain access to a record in this system of records, must contact the system manager at the address listed above and provide the system manager with the necessary particulars such as full name, date of birth, work address, country of citizenship. Requesters must also reasonably specify the record contents sought. The request must meet the requirements of the regulations at 34 CFR 5b.5, including proof of identity. All requests for access to records must be in writing and should be submitted to the system manager at the address listed above. A determination whether a record may be accessed will be made at the time a request is received. All inquiries should be addressed in accordance with the "Notification Procedures" below.

CONTESTING RECORD PROCEDURES:

Individuals seeking to contest or amend information maintained in the system should direct their request to the above listed System Manager and should include the reason for contesting it and the proposed amendment to the information with supporting information to show how the record is inaccurate. A request for contesting records should contain: Name, address including zip code, name of the system

of records, year of records in question, and any other pertinent information to help identify the data requested.

NOTIFICATION PROCEDURES:

Any individual may request information regarding this system of records, or information as to whether the system contains records pertaining to the individual, from the System Manager listed above: See RECORD ACCESS PROCEDURES.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

Agency Information Collection Activities; Submission for Office of Management and Budget (OMB) Review; Comment Request; Expenditures Incurred by Recipients of Biomedical Research and Development Awards From the National Institutes of Health (NIH)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on March 21, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: Bureau of Economic Analysis (BEA), Commerce.

Title: Expenditures Incurred by Recipients of Biomedical Research and Development Awards from the National Institutes of Health (NIH).

OMB Control Number: 0608–0069.

Form Number(s): None.

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents: 150.

Average Hours per Response: 16 hours is the average but may vary

among respondents because of differences in institution structure, size, and complexity.

Burden Hours: 2,400 hours.

Needs and Uses: The survey obtains the distribution of expenditures incurred by recipients of biomedical research awards from the NIH and will provide information on how the NIH award amounts are expended across several major categories. This information, along with wage and price data from other published sources, will be used to generate the Biomedical Research and Development Price Index (BRDPI). The BRDPI is an index of prices paid for the labor, supplies, equipment, and other inputs required to perform the biomedical research the NIH supports in its intramural laboratories and through its awards to extramural organizations. The BRDPI is a vital tool for planning the NIH research budget and analyzing future NIH programs. A survey of award recipients is currently the only means for updating the expenditure category weights that are used to prepare the BRDPI. BEA develops the index for NIH under a reimbursable interagency agreement.

A survey questionnaire with a cover letter that includes a brief description of, and rationale for, the survey will be sent to potential respondents by August 2023, 2024, and 2025. A report of the respondent's expenditures of the NIH award amounts following the proposed format for expenditure categories attached to the survey's cover letter, will be requested to be returned no later than December 8 of each survey year, which in most years will be approximately 120 days after mailing. Survey respondents will be selected based on award levels, which determine the weight of the respondent in the BRDPI. BEA proposes to survey 150 organizations that receive NIH biomedical research awards. This will include the top 100 organizations in total awards received; 40 additional organizations that are not primarily in the "Research and Development (R&D) contracts" category; and 10 additional organizations that are primarily in the "R&D contracts" category. Based on awards data for Fiscal Year 2022 by type of organization, the top 100 organizations received \$25.2 billion in awards (approximately 76 percent of total awards); the remaining awards-receiving organizations received \$8.1 billion.

Affected Public: Universities or other organizations that are NIH award recipients.

Frequency: Annual.

Respondent's Obligation: Voluntary.

Legal Authority: 45 CFR 75.302, 75.308, 75.361, and 75.364; 15 U.S.C. 1525; 42 U.S.C. 282.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0608–0069.

Certain New Pneumatic Off-the-Road Tires From the People’s Republic of China: Notice of Court Decision Not in Harmony With the Results of 2014–2015 Antidumping Administrative Review; Notice of Amended Final Results

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: On May 18, 2023, the U.S. Court of International Trade (CIT) issued its final judgment in *Guizhou Tyre Co., Ltd. & Guizhou Tyre Import & Export Co., Ltd., et al. v. United States*, Consol. Court No. 17–00100, Slip Op. 23–79 (CIT 2023) (*Remand Order*), sustaining the U.S. Department of Commerce’s (Commerce) second remand results pertaining to the administrative review of the antidumping duty (AD) order on certain new pneumatic off-the-road tires (OTR Tires) from the People’s Republic of China (China) covering the period September 1, 2014, through August 31, 2015. Commerce is notifying the public

that the CIT’s final judgment is not in harmony with Commerce’s final results of the administrative review, and that Commerce is amending the final results with respect to the dumping margin assigned to mandatory respondent, Xuzhou Xugong Tyres Co., Ltd., Armour Rubber Co. Ltd., and Xuzhou Hanbang Tyre Co., Ltd. (collectively, Xugong), as well as all other qualifying separate rate respondents that are plaintiffs in the action (*i.e.*, Qingdao Qihang Tyre Co., Ltd. (Qingdao Qihang), Qingdao Free Trade Zone Full-World International Trading Co., Ltd. (Full World), Trelleborg Wheel Systems (Xingtai) China, Co., Ltd. (Trelleborg), and Weihai Zhongwei Rubber Co., Ltd. (Zhongwei)).

DATES: Applicable May 28, 2023.

FOR FURTHER INFORMATION CONTACT: Brendan Quinn, Program Manager, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5848.

SUPPLEMENTARY INFORMATION:

Background

On April 21, 2017, Commerce published its *Final Results* in the 2014–2015 AD administrative review of OTR Tires from China.¹ After correcting ministerial errors contained in the *Final Results*, on June 14, 2017, Commerce published the *Amended Final Results*, and calculated a weighted-average dumping margin of 33.14 percent for Xugong, which was also used as the separate rate applicable to various respondents not individually examined in the administrative review, including Qingdao Qihang, Full World, Trelleborg, and Zhongwei.² Further, in the *Final Results* and *Amended Final Results*, Commerce determined that certain companies, including Guizhou Tyre Co Ltd. (GTC) and Guizhou Tyre Import and Export Co., Ltd. (GTCIE) (collectively, GTC/GTCIE) and Aeolus Tyre Co., Ltd., are part of the China-wide entity.³

Aeolus, Full World, GTC/GTCIE, Qingdao Qihang, Trelleborg, Xugong, and Zhongwei, appealed Commerce’s *Final Results/Amended Final Results*.
