Assessment Rates

Upon issuance of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.⁹ The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.¹⁰ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Pursuant to 19 CFR 351.212(b)(1), if POSCO's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent) in the final results of this review, we will calculate an importer-specific *ad valorem* duty assessment rate based on the ratio of the total amount of dumping calculated for the U.S. sales for a given importer to the total entered value of those sales. If, in the final results, either POSCO's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by POSCO for which it did not know that its

⁸ In the 2020–2021 administrative review of the *Order*, we found that POSCO and POSCO International Corporation (PIC) are affiliated and should be treated as a single entity. See *Carbon and Alloy Steel Wire Rod from the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2020–2021*, 87 FR 33468 (June 2, 2022), and accompanying Preliminary Decision Memorandum, at 5–10, unchanged in *Carbon and Alloy Steel Wire Rod from the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2020–2021* (October 4, 2022). In the absence of information demonstrating any changes, we are continuing to treat POSCO and PIC as a single entity for purpose of this administrative review.

merchandise was destined for the United States, we will instruct CBP to liquidate such unreviewed entries pursuant to the reseller policy,¹¹ *i.e.*, the assessment rate for such entries will be equal to the all-others rate established in the investigation (*i.e.*, 41.10 percent), if there is no rate for the intermediate company(ies) involved in the transaction.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for POSCO will be equal to POSCO's weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent, and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated companies not participating in this review, the cash deposit will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the underlying investigation, but the producer is, then the cash deposit rate will be the rate established for the completed segment for the most recent POR for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 41.10 percent, the all-others rate established in the underlying investigation.¹² These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.
