This action is necessary to provide for the safety of life on these navigable waters near Henderson Bay, Henderson Bay, NY, during the swimming portion of a triathlon on July 8, 2023. This proposed rulemaking would prohibit persons and vessels from being in the regulated area unless authorized by the Captain of the Port Sector Buffalo or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before July 6, 2023.

 NPRM Notice of proposed rulemaking

II. Background, Purpose, and Legal Basis

On March 27, 2023, the Henderson Business and Community Council notified the Coast Guard that it will be conducting the Henderson Harbor Triathlon Starting at 8 a.m. on July 8, 2023. The swim portion of the triathlon will start and end at the Henderson Boat Launch and will be approximately 750-meters in length. This proposed rulemaking would prohibit persons and vessels from being in the special local regulation zone unless authorized by the Captain of the Port Buffalo or a designated representative.

The purpose of this rulemaking is to ensure the safety of life of the participants within the regulated area before, during, and after the scheduled event. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70041.

III. Discussion of Proposed Rule

The COTP is proposing to establish a special local regulation from 8 a.m. through 11 a.m. on July 8, 2023. The special local regulation would cover all navigable waters within a 750-meter marked swim course near the Henderson Boat Launch. The duration of the zone is intended to ensure the safety of swimmers before, during, and after the scheduled 8 through 11 a.m. swimming event. No vessel or person would be permitted to enter the special local regulation area without obtaining permission from the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a

“significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time-of-day of the special local regulation. Vessel traffic would be minimal due to the closure of the Henderson Boat Launch. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the special local regulation may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under

the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the potential effects of this proposed rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves a special local regulation lasting 3 hours that would prohibit

entry within the regulated area. Normally such actions are categorically excluded from further review under paragraph L61of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 1. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

Submitting comments. We encourage you to submit comments through the Federal Decision-Making Portal at <https://www.regulations.gov>. I. Introduction

On May 26, 2023, the Postal Service filed a petition pursuant to 39 CFR 3050.11 requesting that the Commission initiate a rulemaking proceeding to consider changes to analytical principles relating to periodic reports.¹ The Petition identifies the proposed

analytical changes filed in this docket as Proposal Two.

II. Proposal Two

Background. The Postal Service Reform Act of 2022² modified and expanded the Postal Service's ability to enter into interagency agreements (IAAs) to provide property and services to, or on behalf of, other government agencies. Specifically, 39 U.S.C. 3703 for the first time authorizes the Postal Service to enter into agreements with agencies of any state government, local government, or tribal government to provide property or nonpostal services to the public on behalf of such agencies for non-commercial purposes. At the same time, with respect to the Postal Service's pre-existing authority under 39 U.S.C. 411 to provide property and services to other Federal agencies, the PSRA specifies that "[t]he Postal Service may establish a program to provide property and nonpostal services to other Government [*i.e.*, federal] agencies within the meaning of section 411,³ but only if such program provides a net contribution to the Postal Service, defined as reimbursement that covers at least 100 percent of the costs attributable" 39 U.S.C. 3704.

Under the PSRA, the Postal Service must submit a report to the Commission after the close of each fiscal year. *See* 39 U.S.C. 3705(a).

Upon receiving the Postal Service's report and providing an opportunity for public comment, the Commission must make a written determination of compliance. 39 U.S.C. 3705(e).

Because the PSRA was enacted on April 6, 2022 (during FY 2022 Quarter 3), the Postal Service's first report responsive to this new statutory requirement was due December 29, 2022, covering FY 2022. In its report, the Postal Service stated that there were no agreements with state, local, or tribal governments pursuant to 39 U.S.C. 3703

² Postal Service Reform Act of 2022 (PSRA), Public Law 117-108, 136 Stat. 1127 (2022).

³ Prior to the enactment of the PSRA, the Postal Service's authority for these agreements was governed by 39 U.S.C. 411, which authorizes the Postal Service to "furnish property and services" to "Executive agencies within the meaning of [5 U.S.C. 105] and the Government Publishing Office. . . ." 39 U.S.C. 411. Section 105 of Title 5 of the United States Code specifies that an "Executive agency" means an Executive department, a Government corporation, and an independent establishment" of the U.S. Government, as those terms are defined in 5 U.S.C. chapter 1. 5 U.S.C. 105.

in effect during FY 2022.⁴ Pursuant to 39 U.S.C. 3705(a)(1), the Postal Service provided non-public information on costs and revenue for Federal IAAs that were in effect during FY 2022.⁵ In response to information requests, the Postal Service also provided non-public rate information with respect to Federal IAAs, and publicly reported the number of agreements, as well as the revenue, costs, and contribution for the program as a whole under section 3704.⁶

Because 39 U.S.C. 3704 requires that the Federal IAA program as a whole provide contribution to the Postal Service, *i.e.*, reimbursement that covers at least 100 percent of the costs attributable to such agreements, the Commission sought information in order to better understand the underlying cost models and methodologies used by the Postal Service in calculating and distributing costs to IAAs. FY 2022 ACD at 101. The Commission found that "[b]ased on the Postal Service's responses, it appears that the underlying cost models and methodologies employed by the Postal Service are, in some instances, underdeveloped." *Id.* Nevertheless, the Commission found that for purposes of the first compliance review of the overall Federal IAA program under 39 U.S.C. 3705(e)(2), the record reflected that the total reimbursement the Postal Service received from other Federal agencies for services rendered pursuant to IAAs effective in FY 2022 exceeded the total estimated cost associated with providing such services; hence the Federal IAA program as a whole complied with 39 U.S.C. 3704 for FY

⁵ *Id.* at 102. With respect to quality of service, in Docket No. RM2022-7, the Commission established certain reporting requirements for nonpostal services, including that the Postal Service shall provide quantitative measures of service performance for nonpostal services annually (or, where unavailable, qualitative descriptions). *See* 39 CFR 3055.25. Specifically for IAAs under 39 U.S.C. 3704, the Commission mandated that the Postal Service report the quality of service for the IAA program as a whole. *See id.* 3055.25(c). The Commission also specified that the reporting requirements shall not go into effect until the beginning of FY 2024 to allow the Postal Service to set service standards and (if needed) file a petition for an exception from reporting pursuant to 39 CFR 3055.3.
