

same area. This amendment would improve air traffic efficiency and reduce chart clutter in that area.

**The Proposal**

The FAA is proposing an amendment to 14 CFR part 71 to amend RNAV route Q-445 by removing the segments from the PAAK, NC, WP to the BRIGS, NJ, Fix. The remaining existing route segments from the SHAUP, OA (*i.e.*, OA means Offshore Atlantic), WP to the KYSKY, NY, WP would be retained. Those segments would continue to be used so that arrivals to airports on Cape Cod, MA, Martha’s Vineyard, MA, and Nantucket, MA, can bypass the heavy air traffic in the Philadelphia and New York City areas. This would allow safer and more efficient descents into those airports. The amended Q-445 description would read: SHAUP, OA, WP; VALPO, OA, WP; KYSKY, NY, WP.

**Regulatory Notices and Analyses**

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to

keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Environmental Review**

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

**SUPPLEMENTARY INFORMATION:**

## I. Background <sup>1</sup>

On April 20, 2023, the Commission published an SNPR in the **Federal Register**, proposing to issue a modified safety standard for portable generators under the Consumer Product Safety Act (CPSA; 15 U.S.C. 2051–2089), and seeking written comments. 88 FR 24346. The SNPR seeks to address the unreasonable risk of injury and death associated with acute carbon monoxide (CO) poisoning from portable generators. The proposed rule limits CO emissions from portable generators and requires generators to shut off when specified emission levels are reached. The SNPR is available at: [www.regulations.gov/document/CPSC-2006-0057-0118](http://www.regulations.gov/document/CPSC-2006-0057-0118), and CPSC staff's briefing package for the SNPR is available at: [www.cpsc.gov/s3fs-public/SupplementalNoticeofProposedRulemakingSNPRSafetyStandardforPortableGenerators.pdf?VersionId=xzwp.Npj8nNCxLf7Clp3zMVqLB1MrgE](http://www.cpsc.gov/s3fs-public/SupplementalNoticeofProposedRulemakingSNPRSafetyStandardforPortableGenerators.pdf?VersionId=xzwp.Npj8nNCxLf7Clp3zMVqLB1MrgE).

## II. The Public Hearing

The Administrative Procedure Act (5 U.S.C. 551–562) and section 9 of the CPSA require the Commission to provide interested parties with an opportunity to submit “written data, views, or arguments” regarding a proposed rule. 5 U.S.C. 553(c); see 15 U.S.C. 2058(d)(2). The SNPR invited such written comments. In addition, section 9 of the CPSA requires the Commission to provide interested parties “an opportunity for oral presentation of data, views, or arguments.” 15 U.S.C. 2058(d)(2). The Commission must keep a transcript of such oral presentations. *Id.* The Commission received requests to present and, in accordance with the requirement in section 9 of the CPSA, the Commission is providing a forum for oral presentations concerning the proposed standard for portable generators.

To request the opportunity to make an oral presentation, see the information under the **DATES** and **ADDRESSES** sections of this document. Participants should limit their presentations to approximately 10 minutes, excluding time for questioning by the Commissioners or CPSC staff. To avoid duplicate presentations, groups or participants with substantially similar comments should designate a spokesperson, and the Commission reserves the right to limit presentation

times or impose further restrictions, as necessary.
