II. Introduction

This notice informs the public of FHFA’s proposal to establish and maintain a new system of records. This notice satisfies the Privacy Act requirement that an agency publishes a system of records notice in the **Federal Register** when establishing a new or making a significant change to an agency’s system of records. Congress has recognized that application of all requirements of the Privacy Act to certain categories of records may have an undesirable and often unacceptable effect upon agencies in the conduct of necessary public business. Consequently, Congress established general exemptions and specific exemptions that could be used to exempt records from provisions of the Privacy Act. Congress also required that exempting records from provisions of the Privacy Act would require the head of an agency to publish a determination to exempt a record from the Privacy Act as a rule in accordance with the Administrative Procedure Act. Records and information in this system of records are not exempt from the requirements of the Privacy Act.

As required by the Privacy Act, 5 U.S.C. 552a(r), and pursuant to section 7 of Office of Management and Budget (OMB) Circular No. A–108, “*Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act*,” prior to publication of this notice, FHFA submitted a report describing the system of records covered by this notice to the OMB, the Committee on Oversight and Government Reform of the House of Representatives, and the Committee on Homeland Security and Governmental Affairs of the Senate.
