

6502, VA Enterprise Privacy Program; and VA Handbook 6300.4, Procedures for Processing Requests for Records Subject to the Privacy Act.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records for this system are retained as defined by its NARA approved Records Control Schedule, MP-4, Part X and within rules of the General Records Schedule (GRS). Per NARA practice, documentation for permanent electronic records must be transferred with the related records using the disposition authority of the related electronic records rather than the GRS disposition authority. Agency policy and responsibility for media and electronic sanitization is explicated in VA Handbook 6500.1, Electronic Media Sanitization. This Handbook sets forth policies and responsibilities for the proper sanitization of electronic media prior to repair, disposal, reuse or recycling. These guidelines are in accordance with Federal Information Processing Standard (FIPS) 200, Minimum Security Requirements for Federal Information and Information Systems; and NIST Special Publication 800-88 Revision 1, Guidelines for Media Sanitization. VA Directive 6371, Destruction of Temporary Paper Records, is Agency policy for the destruction of temporary paper records.

ADMINISTRATIVE, TECHNICAL AND PHYSICAL SAFEGUARDS:

VA will store records produced within this system of records in an area that is always physically and technologically secure from access by unauthorized persons. Only authorized personnel will transport records within this system of records. VA will process records produced within this system of records under immediate supervision and control of authorized personnel in a manner that will protect the confidentiality of the records, so that unauthorized persons cannot retrieve any records by computer, remote terminal or other means. VA will store records using FIPS 140-2 compliant encryption. Systems personnel must enter personal identification numbers when accessing records on the agencies' systems. VA will strictly limit authorization to those electronic records areas necessary for the authorized analyst to perform his or her official duties.

RECORD ACCESS PROCEDURES:

An individual wanting notification or access, including contesting the record, should mail or deliver a request to the office identified in the SORN. If an

individual does not know the "office concerned," the request may be addressed to the following with below requirements: PO or FOIA/PO of any VA field station or the Department of Veterans Affairs Central Office, 810 Vermont Avenue NW, Washington, DC 20420. The receiving office must promptly forward the mail request received to the office of jurisdiction clearly identifying it as "Privacy Act Request" and notify the requester of the referral. Approved VA authorization forms may be provided to individuals for use.

CONTESTING RECORD PROCEDURES:

An individual may request amendment of a record pertaining to him or her contained in a specific VA system of records by mailing or delivering the request to the office concerned. The request must be in writing and must conform to the following requirements: It must state the nature of the information in the record the individual believes to be inaccurate, irrelevant, untimely, or incomplete; why the record should be changed; and the amendment desired. The requester must be advised of the title and address of the VA official who can assist in preparing the request to amend the record if assistance is desired. Not later than business 10 days after the date of a request to amend a record, the VA official concerned will acknowledge in writing such receipt. If a determination for correction or amendment has not been made, the acknowledgement will inform the individual of when to expect information regarding the action taken on the request. VA will complete a review of the request to amend or correct a record within 30 business days of the date of receipt. Where VA agrees with the individual's request to amend his or her record(s), the requirements of 5 U.S.C. 552a(d) will be followed. The record(s) will be corrected promptly, and the individual will be advised promptly of the correction. If the record has previously been disclosed to any person or agency, and an accounting of the disclosure was made, prior recipients of the record will be informed of the correction. An approved VA notification of amendment form letter may be used for this purpose. An individual wanting notification or access, including contesting the record, should mail or deliver a request to the Privacy Office or FOIA/Privacy Office of any VA field station or the Department of Veterans Affairs Central Office, 810 Vermont Avenue NW, Washington, DC 20420.

NOTIFICATION PROCEDURES:

Notification for correcting the information will be accomplished by informing the individual to whom the record pertains by mail. The individual making the amendment must be advised in writing that the record has been amended and provided with a copy of the amended record. System Manager for the concerned VA system of records, Privacy Officer, or their designee, will notify the relevant persons or organizations whom had previously received the record about the amendment. The review must be completed as soon as possible, in most cases within 30 workdays from receipt of the request. If the anticipated completion date indicated in the acknowledgment cannot be met, the individual must be advised, in writing, of the reasons for the delay and the date action is expected to be completed. The delay may not exceed 90 calendar days from receipt of the request.
