The nature and objectives of the venture are to provide leading-edge modeling, simulation, and training solutions to increase warfighter readiness and enhance national security through the use of Other Transaction Authority.

The general area of TRex II's planned activities are to respond to requirements from the Army's Program Executive Officer for Simulation, Training, and Instrumentation (PEO STRI) to increase warfighter readiness via modeling, simulation, education, training, experimental validation, and military readiness focused projects. TRex II's planned activity is to conduct research, development, and prototyping of projects and projects in the following technology areas: Modeling; Simulation; Education and Training; Experimental Validation; Readiness; and Information Operations. The consortium was formed effective November 2, 2022.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—OpenJS Foundation

Notice is hereby given that, on April 10, 2023, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), OpenJS Foundation has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, Living Spec Inc., Gilbert, AZ; and Meta Platforms, Inc., Menlo Park, CA, have been added as parties to this venture.

Also, Coil Technologies Inc., San Francisco, CA, has withdrawn as a party to this venture.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and OpenJS Foundation intends to file additional written notifications disclosing all changes in membership.

On August 17, 2015, OpenJS Foundation filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on September 28, 2015 (80 FR 58297).

The last notification was filed with the Department on January 12, 2023. A notice was published in the **Federal Register** pursuant to Section 6(b) of the Act on March 17, 2023 (88 FR 16460).

Suzanne Morris,

Deputy Director, Civil Enforcement Operations, Antitrust Division.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Cooperative Research Group on In-Situ Measurement of H₂S To Validate Thermodynamic Calculations (“Seed Project”)

Notice is hereby given that, on April 3, 2023 pursuant to Section 6(a) of the National Cooperative Research and

Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), Cooperative Research Group on In-situ Measurement of H₂S To Validate Thermodynamic Calculations (“Seed Project”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, ExxonMobil Technology and Engineering Company (EMTEC), Spring, TX, has been added as a party to this venture.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and Seed Project intends to file additional written notifications disclosing all changes in membership.

On December 9, 2022, Seed Project filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on January 24, 2023, (88 FR 4210).
