[Project No. 2544–052]

Hydro Technology, Inc; Notice of Intent To Prepare an Environmental Assessment

On December 27, 2021, Hydro Technology, Inc filed an application for a subsequent license to continue operating the existing 1,200-kilowatt Meyers Falls Hydroelectric Project No. 2544 (Meyers Falls Project or project). The project is located on the Colville River in Stevens County, Washington. The project does not occupy Federal land.

In accordance with the Commission’s regulations, on March 28, 2023, Commission staff issued a notice that

the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major Federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare a draft and final Environmental Assessment (EA) on the application to license the Meyers Falls Project.

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues Draft EA	January 2024.
Comments on Draft EA	February 2024.
Commission issues Final EA	May 2024. ¹

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings.
